The third Medford touchdown came in the fourth quarter, on a mixed ground and air attack, from their own 30 yard line. Bennett and Lindley, ends were the atars of the drive, plucking forward passes, surrounded by Klamath players, to bring the ball within scoring distance. Pichtner plunged through the center of the line and scored standing up for the final marker.

Gillneki kicked all three extra points square between the goal posts. The little fellow was also a consistent ground gainer, and played the heat game of his career.

er on the Klamath team, and the only one who played up to expectations.

Pelicans Lack Punch
Twice in the first half Klamath Falls got in acoring distance, but lacked the punch to score. With the ball on the five yard line, Medford forced them back for losses. This was the only time that Klamath threatened, the remainder of the time being deep in her own territory and forced to kick often. The Klamath line was weak and the Burghermeisters broke through on four occasions to smother a pass play before the thrower could get rid of it. The Medford line held firm and the Klamath backs were unable to make consistent yardage.

The Medford team played heads-up football throughout and their passing attack bewildered the visitors. Medford completed nine of thirteen forward pass attempts and Klamath Falls completed three out of ten tries.

Tigers Show Superiority
The Burghermeisters out-thought, out-fought, out-generalled, out-kicked, and out-passed the visitors, and demonstrated their superiority in every phase. Bennett, end, with his brilliant catching of forward passes, the field generalship of Red Scheel, and the ground gaining of Cilinski were the features of Medford plays. The lighter Medford line out-charged the header visitors, Lindley, end, played a fine consistent game. In a sense, however, the locals had no stars, everyone played well—the machine clicked like a dream.

Coach Avrit made 11 substitutions. Medford played its starting line-up throughout.

The game was hard fought and clean. There were only two penalties.

### Dependable Insurance Is The Only Kind Worth Having

When insuring your property make certain that you are assured of fair and speedy settlement of claims Losing your property is tragedy enough without having to worry about settlements.

The dependable fire, casualty and automobile companies we represent have gained the reputation of settling claims promptly. It's a big help to get prompt action when in urgent need of money. But in order to do this, the companies must have prompt payment of premiums in accordance with their rule of either cash or forty-five days from date of policy. We do not have mutual, reciprocal or cut-rate companies. Owing to an automobile accident I am forced to go to the hospital and will be away for a short time, but Mrs. Gertrude Predenburg Greb, who has had seven years experience in accounting and insurance, Mrs. Mabel Showers and my brother A. L. Wakefield will have charge of the office during my absence. Also P. J. Newman and Geo. Neilson, Attorneys, will represent my agency.

I have been serving friends and clients here for the past twenty-four years and have always been glad to extend time on payments, but at this time I am very much in need of some settlement of your accounts and your prompt attention to same will surely be appreciated.
