

MONARCH SEED COMPANY OPENS NEW STORE HERE

Greeting old friends and new at its beautiful store at the corner of North Bartlett and East Sixth streets, the Monarch Seed & Feed Store will hold open house tomorrow (Saturday). Two pounds of Crown flour will be presented free to each adult who visits the establishment during the opening, and corsages have been provided for lady callers.

The Monarch was founded in 1910 by Leo J. Miksche and his son, Raymond, in the building now occupied by Lamport's. Raymond R. Miksche now owns and manages the business, with the assistance of his brother, Robert, the second member of the firm.

For 18 years the popular store at 323 East Main street furnished hundreds of Rogue River valley ranchers and farmers with seeds and feeds, each year securing many new customers, until it became practically impossible to accommodate their patrons in such small quarters.

The new store is 100 feet by 40 feet, covering a total of 4000 square feet, and as a result of extensive remodeling and decorating, the Monarch's fine home is one of the most attractive business houses in Medford. Better parking facilities are available at the new quarters and the location is near to the city's busiest shopping area.

Artistic window displays have always been featured by the Monarch Seed & Feed Company's management, and the new store's additional window space will afford even more interesting exhibits. High quality poultry supplies, feeds of all kinds, garden and field seeds, spray materials, insecticides and sprayers are some of the products offered at the Monarch Seed & Feed Store.

One of the finest and largest feed milling plants in the state is operated by the Monarch on South Fir street.

Arrested in Mine War

Corporal Russell Myers (above), guardman, of Peoria, Ill., was placed under military arrest after a shot fired by him killed a miner during disturbances among striking miners near Taylorville, Ill. (Associated Press Photo)

BOSTON WOOL MART FAVORS BUYERS

BOSTON, Oct. 21. (AP) — The Commercial Bulletin will say tomorrow: The demand for wool has been slow but there has been piecemeal sales in a small way of nearly every quality at prices which have been fairly well maintained, on the whole, although it must be said that the market is still in favor of the buyer.

Some three million pounds of fall wools have been sold in Texas at prices reported as ranging from 10 to 11 1/2 cents.

Amazing! How good a Syrup can be

TRY Amaizo Golden Syrup on your waffles, pancakes or fried mush and you will be surprised that pure sweetness can be so deliciously different.

The children will want it on bread between meals. All right, give it to them. Amaizo is in energy builder and "sets well" in their stomachs.

The first syrup to be accepted for infant feeding by the American Medical Association. Surely a guarantee of its easy digestibility.

Foyairplane free with each can at your grocer's.

AMERICAN MAIZE-PRODUCTS CO. 80 East 42nd Street, New York City

The foreign markets have been slightly in favor of the buyer this week. Australia being down nearly five per cent. Bradford reports fair business at slightly lower prices.

Mohair is slow and unchanged. The Bulletin will publish the following quotations:

Scoured basis: Oregon—fine and F. M. staple 44 @ 46; fine and F. M. Fr. combing 41 @ 43; fine and F. M. clothing 36 @ 38; valley No. 1, 40 @ 42.

DANCE—The Crater Lake Auxiliary to V. F. W. will hold a dance, Wednesday, October 26, at the K. P. hall. The proceeds of this dance will go towards their relief fund in helping the needy veterans and families this winter.

Real Estate or Insurance—Leave it to Jones. Phone 798.

HILLS BROS' PATENTED PROCESS "DOES RIGHT" BY THE RARE BLEND OF COFFEES

The marvelous flavor of Hills Bros. Coffee is partly due to skilful blending. But if the blend were roasted by ordinary methods, it might have a flavor you wouldn't like! This coffee really owes its flavor to Hills Bros' patented roasting process.

Ordinarily, coffee is roasted in bulk. But Hills Bros. roast a little at a time... evenly, continuously, by Controlled Roasting.

Under-roasting or over-roasting, resulting in a varying flavor, is possible with the bulk method. But Hills Bros' patented process positively prevents that! Every berry is evenly roasted... done to the perfect degree that develops the most delightful flavor.

Hills Bros. Coffee is packed in vacuum

Controlled Roasting develops every berry to its fullest and finest flavor

Process differs from ordinary methods, because it roasts "a little at a time" instead of in bulk

cans, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness—the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can—it will not make poor coffee good, but it will keep good coffee fresh.

Order Hills Bros. Coffee by name, and look for the Arab trade-mark on the can.

GROUND RIGHT TO TASTE RIGHT Hills Bros. Coffee is correctly ground for best results by drip process or any other method.

NEW YORK, Oct. 21. (AP)—Stocks skidded badly today. Although most of the decline occurred in a selling flurry early in the day, sagged again late and closed with numerous losses of 2 to 5 points. The final tone was weak. Trading was in small volume, however, turnover aggregating 1,300,000 shares. Today's closing prices for 31 selected stocks follow:
