MUSIC BENEFITS ARE RECITED IN LOCAL CAMPAIGN

Music, the Sunshine of Prosperity. (By Roberta Ward Bebb.) With the Civic Music campaign in full progress, it might be well to again remind those who think they "cannot afford to join," of the many beneficial reasons why they should become members, particularly this year.

As David ministered to Saul, as Parinelli ministered to King Philip V of Spain, so the musicians of America are now devoting their best efforts in the application of music to the great practical problems of the day.

Parinelli, the famous singer, received the fantastic annual salary of 50,000 francs in 1736 (about \$100,000 in 1932 money values) for curing the mental depression of King Philip of Spain.

The late bandmaster, Lieut.-Commander Philip Sousa, once remarked: "They say that music is a luxury. It is to anyone without a soul. Music is of no use to a chimpanzee. Music inspires, enriches and ennobles. It revivifies the soul. Surely, anything that does that is a necessity and not a luxury."

Music can do something to men and women which will straighten up their weakened vertebrae and stimulate their faltering hearts.

At the present time, Carnegie hall of New York city is offering free midday recitals on its magnificent organ. The purpose is to bring relaxation and inspiration into the lives of the jaded business man and woman.

WALTER JOHNSON GIVEN 'GATE' BY SOLON OWNER

WASHINGTON, Oct. 5.—(AP)—Walter Johnson, the smoking "Big Train" of baseball history, today was a cast-off from the Washington American league club, after four seasons as its manager on top of 20 years as its record-setting fireball pitcher.

No reason was given by Clark Griffith, owner of the Senators, in announcing last night that Johnson would not remain as manager. He said only that his contract had expired and was not to be renewed.

The name of a successor also was unknown. Griffith said he had no one in mind, while fans speculated on Joe Judge, veteran first baseman; Joe Cronin, ace shortstop; and Sam Rice, long a Washington fielder. Except for one year as manager of the Newark club in the International league, Johnson played only with Washington from his appearance as a gangling 19-year-old rookie from Idaho in 1907.

From his first game in 1907, which he lost to Detroit, 3 to 2, to his final hurrying in 1927, Johnson blazed his way through a trail of records. His strikeout mark of 3,487 still stands.

Here are some of the other things he did while a fast-ball artist: 1913, 56 consecutive scoreless innings; 1910, struck out three Philadelphia pinch hitters in a row; turned in a no-hit game against Boston in 1920; led the American league in strikeouts for 12 seasons.

In his first world series in 1924, Johnson won the deciding 12-inning tilt after losing his first two starts. He won two games in the 1925 series but lost the final.

LEICESTER, England, Oct. 5.—(AP)—Sweeping aside the objections of its leader, Arthur Henderson, the labor party conference today carried a resolution declaring the establishment of a socialistic state to be the main objective of the party.

The program for achieving this end probably would include nationalization of the Bank of England and joint stock banks, but it would not affect the constitutional position of the crown should the labor party come into power.

SEEK AGED TRAPPER AS WARDEN'S SLAYER

LILLOOET, B. C., Oct. 5.—(AP)—Police sought Frank Gott, 76-year-old trapper, today after two ranch employees saw A. P. Farey, game warden, shot and killed from behind as he stooped to examine a deer skin at Gott's camp.

A note found at Gott's place, police said, indicated he planned suicide. They said Gott and Farey had been enemies since the conviction of the aged trapper on charges of violating game laws.

DEMONSTRATIONS WILL AID RELIEF WORK IN COUNTY

Many people do not know that mutton can be cured successfully by smoking or that it is really an excellent product when canned. In view of the fact that there are thousands of aged ewes in the state of Oregon at the present time which are worth very little, demonstrations in curing mutton are being held throughout the state.

As part of the relief program this information is being given to residents of Jackson county through demonstrations to be held Thursday and Friday of this week, as follows: Slaughtering sheep at the ranch of Miss Alice Hanley, Jacksonville at 10 a. m., Thursday, October 6th. Cutting up and curing demonstration to be held at the Jacksonville Grange hall, 2 p. m., Thursday, October 6th. Cutting up and curing demonstration to be held at the Eagle Point Grange hall, 2 p. m., Friday, October 7th.

These demonstrations will be conducted by Harry Lindgren, livestock fieldman from Oregon State college, assisted by Mrs. Mabel C. Mack, home demonstration agent and R. G. Fowler, county agent.

Following the demonstration by Mr. Lindgren, Mrs. Mack will demonstrate recipes in different ways of canning and cooking mutton.

It is urged that as many as possible attend at least one of these meetings, as mutton is now one of the cheapest sources of conserving food for the coming winter.

TWO MEET DEATH IN AUTO SMASHUP

BAKER, Oct. 4.—(AP)—C. H. Bartlett, president of the Universal Window Cleaning Company, Inc., of Tacoma, and Thomas Sheridan of Seattle, an employe of the company, were killed this morning when the automobile in which they were riding overturned on the Old Oregon Trail one-half mile east of Durkee.

Paul Gieson of Seattle, the other occupant of the light coupe, was uninjured, except for a few scratches and a slight injury to the back.

The men left Seattle at 4 o'clock Tuesday evening for Salt Lake City, where they were scheduled to start cleaning the federal building today. The accident occurred when Sheridan, who was driving, failed to negotiate a curve and the car left the highway.

240 MOUNTAIN LIONS BRING LARGE BOUNTY

SACRAMENTO, Cal., Oct. 5.—(AP)—While big game hunters pay for the pleasure of hunting lions in Africa, California hunters get paid for hunting them at home. They aren't the original variety of big game lion, but the hunters claim they make an excellent substitute.

The state fish and game commission reports today scalps of 240 mountain lions—the greatest number in 20 years—were turned in for bounty.

HOPE FOR JOBS WAITS SOCIALISM

PORTLAND, Ore., Oct. 5.—(AP)—There will be no abolition of unemployment, Norman Thomas, Socialist nominee for the presidency, said here last night, until there is international socialism.

Thomas addressed a large meeting in Lincoln high school here last night in the interest of his candidacy. He outlined the Socialist program, including public ownership of utilities, banks and other industries, and declared he favors unemployment insurance.

The secret of capitalism, he said, is the increase of spending power, but he declared capital is "cutting wages and telling the people to buy more."

BLIND BUYING

Merchants would be amazed if their patrons attempted to shop BLIND-FOLDED... Such a thought would be out of the question.
