

KIDNAPED BANKER FREED UNHARMED WITHOUT RANSOM

CHICAGO, Oct. 11.—(AP)—Some-what unharmed but otherwise un- harmed, Norman B. Collins, Chicago banker, was back at his home today after having been freed by kidnapers who released him, and escaped a trap police set for them. No ransom money was paid.

Collins, held captive for 12 hours, was set free when the five men who had seized him and his wife yesterday morning near their home in pe- trician, Wilmette apparently became alarmed at the headlined activities of officials investigating the affair. Mrs. Collins had been released earlier.

When she returned to her home, she found a note thrust under the door, directing her to drive along a designated route in northwest Chi- cago, with the ransom demanded, \$5000.

Operatives of the secret six, Chi- cago anti-crime organization, were enlisted, and Alexander Jamie, head of the body, dressed one of his men in Mrs. Collins' clothes, placed him in her car, and sent him on the course outlined by the kidnapers. In the rear seat was another official, armed with a machine gun, and other officials were disguised and planted along the route. The kidnapers did not appear.

Following his release, Collins went to a drug store where he telephoned his wife.

Jamie said the abduction appar- ently was the work of inexperienced kidnapers.

CALL MEETING ON CITY AND COUNTY RELIEF PROBLEMS

(Continued from Page One)

the solution of the unemployment and relief problems.

Community Chest officials confer- red yesterday with Judge Lamkin and Mayor Wilson, both of whom are anxious to have the necessary organization perfected for the hand- ling of these problems, and a defi- nite program for action will be pre- sented by Hamilton Patton, chairman of the Community Chest budget committee, based on the establish- ment of a central agency through which all relief work will be cleared.

Centralization Urged

In their meeting yesterday, direc- tors of the Community Chest strong- ly recommended the centralization of all relief activities.

Harry G. Moore, manager of the Association of the Unemployed, re- ported that his visit to Klamath Falls over the week end had been convinc- ing of the necessity for centralized organization. "In Klamath county," stated Mr. Moore, "all of the relief work has been placed under one head, and their organization has been functioning for over a year. The results of their work there can easily be seen, and, although Klamath county's problem is possibly much worse than in Jackson county, they have accumulated sufficient supplies to satisfactorily handle the problem. There are over 800 families being supported by the county organiza- tion here at the present time."

Mr. Moore also stated that those in charge of the relief activities in Klamath county will be glad to give those interested in the problem in Jackson county the benefit of their experience in handling relief work.

KLAMATH LIQUOR TRIO GET TERMS IN FEDERAL PEN

(Continued from Page One)

tended to serve a year in a federal road camp, and paroled. The court said that leniency was extended to Triplet because "you did not take the stand and testify to things that were not true." The district attorney admonished Triplet to "stay away from pool halls and taxis" in the future.

In the case of Merrill Burnap and Lloyd Seaton, Klamath Falls youths and taxi drivers, also found guilty, the court declared "judgment will be reserved until a later date, as the court desires to make further in- quiry relative to their mistaken loy- alty of youth; to this nefarious con- spiracy, when they took the stand and testified to things that were not so."

In the case of William Gilmore, 60, of Klamath Falls, the court asked for facts and recommendations from the district attorney. It was stated that Gilmore's connection with the liquor conspiracy was minor, Gilmore was arrested in California last week, and entered a plea of guilty.

KENO SCHOOL GIRL ATTEMPTS SUICIDE ON HIGHWAY SPAN

(Continued from Page One)

checkup today on the details of this story.

PORTLAND, Ore., Oct. 11.—(AP)—Elmer Schultz, 23, shot and killed himself as he sat at the wheel of a car with his wife today, police de- tectives reported. He died instantly from a bullet wound in the temple.

Police said Mrs. Schultz, 18, told them her husband carried a revolver when he came downstairs. He did not speak to her, she said, and she knows of no reason for the act. She said they had not quarreled. They were married a year ago and Schultz had been steadily employed.

WASHINGTON, Pa., Oct. 11.—(AP)—The body of Simon S. Baker, former president of Washington and Jef- ferson college, was found in a field two miles northeast of Washington by a pipe line walker today. Police said he apparently had committed suicide.

Dr. Baker, who disappeared in Pittsburgh yesterday, had been shot once through the head. His left hand grasped a pistol.

County Detective W. B. Dinamore said Dr. Baker apparently had shot himself about 8 o'clock last night.

The aged educator had brooded since he resigned as president of Washington and Jefferson last year. The school was his alma mater and he had headed it 10 years.

APPLIGATE GOAL MISSED BY LADS

KLAMATH FALLS, Ore., Oct. 11.—(AP)—Two adventurous Salem lads, 12 years old, picked up last night near Keno as they were enjoying a roast duck shot with an argun, awaited the arrival of their parents here today.

The boys, George Barham and Ed- gar Teike, slept soundly in the coun- ty jail here last night after state police had discovered them camping on the highway. They had run away from home Saturday.

At Crescent lake they were told to "look up Lloyd Low at Klamath Falls." They lost the address, how- ever, and never learned that Low was the sheriff of the county. When state police found them they were on their way to Applegate, near Medford.

W.C.T.U. Conclave Opened In Salem

SALEM, Ore., Oct. 11.—(AP)—Reg- istration for the state W. C. T. U. convention numbered 120 early this morning, officers stated, with the opening banquet set for 6:30 o'clock here tonight at the First Methodist church. The present political cam- paigns are adding interest to the out- come of the sessions here.

Used at that first stuffy, sneezy irritation—Nature's usual warning that a cold is coming on—many colds are avoided altogether. Amazing relief, too, for discomforts of Head Colds and Nasal Catarrh.

Makes Possible Vicks Plan for Better CONTROL-OF-COLDS

This new aid in preventing colds and Vicks VapoRub for treating colds form the new Vicks Colds-Control Plan. Used as directed in each package, Vicks Plan makes it possible for you this winter to cut the number and costs of colds in your family more than half!
