A deluge of hysterical and semi-idicite lying, and dramatic acting ally, can be expected between now and Mrs. Voter are showing a deter-mination to rebuke rabble-rouaing and chronic falsifying at the polls. The people, chastened by springtime distortion of the Truth and the Facts, here decided to end civic turmoil distorition of the Truth and the Facts. have decided to end civic turmoil by alapping the "martys" back to their mash-stir ring, and other activi-ties that come under the head of "too bad" if caught. Candidates will be chosen for their ability, not their good looks, powers of visualizing and meed of a job, for which they possess no qualifications whateover. Folks are decidedly weary of imputing dis-homesty to all men and motives, and, the boasts of an egolist with a grouch that all holiness is wrapped up in one pair of golf pants, that do not fit. Elander and character assassina-tion have had their paroles revoked.

have had their paroles revoked. If there is any justice in the world (there is none in Jackson county), the autoists and windowists will sneak out tomorrow night and smear soap over the kids' necks.

. . . Many of our upstanding citizens have gone over to Klamath county to recline in a muthole all day, in-cluding sunrise and sundown, and imagine they are engaging in the sport of duck hunting.

PHOTO OF EVERYBODY. (Sam Blythe, Sat. Fve, Post) Wherefore, when the reverses me, when this country fell from came, when this country fell from prosperity to poverty, what did we do? What did those steriling exemplars of the bone and sinew of this great republic. Mr. and Mrs. John Citizen do? Did these estimable people take any blame for allowing the conditions that brought about this situation to develop and continue, and for electing men to office who, if they didn't foster those conditions, at least did nothing to stop them? Not at all. They began running around in clicks and shouting curses at the party in power, and curses at the party in power, and the head of that party, the president. It was all his fault-Hoover's.

. . . There has never been a time, in the memory of the oldest inhabitant, when there was so little cussing or complimenting of the weather, as now. In normal years, when perfect days like these come, they were too perfect, and doing all kinds of ruin to the wheat, the fruit, and the fab-ne. This full all are too hurs with ing. This fall all are too busy with

The "Three Musketeers"

T has been frequently stated "you get just what you vote for." This has always been true. It is true today,-particularly concerning three candidates for county office,-Fehl for county judge; Wilkins for district attorney, and Zundell for sheriff. Here we have the "Three Musketeers" of local politics in all their glory,-hand in hand, shoulder to shoulder, "All for one, and one for all."

. THEY are men of different ages and varying attainments. They have no partisan kinship. One is running as a Republican, the other two as independents. Only a few weeks pathology or fact we have been reliably informed that Fehl informed Wilkins that if the latter attempted to speak at the Fehl meeting, that night, he would be thrown out on his ear. But today, all are united, under a common bond of undying fealty and eternal friendship-a vote for one is a vote for all, a vote for all is a vote for one.

WHAT has brought this miracle about! What righteous cause, has welded such divergent types, into perfect to be epileptic. The characteriatic which distin-ght, three hungry hearts that beat as one! The interval of the selfures are periodic and each stick is unhered in by an peace and harmony,-three political souls with but a single thought, three hungry hearts that beat as one!

That is plain-so plain that those who run may read.

in common.

But that is enough. Divorced and scorned when he opposed this issue, by renouncing that stand and completely reversing himself, Mr. Wilkins has been forgiven, and is once more the connect and conditional and distributed and distributed to the take to ascribe the headache to the istance is a common man-take to ascribe the headache to the take to ascribe the headache to the istance is the truth is that the stomach is upset by the

properly anointed candidate for District Attorney, again a trusted brother in arms. CANDIDATE Zundel naver opposed the recall. But two weeks ago, he declared to a representative of this news. Danage that he hed takes as a contract of the recall is due to "billousness" what he was a contract of the recall is due to "billousness" what paper, that he had taken no stand on it, and refused to state ever that may be, and on this stall

WHAT does this mean? In the first place it means expense -a heavy expense to the taxpayers of Jackson county. for special elections cost money and the people must pay. What else does it mean ?

IMPOSSIBLE!

It means no rest from this noise and fury, this internal and ETERNAL dissension and strife, after the present election is over. Nothing disrupts a community as does a recall-ANY recall. But the attempted recall of a judge, as generally respected and beloved as Judge Norton, would simply blow things county is not made to suffer again! in Southern Oregon wide open, rendering any internal unity or harmany, any benefit from the return of better times, utterly

S⁰ there you are again! You get just what you vote for. If you want this recall, if you WANT a continuation of this political snake dance, a continuation of this mud slinging, character assassination, and trouble making, then all you have to do when you enter the booth and cast your secret ballot, is to vote for these three candidates, or any one of them.

IF YOU DON'T WANT IT. If you DON'T favor this recall. If you want a few weeks peace and quiet, an end to all this hullabaloo for a time, then vote against them, and vote for the candidates who also oppose it-for with the exception of these three, all the candidates do oppose it.
