

WOMEN'S CLUBS NEED CHAIRS IN CITY HALL SUITE

Rooms in the new city hall, recently rented by the women's clubs of Medford, will soon be ready for meetings of the numerous organizations. It was announced today. Rearrangement and decoration of the rooms is nearing completion and furnishing is the next step in the club program. Chairs are badly needed and anyone with a contribution is asked to get in touch with the alterations committee, composed of Mrs. G. R. Satchell, well of the Greater Medford club, and Mrs. Maude Chapman of the Business and Professional Women's club, Mrs. A. J. Hanby, chairman of the Greater Medford club board requested this morning.

Through the cooperation of Mayor E. M. Wilson and the present city council the rooms have been made available and the club women, who have been in need of them for many years, are anxious to furnish the rooms well. Through the removal of a partition on the floor, formerly occupied by the circuit court, a room, 21 by 40 feet in size, has been arranged. There is also a large kitchen and rest rooms included in the club suite.

The Greater Medford club is putting in a piano. The kitchen is equipped with a range and a number of clubs have already spoken for meeting dates in the quarters. Chairs are at present the greatest need. Mrs. Hanby heads the Greater Medford club board, and Mrs. R. C. Mulholland is secretary-treasurer of the board, which is leading many of the plans.

GOLD BEACH FOR CLOSE OF ROGUE

The following communication from Wm. E. Bean, president of the Gold Beach chamber of commerce, to the Oregon Journal would show change in attitude of business men of the seaside town toward closing of the Rogue river to commercial fishing: "Gold Beach, Oct. 27.—To the Editor of the Journal—Gold Beach business men, for years leaders in the movement to keep the Rogue river open to commercial fishermen, are ready to vote and campaign for a closed river. Two years ago every business man but one signed the petition for an open river. Now all but one or two of that same group are in favor of a closed river. We figure that every fish caught in the Rogue by sportsmen is worth \$10 to Gold Beach. This year, with canneries paying only a cent and a half a pound for fish, many of the commercial fishermen didn't make a living. Figures given out by the canneries show the average fisherman made only \$20 a month. And of the 114 men on the river this year during the commercial fishing season only 34 were Gold Beach fishermen. By closing the Rogue to commercial fishing, Gold Beach hopes to win the year-round reputation as a fishermen's paradise.

"WILLIAM E. BEAN, President, Gold Beach Chamber of Commerce."

Fruit Growers Have Interest In Truck Bill
According to Eads Brothers, of Eads Transfer company, passing of the freight truck and bus bill would mean higher cost to the fruit growers for moving their fruit. The Rogue River Traffic association and the Fruitgrowers' league realize this and have gone on record as opposing this drastic bill. Mr. Eads also states it is his opinion that "if the selfish interests back of this bill succeed in passing it, there is no doubt that further legislation will follow similar to that before the Alabama legislature at the present time. The Alabama bill affixes a tax on the private truck amounting to 5 cents a mile on a five-ton pay load. Any truck would be unable to operate under such high tax, consequently if the bill passes, the purpose of the bill will be accomplished and freight will be returned to the selfish interests at the cost of the taxpayer."

"Statements have been made that this bill will not interfere with the operation of the logging trucks," said Mr. Eads. "Anyone that has read that 8000-word bill knows better, as logging trucks operate in class seven and this bill is aimed at this class more than any other."

For the good of the community this bill should be defeated, according to Mr. Eads.

FITTS WILL TALK AT G. O. P. RALLY HERE FRIDAY EVE

Buron Fitts, who will speak at a Republican meeting in the Natatorium tomorrow (Friday) evening, is the most noted man who has spoken in Jackson county during this campaign, and every man and woman, irrespective of party, who enjoys a good, clean, practical talk and wants to hear the issues in this campaign

Buron Fitts

clearly presented will miss a treat if they do not attend the meeting. It will close the campaign for the Republicans in this county except radio talks on Monday night.

Mr. Fitts has not only proven his ability as a prosecutor in the Asa Koyes and Almee Semple McPherson and other criminal cases, but some idea of his popularity is shown by the primary election in California. The law there is if a man receives a majority of the total vote cast in the primary he is elected and does not have to run in the general election. As the primary recently he received a majority on the Republican ticket over his competitors and therefore won the election.

In an interview at Portland yesterday, Mr. Fitts said in answer to the question, "Will Hiram Johnson pack the Republicans of California into the Roosevelt camp with him?"

"No, sir!" "I honestly feel that California will go for Herbert Hoover. I think the people of California realize they have a lot to be thankful for in having Hoover as president in this crisis," he continued.

"These so-called Republican senators who are whooping for Roosevelt now are not changing any votes worth while. Their present followers are simply people who have long been out of the Republican party. Johnson, who was once very popular down our way, won't change 1000 votes in the state. We know him too well. And we'll take care of Mr. Hiram two years from now."

The meeting Friday evening will be in charge of the Veterans' Republican club, Mr. Fitts being a disabled war veteran, who saw service overseas.

The Oregon Lumberjacks will furnish music prior to the speaking. People from all over the county will arrive to Medford to hear this address, and from reports elsewhere of Mr. Fitts' meetings will greatly enjoy his address.

Mr. Fitts will also speak over KAMEL tomorrow noon, from 12:15 to 12:45.

Farmers of Oregon! Private Truck Owners! The Freight Truck and Bus Bill DOES NOT INCREASE by ONE CENT the license fees of 20,000 farmer-owned and other privately-owned trucks. It DOES NOT restrict or interfere with the operation of such trucks. It will eliminate the big trailer, cut load weights to 17 tons, lengths to 40 feet. It affects the operation of for-hire trucks which are conducting business for profit on the highways and which use and damage our highways without adequate payment and with little regard for the safety of the traveling public or the working hours and conditions of labor of truck drivers. LOWER License Fees... The Farm Truck Owners Association of Marion County believes that license fees on Farm Trucks and Private Trucks should be reduced and can be reduced by this Bill without danger to Oregon highway construction. The association has no interest in the railroads—it holds no brief for the BIG PORTLAND TRUCKING OUTFITS that use the highways perhaps more than all the farm trucks and private trucks in the state put together. Motor transportation matters in Oregon are in a mess. The association stands for a scientific investigation of all truck fees and pleads for sound regulation in the interest of the state and its people. This Bill Favors Farmer The Freight Truck and Bus Bill provides for an investigation by the State Highway Commission which should result in legislation that will help the farmer and the private truck owner.
