Joseph O. Grey.

Treasurer Club," and composed of scores of citizens who wish to familiarize the voters of the city with Mr. Grey's excellent record in city affairs and his qualifications for the office he seeks.

The Grey for City Treasurer club had its initial meeting yesterday and E. O. Ferguson, well known Medford man and past-commander of the local American Legion post, was selected as executive secretary. In commenting upon the new organization, Mr. Ferguson made this statement:

"The formation of the Grey for City Treasurer club was brought about by Medford men and women who are appreciative of Mr. Grey's years of unselfish service for the city of Medford and wish to acquaint the voters not only with this record but Mr. Grey's qualifications as well.

"Joseph O. Grey has served for nearly six years on the city council, during which time he has never missed a regular council meeting.

"He also served as a director of the Medford schools before accepting a position on the council. Mr. Grey's friends and supporters desire to stress the fact that he is a practical business man, has been a resident of this city for the past 20 years and is an able accountant. The maintain that his years of city work and knowledge of city affairs will serve in good stead should he be successful in securing the office of city treasurer."

James W. Mott, Republican candidate for congress from this district addressed a large and enthusiastic audience in the city hall at Ashland last evening. Mott paid a high tribute to the ability and worth of President Hoover and then stated his own position on a number of important issues that will be before the next session of congress. The speaker came out for a stronger and more permanent tariff on lumber and wood pulp, both Oregon products.

Don R. Newbury of this city spoke in behalf of Senator Steiwer, and Hilding Bengtson discussed measures. A number of Republican candidates for county offices were also present.

Before the Ashland meeting Mott delivered an address over the radio. Tonight the Republican committee will hold a meeting in the Applegate, accompanied by the Kilby band.

VOTE YES ON ROGUE RIVER FISH BILL TO KEEP RIVER CLOSED
According to local headquarters of the Rogue River fish bill campaign, there still exists considerable doubt as to how those who oppose commercial fishing should vote. Many because they know the measure was passed and has been re-referend, are opposed to such action and think they should vote "No." This, of course, is just the reverse of the truth. This is a referendum of the bill, but the bill makes commercial fishing illegal. Those who want Rogue river protected therefore should vote "Yes," and keep it illegal. Those who don't want Rogue river protected—if there are any—should vote No.

Local supporters of the measure are also advised that the headquarters still is in need of money to pay for the expenses of the campaign and continue it effectively up to the last hour. Contributions can be made at the headquarters in the Medford National bank building.

BIG FRIDAY RALLY CLOSES CAMPAIGN OF COUNTY G. O. P.

The principal meeting of the Republican campaign in this county will be held next Friday in the big hall of the Natatorium here, starting at 8 p. m. Principal speaker of the evening will be Byron Pitts, district attorney of Los Angeles county, California, an outstanding orator whose connection with the Asa Keyes and Almee McPherson cases brought him wide recognition.

The meeting will be in charge of the Veterans' Republican club of Jackson county, composed of World War and Spanish War veterans. Mr. Pitts is a disabled war veteran, having seen service in France.

The Oregon Lumberjacks of Medford, who are heard over KMEM, will furnish music during the fore part of the rally.

This meeting will also be assisted by the Republican County Central committee, the Junior Republican league and the Woman's Hoover-Curtis club.

People from all over the county are cordially invited to attend this meeting and hear the issues before the voters in this campaign presented in an able and forceful manner.

ACTIVE LEADER IS LOCAL GUEST

At the regular Active club meeting at the Holland last night Donald Husband of Eugene, International president, was the honor guest.

He told the group "Dishonesty and greed in every phase of human activity is responsible for conditions today." He said it is no use to call on the president, congress or anyone else. "We must save ourselves.

"It is a challenge to Activists and young men of the country to put honest men in public office. There is a greater need now for service clubs than ever before."

He then explained some of the problems and work of Active International. Mr. Husband presented the Medford club with a gavel of native yew wood, a gift from the Aberdeen, Wash., club. Jimmy Dunn, a member of the vaudeville team, Jimmy Dunn and Mabel, which plays at the Holly theater today, entertained with funny stories and guitar numbers. The club voted to help pay the rent

TWO OF COUNTY'S CONVICTS REMAIN IN 'DURANCE VILE'

According to information received in this city, Hugh DeAutremont, youngest of the notorious DeAutremont brothers, and James Donoghue, Jackson county convicts serving life terms in state prison, are still in correctional cells for their parts in the July 4 escape plot. The remainder of the Jackson county delegation in the "big house" are behaving themselves.

The list includes Albert W. Reed of Denver, Colo., serving life for complicity in the slaying of Victor Knott, Ashland policeman, last November. Reed is employed in the machine shop and is a model prisoner. Reed retains hope that, with the depression ebbing, his friends and kin will be able to procure funds to finance a rehearing before the supreme court of his case.

