DAN POLING WILL SPEAK HERE NOV. 1 FOR PROHIBITION

A larger attendance, greater attention to campaign details, and increased enthusiasm characterized the second meeting of the Jackson County Civic League held last night at the Y. W. C. A. residence on North Bartlett street. Col. W. H. Paine, chairman at large, presided, in the absence of Walter Leverette, president, who was out of town. The constitution, drawn up and presented at the initial meeting, was formally adopted.

In answer to numerous inquiries relative to membership in the league, officers wish to state that those eligible consist of three members of county churches or other organizations in sympathy with the movement. Ashland churches were last night reported as standing 100 per cent for the present Oregon state law regarding prohibition and the 18th amendment, for the churches represented being First Christian, First Methodist, First Presbyterian, First Church of Christ, Scientist, First Baptist, Nazarene, Free Methodist, Four Square Gospel, Seventh Day Adventist, Church of the Brethren, Congregational. Representatives from the W. C. T. U. of Ashland were also in attendance, including Mrs. Grace Andrews, Ashland newspaper woman, who will attend to publicity for that unit.

Literature, stickers, and many other forms of publicity and advertising will be used extensively by the league in spreading prohibition education and offsetting false propaganda, it was stated. Transportation for voters will be arranged and the plan for talks in churches and schools by "minute men," so successfully carried out last Sunday, will be continued and extended over a larger territory.

Among the more important announcements made at the meeting was that concerning the Oregon State Grange, which was declared to be heartily in accord with the aims of the league. Members were also gratified that Dr. Daniel Poling of the Allied Forces for Prohibition would be in Medford November 1 for a public address. Plans were also considered for the giving of a chalk talk and address by Rev. E. G. Masters of Granite Pass.

The next meeting will be held Tuesday evening, October 22, same hour and place.

Bronchial Troubles Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)
