

### SONS DRILL FOR SATURDAY GAME IN EAST OREGON

SOUTHERN OREGON NORMAL SCHOOL, ASHLAND, Oct. 25.—(Sp.)—After handing Humboldt Teachers College a neat 25 to nothing lacing at Arcata last week the Sons are putting on full steam to perfect their offense for the coming contest with the strong Eastern Oregon Normal eleven.

Coach Howard Hobson's boys hit the road again Thursday for La Grande where they meet Coach Quinn's outfit on their home grounds. Road trips are becoming so common for the Sons that they are beginning to acclimate themselves to long bus and train rides. Before the season is over Hobson's men will have covered almost 3000 miles in their jaunts into opposing territory.

Last week the eastern Oregon team took advantage of a romp over Albion Normal in Idaho to the tune of 39-0. The race served as a fine workout for Quinn's squad and put his players in the best of trim for the important clash with the Sons this Saturday.

The fracas in LaGrande looms as the first of the important tilts as far as the normal school eleven are concerned. It marks the opening of hostilities in the drive to determine the championship of the Oregon teaching institutions.

The winners of Saturday's struggle will then have the chance to cop the title by meeting the threat of Ray Wolfe's tricky Monmouth aggregation.

Two new backfield threats were uncovered in their true light in the California game when Cliff McLean and Albert Bradford, sparked as dashing offensive threats. McLean has been a first string performer all season but has been used as a ball carrier only in the safety position and then when Lancaster was not in the game.

Hobson did a little experimenting against the Arcata defense by throwing in a complete set of first year men to handle the backfield duties. McLean was shifted over from wingback and his place in the interference to one of the back positions where he could try his ability packing the oval. The result was that the flashy Indian established himself firmly by turning in a brilliant running exhibition and cutting off a huge share of glory with an effective passing attack.

During the course of the afternoon McLean out loose with an even dozen heaves of which eight were completed. His throwing ability now puts him in line with the most serious of Hobson's versatile backs and makes the Sons certain of having three men behind the line who can take turns forcing the aerial attacks.

Bradford planted cleats consistently in Humboldt territory when his turn came to carry the ball. His rise from just another former high school player to a shining light has put the youngster from Will Rogers' home state in the running for starting honors in the Eastern Oregon Normal tilt.

The whole squad came through the Humboldt workout in fine shape and with another week's hard work on offense Hobson thinks his men will be near true mid-season form. For the first time this year the Sons as a smooth working offensive machine came into being. The plays started clicking in the last half of the Arcata affair and from that point it was a track meet for the Sons although they had been held scoreless in the first half.

Hobson is now almost satisfied with his crew's defensive ability. Led by "Suede" Anderson the forward wall has been impregnable to the most powerful and tricky attacks that have been hurled against it.

### RODEO DATES AT FAIRGROUNDS SET

November 3 and 6 are the dates announced for the rodeo at the Jackson county fair grounds being sponsored by the Medford Riding Academy and Lake brothers of Fall River, Calif. An exciting display of excellent horsemanship as well as numerous entertaining contests have been booked for the show, it was disclosed today.

Among the outstanding riders on the list not yet completed are Mr. and Mrs. Jack Matney of Kerby, who have participated in the Pendleton roundups, and have gained the name of being among the best riders on the Pacific coast. Additional bookings are expected almost daily at the riding academy.

In conjunction with the two-day celebration a dance will be given Saturday evening at the fairgrounds pavilion.

The program now being outlined, includes bucking contests to be participated in by the coast's outstanding horsemen, steer riding, and relay races.

The feature event will be a dupe race. The program on the opening day is scheduled to start at 1:30 in the afternoon, and a large crowd is expected from all points in northern California as well as southern Oregon, those in charge said today.

EVANSTON, Ill., Oct. 25.—(AP)—Betty Robinson, women's Olympic 100-meter champion in 1928, who nearly lost her life in an airplane accident sixteen months ago, planned to start her second comeback attempt today.

