REPUBLICAN RALLY AT TALENT DRAWS GOOD ATTENDANCE

The meeting held at Talent last evening under the auspices of the Jackson County Republican Central committee, was largely attended and very enthusiastic. The attendance being estimated at 250.

Prior to the meeting the Ashland Kitty band and the caravan of the Junior Republican league, paraded through the streets, it being their first appearance. The band also played in the hall after which the meeting was called to order by Fred Coivig, assistant secretary of the Republican committee, who introduced Steve Nye, precinct committeeman who presided and introduced the speakers.

H. Bengtson, attorney of Medford, representing the Junior Republican league, made the first talk. He covered the high lights of the Hoover campaign and especially the workings of the Reconstruction Finance Corporation. He told of Hoover's calling to Washington of the leaders in industry and labor, a result of which there came an agreement to keep employees on the job with shorter hours and spreading the labor around to meet the emergency.

W. G. Trill, the next speaker contrasted the official acts of Franklin Roosevelt, when secretary of the navy, as well as governor of New York, with those of Mr. Hoover when he was in the government service and as president. He referred to the six points of Roosevelt's farm relief and said he failed to offer any definite solution of the farmers' problems.

Mr. Trill complimented President Hoover for his foresight of the present crisis and for the splendid leadership he displayed in handling the situation, winning the admiration of not only the people of this country, but other nations of the world. He said Hoover was the first president to ever take the initiative of calling leaders of labor and capital together in the interests of the laboring men.

He closed by saying: "Which candidate for president would inspire more confidence in you and the people of this nation, and with whom you would feel more at ease to have directing the affairs of this country? I am sure you will have as I do, that President Hoover is that man."

Rev. Sidney Hall of Ashland made a forceful appeal to the voters in favor of President Hoover and the Republican principal of protective tariff in regard to farm products in American industry, and the conditions which brought on the world depression.

W. E. Coleman, candidate for justice of the peace for Medford district, made a short address, asking the voters to support the closing of the Rogue river for commercial fishing. State Senator George Dunn paid a compliment to the young republicans who are so active in this campaign. The county candidates present were then introduced.

The meeting to night will be at Central Point. The Ritty band and Junior league caravan will be on hand at 7:30. The meeting starts at 8 p. m. with good speakers.

"If you put the United States into the liquor business, you will put it into receivership, for what it will do for your boy in your home it will do for your country. You say Mrs. Jones drinks now. Maybe she does, but she will be more filthy in her habits if it is made legal. The whole wet argument from beginning to end is nothing but a lot of baloney, and if people stop wishing and start praying they might get some climate. Dr. R. R. Redges volunteered his services as a speaker in similar capacity.

Beware the Cough or Cold that Hangs On Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.
