

DEMOCRATS OPEN COUNTY CAMPAIGN IN ASHLAND MEET

At a rousing rally, attended by more than 200 followers of Democratic principles, at the Ashland armory last night, the Jackson county Democratic campaign was officially opened and will be continued from now until election day with all efforts concentrated upon election of the state and county tickets as well as promotion of Franklin D. Roosevelt's success in the presidential race, Frank DeSouza, chairman of the Jackson county Democratic central committee, announced.

Chairman DeSouza presided at the meeting and candidates for practically all offices of the county, as well as several state nominees, were seated on the stage. The speakers for the evening were: Walter B. Gleason, Democratic nominee for congress, and Alfred P. Dodson, candidate for attorney general, opposing Attorney General Van Winkle.

County candidates were introduced by Mr. DeSouza, who urged that all Democrats be placed in office. "In order to assure a successful future under the leadership of Governor Roosevelt." Among local nominees were: Edward C. Kelly, candidate for the state legislature from this district; H. A. Autry, nominee for county treasurer; Lewis Ulrich, candidate for county clerk; George Coding, seeking re-election as district attorney; Tom Pankey, seeking the position of county commissioner; Noel Heard, assessor nominee; Gordon Schermerhorn, sheriff candidate; W. E. Phipps, Democratic candidate for county judge.

Mr. Starkweather in his appeal to the people for inauguration of better government in the United States, reviewed the activities of the Republican party, beginning with the Harding administration in 1921. "The corruptness, growing out of his term as president," he described as "the most deplorable blotch in American history." Since the Harding administration, he further stated, similar but more subtle activities for the supreme concentration of wealth have continued.

Mr. Gleason in his address came out unreservedly for repeal of the Eighteenth Amendment and payment of the soldiers' bonus. Attorney Dodson condemned the present administration of the office of attorney general and presented statistics.

Following the addresses the remainder of the evening was devoted to dancing.

FIREBUG PLACED IN STATE ASYLUM

Frank Milick, 30, self-admitted pyromaniac and parole violator from the Arizona state hospital, was ordered committed to the state hospital at Salem yesterday. He will be taken to the institution within the week. Milick confessed to setting fire to an Applegate barn, and a Talent district residence in this county, and to setting fires in the past month at Klamath Falls and Brownsville, Ore., both entailing heavy damage. He also admitted planning to set fire to the Palace hotel in Grants Pass.

Milick, with his father, were transient indigents wandering through the three coast states. They started from Arizona, Milick confessed to the authorities he possessed an irresistible mania for setting fires. He admitted that he set the Brownsville fire, in order to steal groceries and possibly an auto during the excitement. Milick sold his old auto at Brownsville for \$5 and when this sum was spent set the blaze.

The state police have carefully checked Milick's statements, and have been unable to find any glaring discrepancies in his story.

BAGLEY CANNERY NEAR END OF TOMATO PACK WITH 30,000 CASES UP

ASHLAND, Oct. 12.—(Sp.)—With approximately 30,000 cases of the 1932 tomato pack, said pack and tomato juice, completed, the pack at the Bagley cannery will be completed within the next few days.

The plant will likely be idle for about a week, when the apple pack will be started. This will not be

nearly so large as the tomato pack and will be handled within a short period, just as soon as the apples ripen.

Approximately 11,000 tons of tomatoes were purchased from tomato growers of the district, for the 1932 pack, according to Ralph Kowser, plant manager. There were approximately 200 employed at the plant during the peak season.

Operation of the plant for the tomato pack started approximately two months ago, but the pack was materially delayed due to cool weather which prevented the ripening of the crop.

An exceptionally fine advertising campaign has been carried on by the merchandising organization of the company, and the quality of the to-

mato juice pack is expected to go far toward popularizing tomato juice on the Pacific coast.

Dependable Insurance Is The Only Kind Worth Having

When insuring your property make certain that you are assured of fair and speedy settlement of claims. Losing your property is tragedy enough without having to worry about settlements. The dependable fire, casualty and automobile companies we represent have gained the reputation of settling claims promptly. It's a big help to get prompt action when in urgent need of money. But in order to do this, the companies must have prompt payment of premiums in accordance with their rule of either cash or forty-five days from date of policy. We do not have mutual, reciprocal or out-rate companies.

On an automobile accident I am forced to go to the hospital and will be away for a short time, but Mrs. Gertrude Fredenburg Greb, who has had seven years experience in accounting and insurance, Mrs. Mabel Showers and my brother A. L. Wakefield, will have charge of the office during my absence. Also P. J. Newman and Geo. Neilson, Attorneys, will represent my agency.

I have been serving friends and clients here for the past twenty-four years and have always been glad to extend time on payments, but at this time I am very much in need of some settlement of your accounts and your prompt attention to same will surely be appreciated.

Very truly yours, J. W. Wakefield Agency By "Jack" Wakefield.