### STILL THREAT TO OPPOSING ELEVENS

Although beaten in a last minute upset by the Uclans, Oregon still looms as a menace to championship hopes of Coast Conference teams and St. Mary's of California which it meets Thanksgiving Day. Speedy Mark Temple is one of the Webfoot backfield stars, while Captain Morgan is highly respected at tackle. (Associated Press Photos)

### FOOTBALL CHANGES AID TO COLLEGES NOT HIGH SCHOOLS

(Associated Press Sports Writer.) NEW YORK, Oct. 25.—(P)—So far as the colleges are concerned, the new football code apparently has accomplished its primary purpose of making the game safer for the players, but high school and sandlot football seems just about as hazardous as before.

Of the 11 fatalities so far reported attributable directly or indirectly to football, only one has occurred in college ranks where the new rules are strictly effective. The others all came in high school or sandlot games where proper supervision and training is much more difficult and, in the case of sandlot contests at least, virtually impossible.

The 30 fatalities charged to football last year led to a series of drastic changes in the rules during the winter, eliminating the "flying wedge" on kickoffs, flying blocks and tackles, "rabbit punches" on the necks of linemen and an overhauling of the specifications for equipment to make it safer.

With the season now at the halfway mark, these rules seem to have eliminated many of the hazards of the game as it is played in the colleges under strict supervision.

The only fatality in college ranks was that of High Martin Williams, 18, a freshman at Loyola of the south, who died of internal injuries after being kicked in the abdomen during a practice drill against the varsity.

Five high school players, two sandlot competitors, two lads competing in neighborhood games, and an academy player in Honolulu, also have been fatally injured since the season opened. Head injuries caused most of these deaths, while several others were caused by the failure of the injured player to receive treatment after minor hurts.

### LOUISIANA GAME WITH OREGON OKED

BATON ROUGE, La., Oct. 25.—(AP)—Southern conference sanction of a post-season football game between the University of Oregon and Louisiana State university December 10 was disclosed today by T. P. Heard, L. S. U. athletic director.

The contest will be played two weeks after "Biff" Jones' Tigers clash with Tulane and will be the first post-season game played by L. S. U. with an intercollegiate opponent in the past decade.

L. S. U. will journey for a return game in 1934.

### RESUBMISSION AT EARLY DAY, M'NARY

PORTLAND, Ore., Oct. 25.—(AP)—A resolution asking for resubmission of the 18th amendment undoubtedly will be approved by the next congress, according to Senator Charles L. McNary of Salem who left Portland last night for Chicago to campaign for President Hoover.

He declared he was carrying "good news" to the president from the Pacific coast. His first speech will be from Chicago Friday over a radio hookup throughout the middlewest. He will then go to Indiana and will close the campaign in West Virginia.

"There will be little of importance coming up at the lamaduck session except appropriation bills," he said, although he believes the recommendation for re-submission of the liquor amendment will be brought up. It is possible, he said, that unemployment may be considered in some way. He said it was unlikely that any mention of the bonus would be made.

### REJECTED HORNSBY BACK AGAIN ON ST. LOUIS PAYROLL

ST. LOUIS, Oct. 25.—(AP)—Rogers Hornsby, who was deposed last summer as manager of the Chicago Cubs will take the "come back trail" with the St. Louis Cardinals next year.

Announcement was made today that the "firebrand" of major baseball had signed a one-year contract as a player with the club which he piloted to a pennant and world championship in 1929.

"The Rajah," it was announced, will go to the Cardinal training camp next spring as a candidate for a regular job as second baseman, the position where he started in his heyday. Sam Breadon, president of the Cardinals, said he was confident Hornsby would be able to play major league baseball and that he would be of material help to the St. Louis club in the 1933 pennant campaign.

It was Breadon who, when Hornsby was at the height of his fame, traded him to the New York Giants for Frank Pisch and Pitcher Jimmy Ring, although, as manager, Hornsby had piloted the Cardinals to the world championship in 1926, and now Breadon thinks "The Rajah" reserves a chance to rehabilitate himself in the major league baseball world.

