Hoot Gibson Comes To Holly's Screen

"The Midnight Patrol" is showing for the last times at the Holly theatre tonight. A very fine program of short subjects is on the bill along with this most interesting feature. Tomorrow's program will present another picture for those who like the cut-of-dock pictures and will show Hoot Gibson in "A Man's Land." This is said to be one of the best pictures of this western star to date.

Football Picture Coming, Craterian

Whether you are a football or contract fan, you can't afford to miss seeing "The All American," the thrilling football drama showing at the Craterian theatre Friday and Saturday. This tremendously interesting picture presents more than a score of famous football stars in hard fought games on the gridiron, including the 1931 All America Team, but it also tells a swift-moving love story which is filled with dramatic incidents and novel situations. Among the football heroes seen in action in "The All American" are "Red" Cagle, Ernie Nevers, Albie Booth, Marcy Schwartz, Jerry Dalrymple, Galtu Shaver, Frank Carideo and many others.

The acting cast is headed by Richard Arlen and Gloria Stuart and also includes James Gleason, Preston Foster and June Clyde. An interesting short subject on this program is "Ma's Pride and Joy" featuring Donald Novis, late of "Cocoanut Grove."

Ricardo Cortez in Picture at Rialto

"What Park Row drunkard flipped the chip from whose wrong shoulder and woke up to find himself a cigar store Indian? And was his face red?" "The rowdy-dowdy dowerer who wore two gigoles last night (one on each chin) will probably turn this on take a cold shiver."

The breezy wise-cracking role of a chatterer on a New York morning tabloid, with his column filled with scandal such as the above, is played with perfection by Ricardo Cortez in the Rialto theater's feature attraction for today and tomorrow, "Is My Face Red?"

My Beauty Hint

MARGARET LINDSAY Good teeth are of utmost importance from the standpoint of health—for beauty, they are vital. My beauty hint, therefore, has to do with their daily care. I keep a supply of tooth brushes on hand, and never use one too long. I use a mouth wash frequently, and find that dental floss is as essential as a tooth brush. One of the simplest aids in keeping the teeth in order is massage of the gums. I find, A soft tooth brush will serve for this.

Queen of Models Rules Style Realm; She's New York's 'Miss Fifth Avenue'

By William Gaines NEW YORK—(AP)—Meet "Miss Fifth Avenue," the most stylish model on the avenue of style. Her name is Leone Sousa, and she's a brunet five feet-10 1/2 inches tall. She's 23 years old and her weight is 130 pounds.

A committee of stylists chose Miss Sousa as "Miss Fifth Avenue" in connection with the observation of the Fifth Avenue association's twenty-fifth anniversary. Shops along the street nominated their leading models, and she won over 25 finalists. Miss Sousa was born in Elsinore, Calif. When she was attending high school, her teachers "flunked" her because they said she wasn't proficient in her sewing work. That came as quite a blow to her then, she recalls, because at that very time she was making her own tailored suits. Very becoming they were, too, as Miss Sousa remembers them.

The title "Miss Fifth Avenue" came to the former California girl not only because of her ability to wear creations at the exclusive shop where she works, but because she is such a stunningly gowned girl on the streets as well. And, a large number of the frocks and hats that have brought her her reputation are her own creations. She designs and makes them herself.

Now her highest ambition is to have a Fifth Avenue style shop of her own. That has eclipsed her earlier goal—a stage career which lured her to New York.

Miss Sousa has a good soprano voice, and still is cultivating it. This season she will go into another musical production here. "I just use the stage to make money now," she says. "When I have enough, I'm going to open my own shop."

At 17 she left high school and started singing in clubs in Hollywood and Los Angeles. She turned down opportunities in the movies because the New York stage appealed to her more. This past summer she was with the municipal opera company in St. Louis. Two and a half years ago she found it helpful to get her purse to model in her spare time. When a group of models organized the Models' Guild, she joined them.

Miss Sousa is quite a sportswoman, also. Riding and tennis are her favorite diversions. She does some swimming but here's a tip to girls: "Miss Fifth Avenue" emphatically is not a sun tan enthusiast. She thinks a fair complexion is one of a girl's greatest charms.

Jenkins' Comment

"CHAMP CLARK used to say," says Congressman Butler, "that it takes a new congressman ten years to serve his apprenticeship and really begin to get onto his job. 'I didn't believe that when I first heard it stated, but I'm beginning to see that it's true. Members of congress have a big job, and they don't get onto it in a few days. It takes time, just like any other job.'"

DEMOCRATS INVITE HOOVER SPEAKERS TO PRESENT CASE

Any local Republican, wishing to speak in behalf of the re-election of President Hoover is invited to appear on the program of the Young Democratic club of Medford at the next meeting of the club, called for Wednesday, October 19, at the new county court house, according to announcement issued today.

The only requirement will be that the G. O. P. speaker allow a Democratic leader corresponding time to answer his claims and refute arguments advanced for keeping in office President Hoover. Other Republicans of the city are also asked to attend, if they desire, in order that the speaker, if one accepts the challenge, will not have to address an all-Democratic crowd.

The Young Democrats are anxious to promote discussions in their organization. Moore Hamilton, president, and Edward C. Kelly, program chairman, stated this morning and are perfectly willing to share the floor with Republicans. The club is non-partisan in spirit, although promoting the election of Franklin D. Roosevelt for president, and welcomes the introduction of ideas from all quarters. A large attendance is anticipated for the next Wednesday meeting.
