

### TACKLERS MUST STAY ON GROUND UNDER NEW RULE

#### Prohibition of Flying Tackle, Flying Block Aimed at Prevention of Injury — Use of Hands Is Limited

By William S. Langford, (Secretary, National Football Rules Committee.)

NEW YORK, Oct. 6.—(AP)—Prohibition against the use of the flying tackle and the flying block was adopted for the protection of the tackler and blocker rather than of the opponents whom they were trying to bring down.

The new rule states: "It is illegal to use a flying tackle in which a player dives or throws his body through the air at the ball carrier. It is legal for the tackler to leave his feet at the instant he makes contact with the ball carrier."

The provisions with respect to blocking are similar. If a player makes a flying block or a flying tackle, even though he falls to make contact with the opponent, his team is penalized five yards from the spot of the foul, except in case the flying block or tackle is used against a player who is making or who has made a forward pass when the penalty is enforced from the point where the ball was put in play.

This is the only instance in the rules where a penalty is imposed to prevent a player from doing injury to himself.

The only change in the rule governing the use of hands and arms by players on defense is that which forbids the tackler from striking above the shoulders with the palms of the hands.

Defensive players are permitted to use the palms of their hands above the shoulders of opponents only to push them out of the way in order to get at the ball or the player carrying it or to ward off interferers who are trying to block them.

### WHITE'S CHANCES FOR KAYO POOR

With ring statistics giving him only one chance in four, Herb White is over-confident that he will do the unusual by turning the tables on the hard hitting Reno scrapper, Benny Barker, when they meet in Saturday night's headliner at the armory.

The main event is carded over the eight-round route.

In the six-round semi-windup between the two big heavies, Jack Larson of Reno and Bob Christine of Medford, another knockout is in prospect, as both boys are hard hitters.

Three four-round bouts are also carded for the amusement of fight followers.

The four rounders have been matched from the willing mixers of a congregation of young fight prospects in the county and action games is expected.

### Negro Ring Phenom Stops Fred Lenhart

SAN FRANCISCO, Oct. 6.—(AP)—John Henry Lewis, 18-year-old negro schoolboy from Prescott, Ariz., continued his pugilistic climb here last night as he took a technical knockout victory from Fred Lenhart, Tacoma, Wash., in the fourth round of their scheduled 10-round bout.

Lewis weighed 122½ pounds to Lenhart's 176½.

### CIRCUS CATCH PRESENTS STOVE LEAGUE PROBLEM

MINNEAPOLIS, Oct. 6.—(AP)—A first-class problem was referred to the stove league today as Newark went into the sixth game of the little world series needing only one victory to win the annual duel between the International league and the American association.

Don Brennan, Newark's right-handed ace, who has delivered two of his club's three victories, was assigned to pitch against Dutch Henry, Minneapolis southpaw, who accounted for one of his team's two wins.

Through the stove league, echoes of yesterday's 12 to 9 victory for Newark are bound to roll, for it marked the longest dispute in the history of the series, instituted in 1917.

There was a 40-minute argument on the field on a question which decided the game and this debate was carried over into a hot debate lasting more than two hours, before the advisory commission, which split it on the moot point.

In the first half of the ninth, with the score 3 to 3 and two Newark batters out, Harry Rice, Minneapolis center fielder, dashed towards short in an effort to catch a low fly from the bat of Johnny Neun, Newark first baseman.

Rice made what amounted to a flying tackle, rolled over several times and came up with the ball in his hands. Before he arose, Jack Salzgaver, Bear second sacker, ran home from third.

Umpire Johnston at third ruled that Rice caught the ball, that Neun was out, and refused to allow Salzgaver to be listed as having scored. The Millers retired from the field and the Bears clustered around the umpires. The argument followed.

After several reversals, the last decision favored Newark, and with no play of protest, the Millers resumed play with Red Rolfe blasting the first pitch by Elam Van Oldier over the rightfield fence for a home-run, scoring two ahead of him. The Millers scored only once in their half.

### HOOVER ADVISED VISIT WEST FOR CAMPAIGN TALKS

(Continued from Page One)

The President. He was expected to decide within a few days whether to make more extended campaign plans.

Not only his close friends, but some of those along the route home urged the President to make more speeches.

At the final stop last night in Johnstown, Pa., a man in the crowd shouted, "We heard you last night in Des Moines. Give us three more like that and it'll all be over."

"Do you want some more?" the President asked.

"Yes," a chorus of voices replied. With the train pulling out, the President did not commit himself.