Salary terms of the contract were not announced. It was made known however, that under its terms Hornsby will receive his unconditional release at the end of the 1933 season, subject to the rules and regulations of the national league. Under these rules, the Cardinals cannot give Hornsby his release if some other club in the league claims his services. But under the terms of his contract, if some club claims him, Hornsby will be able to sell his services to the highest bidder, with the Cardinals to receive no profits.

Hornsby signed the contract with the Cardinals but was not considered a possible future manager of the Cardinals. He said he would subordinate himself to Manager Charles E. Street, and that he expected to be released if Street decided he was unable to help the club as a player.

With about seventy-five Legionnaires and ex-service men present, the new administration of the local Post of the American Legion, under the command of Leo Garlock got away to a flying start at the armory last night. Business transacted included the adoption of the post budget for the coming year and the approval of the financial report for the past year. Discussion of the Armistice day program occupied the remainder of the business session, and it was announced that Cole Holmes, vice-commander of the post, will be general chairman for the celebration.

The entertainment program including a number of excellent direct readings rendered by Marshall Seagrave and a stunt by past commander of the post, under the direction of Post Commander Ralph Cowgill. L. A. Corbett was in charge of the entertainment, which was followed by a feed for the ex-service men.

### ASTORIA HEADS IN BRIBERY SCANDAL

ASTORIA, Ore., Oct. 25.—(AP)—Indictments alleging bribery were returned by the Clatsop county grand jury Monday against Wm. Manilla, city commissioner, and Joe Dimitroff, whom police declare has a record as a bootlegger.

The two were arrested several weeks ago when police said they were offering money to two Astoria policemen. Manilla was released on bail but Dimitroff was not able immediately to furnish the necessary bond.

The two, according to arresting officers, proffered money to the policemen if they would "lay off" certain liquor dealers. Their trials probably will be held next month.

### TARIFF CHANGES BENEFIT OREGON

WASHINGTON, Oct. 25.—(AP)—Accompanied by President Hoover's request for quick action, the tariff commission today had a list of 18 industries in 30 states before it for investigations into the adequacy of existing import duties.

Mr. Hoover submitted the list of industries and localities where there has been actual increase of unemployment or alternatively where it is inevitable that it will increase from importations and directed Chairman O'Brien to investigate the tariff rates in connection with depreciated currencies abroad. He added in his letter to O'Brien:

"If it shall prove that the difference in cost of production between here and abroad in these industries have altered the basis of the tariff duties, I wish to receive recommendations of the tariff commission at the earliest possible moment."

Commodities in the list submitted by the president for investigation were: Canned vegetables, dried beans, canned fish, and lumber products, all Oregon products.

### FIENDISH ATTACK ON YOUNG GIRLS LAID TO 5 BOYS

SEATTLE, Oct. 25.—(AP)—Four or five youths accused of attacking two young Benton girls Saturday night, were sought today, while Charles E. Davis, 18, was held in connection with the crime. Davis denied he was one of the accused.

Sheriff's officers said the girls, whose names were withheld, with a 17-year-old boy companion were invited to ride by the girls' attackers. When the pedestrians had entered the automobile, the boy was beaten into unconsciousness and thrown from the car.

The younger of the two girls then was beaten into submission and attacked, the officers were informed.

The fourteen-year-old miss sustained a broken jaw and the 16-year-old girl received a broken arm and nose. Both were badly bruised and were confined to their homes.

After the attack, the youths drove their victims to a point near their homes and were allowed to escape from the car.

Four young men, relatives of the youths sought, were being held for questioning in the hopes they would divulge the whereabouts of the youths being sought for the crime.

### POST BUDGET FOR YEAR APPROVED

With about seventy-five Legionnaires and ex-service men present, the new administration of the local Post of the American Legion, under the command of Leo Garlock got away to a flying start at the armory last night. Business transacted included the adoption of the post budget for the coming year and the approval of the financial report for the past year.

### WOMEN FLOGGINGS IN FLORIDA TOLD

JACKSONVILLE, Fla., Oct. 25.—(AP)—The entire Jacksonville police department hunted today for terrorists blamed for sixteen floggings. The county grand jury will open an inquiry tomorrow.

