AUTO SMASHUP IS BASIS OF DAMAGE HEARING IN COURT

The damage suit of Mrs. Amelia Matthews of Grants Pass against A. E. Baldridge of Los Angeles, California, for \$10,000 alleged damages as the result of an auto accident on the Pacific highway near Grants Pass, was underway in federal court, before Federal Judge Alger Fee today. The Matthews formerly lived on Footh Creek, this county, where they owned mining property.

The plaintiff claims that she received permanent injuries, as a result of the crash, sustaining severe injuries to her hip and back, which impaired her health. Her husband was on the stand this morning, and testified to the state of her health.

Under cross-examination, Matthews at first denied his wife had ever undergone a severe accident, but later admitted that two years or so before the auto mishap, she had fallen down stairs in her home and sustained a broken arm.

The defense is represented by Attorney A. E. Reames, and the plaintiff by Attorney Gus Newbury. Baldridge is connected with the Fire Protective Association of Los Angeles. The case is expected to go to the jury late today.

The case of Mary Allen of Portland against her father, A. C. Allen, for the revocation of a trust fund trusteeship, is the next case on the federal docket. A trust fund amounting to \$60,000 is involved. The plaintiff seeks to have the trust placed in her own hands.

TEACHERS OPPOSE MERGING SCHOOLS AND DRY REPEAL

(Continued from Page One)

scher, Central Point; Eugenia Carson, Washington school; Ashland; Mrs. Elmo Russell, Lincoln school, Medford; Ralph Bailey, Senior high school, Medford.

The program of the second day of the Jackson County Teachers' institute was nearing completion this afternoon at the senior high school with a good attendance continuing. Resolutions will be presented this afternoon and officers of the Jackson county unit of the O. S. T. A. will be elected, also delegates to the state convention.

Leading speakers on the yesterday afternoon program were Dr. Walter Bedford, president of the Southern Oregon Normal school, and George Neuner, United States district attorney, who defended the prohibition law, opposing vehemently repeal of the state law. The measure, he stated, is aimed to repeal the Anderson act, providing for creation of law enforcement bodies, not the dry law itself. It would leave Oregon with a dry law, but without officials to enforce it, outside of the federal officers and federal judges, he said.

Under such a program, he further explained, it would take three years to get a case tried. Removing the ban on liquor, he declared, would soon lead to removing the ban on dope. As a solution to the present difficulties realized under prohibition Attorney Neuner recommended voting dishonest and incompetent officials out of office.

Attorney Neuner also opposed, without any reservations, the Zorn-Macpherson bill for merging of Oregon's schools of higher learning.

Prof. H. S. Tuttle, who spoke yesterday afternoon, was also chief speaker on the morning program today. He chose as his subject "Efficiency and Progress." The remainder of the morning session was given over to departmental discussions. The mutual contribution to the program was made by the Jackson school boys' chorus, under the direction of Mrs. Jeanne Laidley.

In the afternoon the Girls' Glee club of the high school, under direction of Miss Harriet Baldwin, and the Roosevelt Glee club, under Miss Eleanor Curry's supervision, entertained with a number of songs.