May Vote in California. Some of those who are urging the President to make a transcontinental tour are suggesting that he swing through the west to California in time to vote there election day, as he did four years ago.

Others are suggesting that he make another trip through the middle west. Johnston was the last of more than a dozen towns and cities stretching from Chicago past Pittsburgh, in which President and Mrs. Hoover made rear platform appearances to greet crowds ranging, according to police estimates, up to 15,000.

In one of the first of these appearances, at Ft. Wayne, Ind., the President delivered a prepared speech asserting that "widespread personal misrepresentations," which he said had been promulgated through the farm belt, were "deliberate, intolerable falsehoods."

No Formal Talks. At most of the stops, the President made no formal speeches but told the cheering crowds, "Your own welcome is the best speech that can be made."

At Canton, the President said: "This is the home of the beloved William McKinley. It was just 36 years ago that President McKinley fought the same issues we are fighting today, and he fought under less stress and duress than we are today."

"Canton gave McKinley its full measure of support, and I am greatly encouraged by the warmth of your welcome today."

The President shook hands with another candidate for President, Jacob S. Cooney, running on the Farmer-Labor ticket, at Massillon, where the famous leader of Cooney's army is now mayor.

### CALLISON SQUAD IS POLISHED FOR SATURDAY'S FIGHT

EUGENE, Ore., Oct. 6.—(AP)—As the coast conference clash with the Washington Huskies loomed but two brief days in the offing, Coach Prink Callison planned to send his Oregon University Webfoots into two stiff scrimmages today, one physical and one mental.

On the gridiron he prepared to buff them against what known plays the Huskies may spring in the Saturday afternoon struggle at the civic stadium in Portland.

In the conference room he planned to send them into a tussle against any inclination to over-confidence they might have because of their defeat of Santa Clara university last Saturday and the flood of flattering comments that since have been loosed against them.

The squad will go to Portland tomorrow morning for a brisk workout at the scene of Saturday's offensive. The same lineup that opened against Santa Clara will probably start against the Huskies, except that Captain Bill Morgan will be in at tackle instead of Eagle.

### SCHISSLER SQUAD SHOWS MORE FIRE

CORVALLIS, Ore., Oct. 5.—(AP)—Following secret practice against the freshmen, Oregon State college football of 30 left here late last night with Coach Paul Schissler for Los Angeles, where they will meet the Southern California Trojans Saturday. The team was showing much fire in the final workout and running the plays smoothly.

Coach Schissler did not announce his starting lineup, other than to say that Frank Little will be fullback and acting captain. He said, however, that somewhat the same eleven that started against Stanford at Portland Saturday will open against the Trojans.

### TURKISH GRAPPLER WINS IN PORTLAND

PORTLAND, Ore., Oct. 6.—(AP)—Mustapha Pasha, Turkish 186-pound wrestler, continued his winning streak here last night when he defeated Al Sparks, 208 pounds, Logan Utah, two straight falls within 30 minutes of actual wrestling.

Pasha took the first fall in 20 minutes, 41 seconds, with a crashing body slam, and the second in 6 minutes, 22 seconds, with the same hold. It was a rough exhibition throughout.

### Football Spirit Running High At Dear Old Joliet

JOLIET, Ill., Oct. 6.—(AP)—The football spirit is running high among the convicts of the state penitentiary, but there are going to be some drawbacks.

There won't be any cheer leaders, for one thing, and even if there were, there wouldn't be anyone to cheer—for the players are to be known only by their numbers and not by their names.

For a time Walter Nerathelmer, assistant warden, was worried about his prospects, but that's all over now.

"Last spring," he said, "after the parole board had graduated some of our best halfbacks, we were afraid that this year's squads would be pretty weak. However, the judges of the criminal courts have sent a number of our old stars back to us."

### HOOPER'S SPEECH WINS HIGH PRAISE

WASHINGTON, Oct. 6.—(AP)—President Hoover today received a telegram from Senator Vandenberg (R-Mich.), saying of the executive's Des Moines address that "compared to the speeches of your opponent and your other critics, you are what Sophie Tucker once called being 'wast in pigmies.'"

White House officials today made public more than a score of other telegrams. One from J. Keeley, former managing editor of the Chicago Tribune, said:

"That's the stuff to feed the troops."

### KLAMATH GNATS CAUSING MISERY

BEND, Ore., Oct. 6.—(AP)—An expedition which for formidable array and dignity of personnel had all the appearance of a scientific group in quest of "big game," passed through Bend Wednesday on the trail of tiny midges, members of the "No See Um" family of bothersome gnats.