R. L. Tiller, a foreman, called the grand jury investigation as five new cases of floggings were reported to police investigators last night.

Names of the victims and other details of newest cases were withheld by the officers. Only two of the victim's names have been made public as officers said secrecy would aid their inquiry.

The first floggings reported were those of Mrs. Sally Geringer and her daughter, Oia Bell Gilstrap. Then as five men were arrested on charges of assault to murder, new cases were reported rapidly. Five of the victims were white women.

A preliminary hearing for the five men already arrested has been set for tomorrow. They denied implication in the crimes.

# 20% DISCOUNT SALE

## UNTIL OCT. 31 ON Firestone

### BATTERIES · SPARK PLUGS · BRAKE LINING ANTI-FREEZE and Other Winter Auto Necessities

Never before has Firestone made it possible for us to offer such wonderful values at such low prices. Buy now, and take advantage of this fiscal year closing sale. Now is the time to prepare your car for winter driving. Drive in today!

#### FREE BATTERY TEST

Have your battery tested on Firestone scientific testing equipment. This will give you accurately the condition of your battery. We will inspect and clean cables, terminals and case.

Firestone Battery Factories are the most efficient plants in the world. Firestone Batteries have big, full-sized plates and are guaranteed from 12 to 24 months by Firestone and ourselves. Don't be without dependable battery service when you can buy a Firestone Battery at these low prices.

**20% Discount with Your Old Battery on Firestone's Seven Complete Lines of Batteries Until Oct. 31**

#### FREE BRAKE TEST

Don't take chances with faulty brakes. Have your brakes tested today on Firestone scientific, electric brake tester. No guesswork, actual conditions shown.

If you need your brakes relined, equip with Firestone Aquapruuf Brake Lining—made by a special Firestone water-proofing process, which gives you brakes that hold in wet weather. Brakes do not grab, chatter or squeal. Silent, sure stopping.

**20% Discount Until Oct. 31**

#### ANTI-FREEZE

Avoid a cracked radiator this winter. Protect your motor with Firestone Anti-Freeze. No worry—no trouble. One fill lasts all winter—can be reclaimed in the spring. We thoroughly inspect the entire cooling system for leaks—radiator, hose, fittings—tighten all clamps free.

**20% Discount Until Oct. 31**

#### FREE SPARK PLUG TEST

The Firestone Spark Plug Factory is modern and most efficient. It is equipped with latest precision machinery for testing all materials—every spark plug must pass Firestone's high standards.

Firestone Spark Plugs are manufactured in all types and sizes, for every make and model of automobile, truck, tractor, bus, motor boat, airplane, lighting plant and stationary engine.

Old plugs mean waste of gas—loss of power—slow starting. Equip your car today for winter service! Save time, money and trouble!

Firestone give you the greatest spark plug values and most dependable efficiency ever offered!

Come in today and let us test your spark plugs—free. Our test will show you actual plug conditions.

**20% Discount Until Oct. 31**

## SELL US YOUR WORN TIRES

We will make a liberal Cash Allowance for your old tires to apply on new, safe Firestone High Speed Tires. Don't take unnecessary chances on thin, worn tires this winter when you can have the Extra Safety of Firestone at lowest basic prices ever known.

Firestone Gum-Dipped Tires hold all world's records on road and track for speed, safety, mileage and endurance. The tough, thick Firestone Tread is designed to grip the road—eliminating hazardous skids on slippery pavements.

Ride with the safety only Firestone Tires can give you. Glen Schultz recently set a new world's record in climbing Pike's Peak. His car was equipped with Firestone Non-Skid Tires—making six consecutive years

The Firestone Tread is designed with angles and projections to give the maximum traction and non-skid. The brakes can stop the wheels, but the tires must stop the car.

Why buy any other tire when Firestone Gum-Dipped Non-Skid Tires cost no more and are first choice of men who know.

Drive in today. Trade your old tires for the safest tires in the world.
