

### ELECTION NIGHT PARTY OF ELKS TO LURE CROWD

At last night's regular meeting of the local Elks lodge plans were formulated for many coming events on the lodge calendar and committees named to handle the various activities.

The dance committee, Robert Strang, Charles Gilbert and Grover Corum, rendered a report on the Halloween dance and told of plans for the next Elks' dance to be held Thanksgiving eve, November 23. Plans have already been started and Elks may expect another fine dance at that time.

The big national Elks' election night party for all active and unaffiliated Elks to be held in the temple next Tuesday night was discussed in detail and the program made public. The festivities will start with a banquet in the basement dining room at 6:30 which will be free to all members and former members. Following this there will be various kinds of entertainment running in all sections of the building, and interspersed through the evening hot election news from The Mail Tribune tabulations will be broadcast. Jerry Jacome is in charge of the entertainment and P. C. Bigham will take care of feeding the crowd.

It was announced that the annual Thanksgiving turkey party will be held the Thursday preceding Thanksgiving and many Elks will carry home fat gobblers, sides of bacon or hams as proof of their contributions to the charity fund. A large crowd is expected and plenty of fat birds have been purchased for the event.

On recommendation by the grand lodge, a lodge activities committee, consisting of Cole Holmes, E. W. Winkle, Ray Wright, Diamond Flynn and W. A. Franler was named. This committee will have charge of all entertainment features for the remainder of the year, and will execute plans to increase the use of the club rooms by the members. John A. Waite reported on the activity of like committees in several southern California lodges recently visited by him, and the committee plans to adopt some of these ideas here.

### MRS. DIXON WINS \$25 WITH ESSAY ON TRUCK BILL

Considerable interest was shown in the essay contest conducted by the Pierce Auto Freight Lines on "Why the Freight Truck and Bus Bill Should Be Defeated." Three prizes were offered, first prize \$25, second \$15 and third \$10. Mrs. Helen Dixon won first prize, T. L. Hewitt second, and L. M. Bates third. The winning essay of Mrs. Dixon is given below:

I hope in this article to convince the voter, that a vote favoring the Highway Protective Bill is a blow at one of the chief industries of our state.

The trucking business has grown rapidly, offering as it does, quick, economical service to all sections, however remote, and which have never before enjoyed such service.

Our own community, situated as we are without water facilities and served by one railroad, would suffer hardships in marketing our fruit and transporting box shooks.

The bill prohibiting the use of trucks whose weight exceeds when loaded 34,000 pounds. The use of trailers, enabling hauling of total load of about 36,000 pounds is prohibited, although this minimum load is necessary for profitable operation.

The clause limiting the loads of motor fuel to 2,500 gallons would result in the abandonment of this economical service with its costly equipment, or being taken to states with more liberal laws.

Unquestionably this bill is sponsored and financially aided by rail interests exempting motor busses from the proposed tax.

Will you vote to force legitimate business into bankruptcy, a business in which millions of dollars are invested, which already pays large share of state and county taxes, to increase freight rates, and living costs, and an industry that over 25,000 people are dependent on for a livelihood? Save a legitimate, necessary, dependable business that gives maximum service at minimum cost. Investigate carefully and you will Vote "NO."

## STOP THIS HOLD-UP VOTE NO ON REFERENDUM MEASURE 307

FOR the third time the Oregon Legislature has attempted to hinder the manufacture and sale of that vital food product, oleomargarine. Twice it has been voted down by the people. This third attempt is the most vicious of them all.

Over ten thousand families in Oregon are receiving public relief. There are more than seventy-five thousand unemployed in the state. Remember these people and vote against the Oleomargarine Tax.

Kill it now—before it can reach its greedy fingers into your home; into every home in Oregon. Kill it, or there will be other food gouges inflicted upon you. Go to the polls next Tuesday, November 8. Vote 307 X NO.
