ATTENTION, INVESTORS!

We can loan you money to invest, industrial loans, and give first mortgage security on homes in your own home town. These loans will be for only about 4% to 10% of the real true value of the properties. These owners have been paying monthly on loans that have been paid down to a small part of the original loan, and consequently can offer very attractive security at the present time.

A loan to any of these owners is not only a safe investment, but would be very helpful to the borrower who is your neighbor, and through helping your neighbor you would help your town and yourself, and play safe at 8 percent.