Prison inmates from this county also include two or three men serving 15-year terms for crimes ranging from banditry to assault upon a young girl, and a dozen or so short-term offenders. Some of the latter class will be amenable to parole soon and some will probably benefit by the holiday clemency next month, usually granted each December.

Local interest in the DeAutremonts was revived last night by the radio presentation of "The Shasta Limited." It was supposed to relate the Siskiyou tunnel quadruple murders and holdup on the Southern Pacific in October, 1923. Scores of local folk listened in and found the portrayal to be sketchy but interesting.

ATTENDANCE AT ROTARY MEETS MARKS RECORD

The Medford Rotary club broke all attendance records with a percentage of 95.17 per cent during October, according to an announcement made at yesterday's meeting at the Hotel Medford by President Al Lantis, who thanked the members for their excellent co-operation. Weekly averages were as follows: Oct. 4, 91.08 per cent; Oct. 11, 100 per cent; Oct. 18, 96.48 per cent, and Oct. 23, 93.10 per cent. This showing places the Medford club among the leaders in the entire northwest district for the month of October and it is hoped to make equally as good a record in November.

Ray Gill, state master of the Oregon Grange, was the principal speaker at yesterday's meeting and was accompanied by the following officers of the Grange: Arthur Brown of Salem, state deputy; C. P. Strain of Grants Pass, chairman of the Josephine county legislative committee, and R. E. Nealon of Central Point, county deputy for Jackson county.

Mr. Gill spoke on the problems of the farmer, stressing the main obstacle, that of excessive taxation. The farmer bears an undue share of the tax burden, according to Gill, and must be relieved if he is to continue operations. Marketing problems were also covered by the speaker, who urged the co-operation of local business men in solving their difficulties. What was done along these lines in Albany and McMinnville by the chambers of commerce and merchants in co-operation with the farmers was brought out by the state Grange head.

Mr. Gill told of the Grange development in Oregon, stating that over 332 Granges are now operating with a membership of approximately 22,000 members.

The resignation of D. A. Chambers, secretary of the Medford Rotary club, was hailed with regret by his fellow members, who were sorry to hear of his departure from this city. Dr. Chambers has been one of the most efficient secretaries the local club has ever had and his loss will be keenly felt by his fellow Rotarians. Guests at yesterday's Rotary meet-

JESS HANSON RAISES WORLD FAMOUS FLOCKS

Not a "Gift," There's a Reason
Mr. J. A. Hanson, of Corvallis, Oregon, raises record-breaking pedigreed Leghorns. He is a NOPCO XX user and says: "For several years I have been successful in raising all my birds to have good NOPS (XX) in all of our chicks and developing males for the past two years. Without question, we have had the best hatches and the most active, vigorous chicks since then of our twenty years' experience. . . ."

Mr. Hanson now tells about his World's Record Leghorns: "For twenty years we have been developing a strain of Leghorns which have become known for their egg laying ability, vigor and size. To get the fullest response from their inheritance we feel that it is necessary to furnish all the necessary factors in their diet and cod liver oil plays an important part. Our World's Record Leghorns, 2990 eggs at Sierra (Calif.), in 1929, are many 300-eggers and an entire flock of 1500 pullets with an average of 545 eggs last year, all got NOPCO (XX) Concentrated Vitamin D) in their ration."

A special literature folder telling "What 35 Professions of Poultry Husbandry Say About Feeding Vitamin D" sent to anyone addressing a letter to NOPCO, 466 California St., San Francisco. No charge—postpaid. If you're not a poultryman show this ad to your neighbor who is.

And, likewise, the police responded with strong-arm methods. The police won in a series of battles that raged along Victoria embankment, Pall Mall, the Strand, Trafalgar Square and Whitehall.

Cross-Blending

WHAT IS IT..and how does it improve cigarette taste?

YOU'VE heard how fruit of one variety has been crossed with fruit of another to produce a new and more pleasing flavor. The loganberry, for example, is a cross between the raspberry and the blackberry.

Chesterfield's Cross-Blend gets the same result—better taste—by a different method.

It welds together the different kinds of several varieties of tobacco. Many types of Bright tobacco, a great many types of Burley tobacco, and numerous grades of Turkish tobacco are all merged into one—Chesterfield tobacco.

This welding or Cross-Blending goes beyond ordinary blending or mixing tobaccos together. It actually makes every kind of tobacco in Chesterfield partake of the qualities of every other type.

It's the Cross-Blending of fine Turkish and Domestic tobaccos that gives Chesterfields a distinctive, better taste.

They are milder. They have a flavor and aroma which, we believe, you will like.
