

EAGLE PT. GRANGE WOMENS PROGRAM WINS IN CONTEST

(Mrs. Gertrude Haak)

The last two regular meetings of the Eagle Point Grange were well attended, there being a special drawing card in the form of competitive programs staged between the men and women of the Grange.

The cast of the play included W. E. Davies, C. F. Davies, Wallace Dismore, Clarence Tingler, Harry Ward, Donald Ashpole, Neal Miller, Glen Lanning, Floyd Barrett, Lyle Smith and Chester Smith.

Those in the skit were A. C. Mittelstaedt, Roy Ashpole, Paul Ford and Chester Smith.

Mrs. Bertha Young was program captain for the ladies' side.

The judges, Mr. and Mrs. Tom Stanley of Lake Creek Grange and Mrs. Otto Caster of Phoenix Grange, voted the ladies as winners of the contest, and the lecturer, Mrs. Bitterling, announced that the men would pay the penalty in the near future by giving a banquet and putting on a lecture program.

October 14 was set aside by the master as "boosters' night" when a special program will be given.

C. F. Davies of the legislative committee spoke on the bus bill which will be on the fall ballot for referendum.

W. E. Davies of the education committee spoke on the report of the special education committee of the State Grange.

Mrs. Madeline Barrett reported on the County Recreational club meeting, promising some good things for the Grange in the near future.

The present Recreational club committee are Mr. and Mrs. Floyd Barrett, Mr. and Mrs. A. C. Mittelstaedt, Mrs. Bitterling and Lawrence Winlow, with Mrs. Barrett as chairman.

Mrs. Julia Davies, chairman of the home economics committee, announced that the Home Economics Club would meet with Mrs. Harvey Walters at Talent on Wednesday, September 28. The group will leave Eagle Point at 1 p. m., and all having no way to go will get in touch with Mrs. C. F. Davies or Mrs. Sam Coy. All Grange ladies are cordially invited to attend and a way will be provided for all.

Next regular meeting is Tuesday, October 4, and all Grangers are cordially welcome.

KLAMATH GIVEN COLD SHOULDER BY ROOSEVELT

(Continued from Page One)

hind two vigorous days in the Pacific northwest.

Mr. Roosevelt, in the Portland address, the third of the four major utterances he will make on his 31-day tour of the west, outlined his views on government ownership, public utility regulation, and of President Hoover, whom he designated "my distinguished opponent," he said:

Hoover Held Derelict.

"Since 1929 my distinguished opponent has done nothing to enforce the regulatory sections of the federal water power act.

"He has done nothing to block the financial operations incident to the great post-war development, as planned by its promoters.

"My distinguished opponent is against giving the federal government in any case the right to operate their own power business."

In his peroration, which he delivered dramatically, and which the crowd frequently interrupted with cheering, Mr. Roosevelt said:

"To the people of this country I have but one answer on this subject: 'the natural hydro-electric power resources belonging to the people of the United States or the several states shall remain forever in their possession.'"

"Judge Me by Enemies."

"Judge me by the enemies I have made. Judge me by the selfish purposes of these utility leaders who had talked of radicalism while they were selling watered stock to the people and using our schools to deceive the coming generation.

"My policy is as radical as American liberty, as radical as the constitution of the United States. Never shall the federal government part with its sovereignty and control over its power resources while I am president of the United States."

Of his "remedies for the regulation and control of public utilities engaged in the power business and companies and corporations relating thereto," Mr. Roosevelt declared:

Remedies Listed.

1—Full publicity as to all capital issues of stocks, bonds, and other securities; liabilities and indebtedness capital investment; and frequent information as to gross and net earnings; in other words, let's turn on the light.

2—Publicity on stock ownership of stocks and bonds and other securities, and this is a new one, the stock and other interest of all officers and directors.

3—Publicity with respect to all inter-company contracts and services and interchange of power.

FARMERS INQUIRE FOR INFORMATION ON ROGUE VALLEY

"True regulation is for the equal benefit of the consumer and the investor."

Referring to the collapse of the utilities formed by Samuel Insull, the former Chicago magnate, as a reason for stricter utility regulation, Mr. Roosevelt said:

"The Insull failure has done more to open our eyes than anything that has happened."

The "Insull monstrosity" as he called it, he continued, "grew during the years of prosperity until it reached a position where it was an important factor in the lives of millions of people."

After he left Portland, where he addressed also a farm gathering at Gresham, near the city, Mr. Roosevelt made platform appearances at several points in Oregon. His train is due to reach Sacramento at 3:10 p. m. Pacific time, and San Francisco at 7:10. He will remain at the Golden Gate until 10 p. m., September 23, and then go on to Los Angeles.

Painful Piles

Go Quick—No Cutting—No Salves. Itching, bleeding or protruding piles go quickly and don't come back. If you really remove the cause. Bad blood circulation in the lower bowel and hemorrhoidal veins causes piles by making the affected parts weak, flabby, almost dead. Salves and suppositories fail because only an internal medicine that stimulates the circulation and drives out the impure blood can actually correct the cause of piles. Dr. J. S. Leonard discovered a real internal Pile remedy. After prescribing it for 1,000 patients with success in over 900 cases, he named it HEM-ROID. Jarrett & Woods and druggists everywhere sell HEM-ROID Tablets with guarantee they will end your Pile misery or money back.

BUSINESS GROWTH SEEN IN AIR MAIL

Viewed as a possible indicator of improved business, the volume of air-mail carried by United Air Lines in August totaled 255,000 pounds—a 10,000-pound increase over the air-mail volume for July, according to the report issued today by Phil Sharp, Medford field manager. Eighty-five per cent of the air-mail transported is of a business nature, officials said. The August gain was particularly impressive in view of the fact that air-mail poundage in July had been less than that in June.

A total of 1,347,840 pieces of air-mail and approximately 2,500 passengers were carried on the Pacific Coast division of United Air Lines in the month. Passenger business on all the lines of United showed a gain of 11 per cent over July and 89 per cent over August, 1931.

The Jackson County Primary Council will hold its first meeting for this year on Saturday, September 24, at 1:30 p. m. in the auditorium of the Courthouse. All primary teachers of the county are urged to attend as there is to be an election of officers and plans are to be made for future meetings.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen. In 4 weeks I was 150 lbs. I now weigh 130 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one-half teaspoon of Kruschen in a glass of hot water in the morning before breakfast — it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Jarrett & Woods, Heath's Drug Store, Brown's Pharmacy, or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with genuine—money back.

"Nature in the Raw is seldom MILD"

OUTLAW OF THE JUNGLE
"Nature in the Raw" — as portrayed by the great animal painter, Paul Branson... inspired by the leopard's fierce fighting power and relentless hunt for prey which makes him the terror of every beast of the African jungle.

—and raw tobaccos have no place in cigarettes

They are *not* present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process; described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, let him build his house in the woods, the world will make a beaten path to his door." —RALPH WALDO EMERSON.

Does not this explain the world-wide acceptance and approval of Lucky Strike?