Headed by Dr. E. T. Strauss of the State college, the group is destined for Klamath Falls, where plans will be made for the extermination of the insects which are dealing misery to Klamath folk.

The expedition included a biologist, an entomologist, a predatory animal control official, a member of the state game department and a botanist.

### P-T-A. COUNTY COUNCIL WILL MEET SATURDAY

CENTRAL POINT, Oct. 6.—(Sp.)—County council of the P-T-A. will hold an all-day session at the school house Saturday, October 8. The local P-T-A. will serve noon luncheon for which the charge has been reduced from 50 to 35 cents.

### SALE OF TICKETS TO AID CLOTHES SUPPLY FOR LOCAL JOBLESS

Money received by the women's division of the Jackson County Council for Relief of the Unemployed, from the sale of tickets to the Craterian theater this week, will be used in the supplying of the used clothing shop to be opened soon in the old city hall, and in providing other aid to the unemployed in the self-help program inaugurated in Jackson county, members of the committee stated today.

Supplying the needs of the unemployed, anxious to aid themselves, the committee pointed out today, is everyone's problem and one which must be met by the employed sooner or later.

All who expect to attend the Craterian theater during the month of October are urged to buy their tickets this week at the Box office of the committee in charge. The tickets will be accepted at the theater until November 5. But those purchased at the box office will not aid the relief program.

### ROOSEVELT BUSY ERE NEXT JAUNT

ALBANY, N. Y., Oct. 6.—(AP)—A brief interlude of state business is occupying Governor Roosevelt's attention before he sets forth on the last big drive in his campaign for the presidency.

Pleased at the outcome of what his staff feels was the last big problem of his campaign, the nomination of

Herbert H. Lehman for governor, Mr. Roosevelt today was making rapid progress with the pile of correspondence accumulated during his recent western trip.

Mr. Roosevelt took time out yesterday long enough to see newspapermen and tell them he had not decided whether he would ask Alfred E. Smith to speak in his behalf in his campaign for the presidency.

"Have you asked 'Al' Smith, to make any speeches?" he was asked. "We haven't considered that yet," said the governor.

### NOT CONSOLIDATION ... but a COSTLY EXPANSION!

The ZORN-MACPHERSON SCHOOL "JUGGLING" BILL AT TAXPAYERS' EXPENSE — ESTABLISHES 4 NEW SCHOOLS, CREATES 2 NEW TYPES OF SCHOOLS — BOTH UNTRIED AND UNNEEDED.

Under the guise of economy, unknown interests propose this extravagant building and wrecking program, which claims to be a consolidation of Oregon's higher educational system. There are five campuses now, and if this bill is approved, there will still be five campuses—after a raid has been made on the taxpayers' money!

The following facts will enable every taxpayer to prevent this experiment which endangers our higher educational system, and results in a tremendous financial outlay by taxpayers.

### 4 New Schools Established

This bill actually creates 4 NEW schools—a junior college at La Grande and Ashland; a law school at Salem; and a teachers' college at Eugene. In addition, it "junks" the Monmouth Normal School, valued at \$700,000, and uses but one-third of the facilities of the University at Eugene. This disarrangement will result in a tremendous financial outlay by taxpayers for additional NEW schools, NEW departments, NEW courses and NEW equipment. There are five campuses now. If this bill is approved there will still be five campuses; but, in addition, the taxpayers will be forced to erect new housing facilities for the University law school and library at Salem; provide NEW buildings and dormitories to accommodate the greatly increased student body poured onto the Corvallis campus; and equip two NEW junior colleges and a teachers' college with new and costly facilities for conducting a NEW and untried system.

### 2 New Types of Schools Proposed

Two NEW TYPES of schools are created by this bill—two junior colleges and a teachers' college—both untried and unneeded in Oregon. To educate students for junior standing in technical and scientific college courses, requires expensive laboratories and equipment, thus tripling the same facilities now maintained at the University and State College. The passing of this bill establishes the principle of STATE SUPPORT TAX for all or any junior colleges. Every town in the State of Oregon will then have the right to demand a junior college! Every legislature session will invite log-rolling bills for appropriations for new junior colleges in ambitious localities. Taxpayers of this state are asked to vote on this costly junior and teachers' college experiment, with every expenditure made at their expense.

In addition, this bill claims a saving of \$1,000,000 per year in taxes, BUT DOES NOT ACTUALLY REDUCE OREGON'S BASIC STATE TAX for higher education by a SINGLE PENNY. You will pay the same tax for state schools as you do now if this bill is approved.
