

SMITH STANDS BY HIS SLANDER OF DRY FORCE VOTERS

NEW YORK, Oct. 27.—(AP)—Commenting on his Newark speech in which he spoke of alleged religious bigotry during the 1928 presidential campaign, former Governor Alfred E. Smith said today: "Of course it's been roasted by the Republican papers because they didn't like it. "I didn't go down there to be kind to the Republicans, you know, and it's the attack pig that always squeals."

As he left for New England to continue his campaign for the Democratic ticket with a brief informal speech at Providence, R. I., this afternoon and the second major speech at Boston tonight, the 1928 presidential candidate said that his Newark speech "stands by itself."

Smith made reference to reports that Senator William E. Borah of Idaho had called his Newark speech the best address of the campaign for President Hoover.

"Of course Senator Borah would say that," he said, "because Senator Borah is not for me and he is certainly not for Roosevelt. Four years ago he went up and down the western section tying me up to booze and the saloon. Now his own party has declared for re-submission and he hasn't anything to say, so he's out there heaving his Idaho potatoes."

Smith said that his Providence speech would be just five or ten minutes' because his voice could not stand two long addresses in the same day.

"I can't talk an hour in the afternoon and make another long speech at night," he said. "I never did that when I was running myself."

At Boston he said he would take up the financial aspect of the general situation and would deal with taxation and what he termed Republican tactics to balance the budget.

The former governor wore one of the brown derbies which he made famous when he was campaigning for himself and seemed in excellent spirits as he chatted with friends before the train left.

OPTIMISM COMES TO WHEAT MART

CHICAGO, Oct. 27.—(AP)—Optimism today found its way into the grain pits, where it had long been a stranger, and wheat price climbed out of the depths reached yesterday.

Wheat opened fractionally higher here and too courage from relative improvement in sentiment at Winnipeg. Buying was more active than for some time and December wheat contracts held fairly steady around 5 1/2 cents a bushel, 1 1/4 cents above the all-time bottom hit yesterday.

SMITH EVOLVES NEW BEER SCHEME

NEW YORK, Oct. 27.—(AP)—Alfred E. Smith has come forward with a new plan for effecting immediate modification of the Volstead act. Speaking at a dinner last night, he said: "I have just been thinking of a quick way to get modification, and I offer this seriously."

"Don't try to change the Volstead act. All you have to do is add another section to it, saying: 'Nothing herein contained shall be deemed to apply to malted liquor.' Then we'll get beer and ale right away. We won't have to pass on the intoxicating quality of it—just say the law doesn't apply to it."

The dinner was in honor of Mrs. Charles H. Sabin, head of the women's organization for national prohibition reform.

KIDNAPERS KILLED IN MEXICAN PLOT

GUADALAJARA, Mexico, Oct. 27.—(AP)—Because a kidnaping plot went awry, three kidnapers were dead, three wounded and three at large today.

The kidnapers seized Teofilo Sanchez, a merchant, yesterday and sent two emissaries back to his family with demands for \$4,000 ransom.

When the emissaries told their story to Sanchez' daughters, they screamed for the police, who arrived promptly enough to arrest the go-between.

Police got the details of the plot from their prisoners and found the kidnapers' hideout. A gun battle ensued, resulting in death for three. The three who were wounded were captured and Sanchez was freed.

COLLEGE LIBERAL CLUB RIOTS TO KEEP PINK PROF

NEW YORK, Oct. 27.—(AP)—A sledge of the white way's famous night court by 750 college students ended early today in suspended sentences for 14 youths and a co-ed seized by charging police reserves.

Professors' flustered featured the demonstration, which swirled in front of the building, forcing Magistrate August Dreyer to adjourn court because all his policemen were outside helping quell the students.

The demonstration grew from a protest meeting by students who demanded "free speech" and reinstatement of Oakley Johnson, economist, who was dropped from the faculty of the College of the City of New York.

Student supporters said he was dismissed as a communist sympathizer. College officials, denying this, said he was an "extra" instructor dropped because of a budget cut.

One hundred and fifty members of the College Liberal club gathered to protest last night in a college building. Police, called by an assistant librarian, charged them in a flying wedge and ejected them. Prof. Donald Henderson, economics instructor, and three students were arrested, charged with disorderly conduct.

Crowds of students followed them to night court, scene of many a midnight drama. "Free our students, free Professor Henderson!" they clamored, marching up and down the street.

Professor Henderson and the three youths arrested earlier were paroled in the custody of Attorney Allen Taub for a hearing later today.

WHEATMEN ROILED BY R.F.C. SLOWNESS

SPOKANE, Wash., Oct. 27.—(AP)—Sharp criticism of the reconstruction finance corporation for failing to act on the proposed Chinese wheat deal after the North Pacific Grain Growers, Inc., regional marketing agency had agreed to endorse the Chinese notes, was filed with the corporation last night in a telegram sent by A. R. Shumway, president of the North Pacific unit.

Delay on the part of the reconstruction finance corporation, Shumway said, "has already caused forced sale of large quantities of wheat and the market is demoralized."

The president of the regional agency likewise opposed a suggestion that the American Trading Company of New York loan the Chinese government money to complete the purchase of 15,000,000 bushels of wheat, saying that any profit it would make must be paid by wheat growers.

Piles Go Quick

Itching, bleeding or protruding piles go quickly and don't come back if you really remove the cause. Bad blood circulation in the lower bowel and hemorrhoidal veins causes piles. Making the affected parts weak, flabby, almost dead. Salves and suppositories fail because only an internal medicine that stimulates the circulation and drives out the impure blood can actually correct the cause of piles.

Dr. J. S. Leonard discovered a real internal Pile remedy. After prescribing it for 1,000 patients with success in over 900 cases, he named it HEM-ROID. Jarmin & Woods and druggists everywhere sell HEM-ROID Tablets with guarantee they will end your Pile misery or money back.

"Nature in the Raw is seldom MILD"

THE BLACK PANTHER
"Nature in the Raw"—as portrayed by the great animal painter, Paul Bransom... inspired by the natural ferocity of "Bagheera," the black panther in the famous "Jungle Book." "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted" That package of mild Luckies
