

TUITION CHARGES AT MEDFORD HIGH HELD UNCHANGED

No changes have been made in the tuition charges of the laws or rules regarding them during the past five years in Medford, according to statement issued today by Supt. E. H. Hedrick in answer to many inquiries, received from pupils in the smaller schools of the county, who are seeking entrance in the Medford high school this year.

The Medford district allows any parent or guardian, who lives outside the district and pays tuition for a pupil, full credit for all the school tax he pays within the Medford district, Superintendent Hedrick stated. This amount is deducted from any tuition bill he may be charged upon

presentation to the school clerk of his paid up tax receipt from the previous year.

From pupils, who come in from districts that do not maintain high schools, the county pays the actual cost as figured from the clerk's report at the close of the year.

The complete outline of the situation, as it affects Medford, was released as follows by Supt. Hedrick:

1. All pupils whose parents or legal guardian actually reside within the boundaries of school district No. 49, are of course entitled to attend the Medford schools. The residence of a minor child is where his parents or legal guardians reside. For example, if a pupil whose parents live in another high school district comes into Medford and boards with some family and attends school, he is liable for tuition, for the reason that he has no residence here.
2. A pupil whose parents or legal guardians reside in a rural district or any other school district that does not maintain a high school, may attend the Medford high school or any other high school in the state and the county must pay for his tuition.
3. Whenever any school district maintains a high school, however, no

MRS. DAHACK IN NEED OF SHELTER

The district attorney's office has received a letter from Mrs. Irwin Dahack, recently married, asking the right to live in an empty furnished house on a ranch on Lake creek, belonging to an estate. The administra-

tor of the estate objects to granting the privileges.

Mrs. Dahack came here a month ago from San Francisco, with her five children, at the alleged request of the Dahack brothers—Ivan and Irwin—in response to an ad in a matrimonial paper. She was receiving \$100 per month, she claims, from San Francisco county, for the care of herself and children. Last she became a public charge here, the district attorney's office insisted the Dahack brothers render aid. Later, a marriage license was taken out by Irwin Dahack, who is an uncle of

Everett Dahack, killed in a Reese creek still raid two years ago.

According to Mrs. Dahack she and her flock are now living in a hall at Lost creek. The structure has no

doors or windows, and she requests the right to move into the estate home. Deputy District Attorney George W. Nelson said today it would be denied.

The Dahack brothers are stockmen and mountain ranchers.
