

QUESTION SANITY OF FIREBUG HELD BY POLICE HERE

A mental examination of Frank Milick, 20, admitted pyromaniac, who confessed to state police that he set fires in Brownsville and Klamath Falls and this county, within the past month, was held yesterday afternoon by County Physician C. I. Drummond, and another examination will be made today. It is expected that Milick will be ordered committed to the state hospital. The preliminary tests showed him irresponsible, it was reported.

Klamath Falls fire department officials visited this city yesterday and interviewed Milick, who confessed he set fire to the White Pine Foundry company and Ellingson lumber plants in that city. Positive identification of Milick, as the man seen near the "pumper" during the blaze was made except as to clothes. Milick admitted he wore a brown suit in Klamath Falls, and that it was now hidden in a barn near Phoenix. State police searched the Phoenix area yesterday, but were unable to find the suit.

The Brownsville and Klamath Falls fires entailed heavy losses.

State police yesterday located Milick's step-father at Olympia, Wash., where he is employed on construction work. He will be questioned, Milick sold the family auto at Brownsville for \$5, he claims and when that meager sum was gone, set fire to the business district of Brownsville to obtain groceries and another auto, if possible, during the excitement. Milick's family then started "hitch-hiking" with the army of transient indigents.

So far the authorities have been unable to discover any glaring discrepancies in Milick's story of his firebug activities in this state. His signed statement says he was born in Pueblo, Colo., and that he started setting fires when 10 years old, for "a thrill."

The evening ensemble above was one of the attractive models exhibited at a fall and winter style show in New York. Fashioned of white silk crepe, the gown has a red cape.

Accident on Bridge—Frances Wilson of Gold Hill and Louise Connor of Medford filed reports at the city police station of an accident on a bridge between here and Gold Hill, last evening at 8 o'clock.

MEDFORD SENDING HUGE DELEGATION YREKA FESTIVITY

A large delegation of local citizens will leave tomorrow morning to attend the "Gold Rush" celebration at Yreka. Medford's participation is being handled by the Crater club which will be represented by the Elks band and a number of stunt features as well as a big delegation of Craters.

Two Pacific Greyhound stages have been chartered by the Crater club to transport their members and the Elks band and will leave the chamber of commerce at 9:30 a. m. tomorrow. A few seats have been reserved for members of other local service clubs who may secure passage by phoning the chamber of commerce this evening.

Scores of private cars will make the trip according to present indications and will be given Medford stickers at the local chamber of commerce tonight or tomorrow. Badges in the form of a Medford bear will also be furnished each local citizen. Everyone is urged to secure badges and stickers to identify the Medford delegation while in Yreka and to show the northern California citizens that Medford is taking an active interest in their pioneer celebration.

Word received from Ashland indicates that the Lithia City will send a large delegation including the Legion Klittle band and the National Guard company.

Following is the program of Saturday's events at Yreka:

SUNTAN SEEN AGAIN AT MONTE CARLO

MONTE CARLO—(AP)—Suntanned skins are in again. At a recent fashionable party here many of the smartest continentals appeared, with

arms and shoulders richly tanned, in striking contrast to their white evening frocks.

Decorative sandals, consisting of little more than a sole and a few straps, replaced the regulation evening slipper in the favor of the amateur women.

In Klamath Falls—Michael Beck, local baker, is spending several days in Klamath Falls, attending to business interests.

WOMEN UNITE TO BATTLE MERGING STATE'S SCHOOLS

Completing an organization to oppose passage of the Zorn-MacPherson bill to merge Oregon's schools of higher learning and to convert the Southern Oregon Normal school into a junior college, which is believed to be a step toward complete elimination of the southern Oregon institution, a number of women met at the Hotel Holland yesterday afternoon and were addressed by J. H. Fuller, president of the "Save the Southern Oregon Normal" association.

Mrs. D. Peruzzi, president of the recently organized Ashland league to promote registration of all voters, and nine other women were present from the Lithia City.

A Medford committee to carry on an intensive campaign, aimed to defeat the measure, was formed yesterday and is headed by Mrs. J. C. Mann, chairman. Other members are Mrs. Edwin L. Knapp, Mrs. E. E. Gore, Mrs. Lewis Ulrich, Mrs. Glen Fabrick, Mrs. H. B. Nye, Mrs. C. B. Arnold and Mrs. Louis Brown.

Mr. Fuller emphasized to the members the dangers involved in converting the Southern Oregon Normal school into a junior college. All successful junior colleges, he stated, are located in a very thickly populated area. A junior college at Ashland would soon die a natural death through lack of support and then southern Oregonians would find themselves without a school. No provision for the support of a junior college at Ashland has been made and there is no assurance that one ever would be made. A normal school appropriation has been provided.

A survey of the Ashland district was made last week by the Women's Citizenship league and 200 unregistered voters were contacted. A campaign is now being waged in the neighboring city to encourage all persons of voting age to register. Those who have changed addresses since the last election are urged to re-register before 8 o'clock tomorrow night.

In Ashland tags have been printed which read: "I am registered." They are worn by those who are to encourage all other citizens to register and to vote.

Many people, the Ashland delegation also stated yesterday, are of the impression that a "yes" vote on the bill will save the Ashland normal. The Ashlanders are correcting the misunderstanding through widespread publicity and urging all southern Oregonians to vote "no."

A house-to-house canvass was made in Ashland, and the Medford women are asked to show equal interest in the drive to maintain the normal school, from which this city as well as Ashland, derives an important revenue.

Claims are being made by proponents of the bill to the effect that all students of freshmen and sophomore standing would attend the junior colleges instead of the university and college. It was also learned yesterday. Such claims are being made in the normal school cities and are recognized as false statements, aimed to save citizens strongly opposed to discontinuance of the normals.

To Game—Miss Arlene Hay of Central Point is among those who will attend the football game tomorrow in Portland, between Oregon and Washington universities.

"a more pleasing taste and aroma"

Enough Turkish, but not too much, that's Why!

Turkish tobacco is to cigarettes what seasoning is to food. You don't want too much seasoning in food. Or in a cigarette. But you do want enough! Chesterfield uses just the right amount of Turkish tobacco. Not too much, but just enough to give to Chesterfield a better taste and aroma.

Smoke a Chesterfield... and taste the difference!
