

### ASK CITY WIDEN BOTTLE NECK ON EAST MAIN ST.

#### Property Owners Seek Expenditure of Relief Funds In Enlarging Artery for Traffic—Budget Delayed

The budget recommended for 1933 by the city committee was presented to the city council last night and returned to the committee with a request for further consideration of the expenditure of the \$6000 provided for emergency relief work. The total budget recommended for the coming year is \$171,694.70, which is slightly lower than the 1932 total.

A committee of east side property owners appeared before the council, asking that the widening of East Main street, one of the projects proposed for expenditure of the relief fund, be continued from Riverside to Almond street. Speaking in the interests of this project were Mrs. Alice Coppin and Dr. E. R. Elliott.

Requests vary. Other citizens have asked that the widening be extended from Riverside to Bear creek bridge only, and still others that no definite specifications be attached to inclusion of the relief fund in the budget for the new year.

The matter will be settled by the budget committee Thursday night at the final meeting before publication.

A committee from the Medford Association of the Unemployed appeared before the council, asking that the appropriation providing for the hiring of an executive for the association be continued beyond January 1, at which time the present appropriation expires. This office is now held by Harry Moore and the city appropriation provides a salary of \$75 a month for the executive, chosen by the association. The Unemployed Relief committee thanked the council for the service made possible during the past year and praised the work accomplished by the executive, stressing the need for continuance. The demand, it was pointed out, will not expire January 1, but increase with the advancement of spring.

To Hear Plan. The committee was instructed by the council to appear before the budget committee with the plan Thursday night.

City Attorney Frank Farrell was instructed to attend the public hearing in Portland, November 17, relative to the regulation of public utilities, following the reading by Mayor E. M. Wilson of announcement of the meeting and a special invitation to Medford to send representatives.

Councilmen F. M. Kershaw and C. A. Meeker were absent from the meeting.

### ELIZABETH WELCH PASSES, AGED 75

Elizabeth Waterman Welch, wife of Willard D. Welch, passed away at the family residence, 115 South Main street, Tuesday after a very short illness. Mrs. Welch was born at Johnson, Vt., August 19, 1857. She spent her childhood in Johnson, Vt., and was a former resident of Waterloo, Iowa, living there for seven years, where she was united with the Presbyterian church, and had lived in Medford for the past 27 years. She was a member of the Medford chapter, D. A. R., and Eastern Star, of Johnson, Vt.

Elizabeth Waterman was united in marriage to Willard D. Welch, April 19, 1888, at Johnson, Vt., three daughters being born to the union: Mrs. Bertha H. Gallagher of Mansarovar, N. Y.; Mrs. Flora Carpenter of Medford; one daughter (deceased). Five grandchildren and one brother, Thomas A. Waterman, of Medford, also survive.

Funeral services under direction of the Perl Funeral Home will be announced later.

### GLEEMEN DELAY CONCERT DATE

Taking into consideration the fact that Medford is bending every effort to make the football game Saturday a great success, and unwilling to hamper the realization of this goal by offering a counter attraction on a date so closely conflicting, the Medford Gleemen, at their rehearsal last night, decided to postpone their concert two weeks, until December 6. The 85 members were practically unanimous in the decision when it was pointed out that the sale of concert tickets might detract in some degree from the attendance at the game.

The later date will compensate in measure by giving the chorus additional time for intensive rehearsals and will add to the polish of the performance. The sale of tickets will be opened next week instead of this, as was planned before the postponement.

## Tribute to First Airmen Complete at Kill Devil

KILL DEVIL HILL, N. C., Nov. 15.—(AP)—A lasting tribute dedicated to the age of man-made flight and to two brothers who made aviation possible stood today amid the shifting dunes of Kill Devil hill.

Here at aviation's birthplace, workers began 22 months ago construction of a 60-foot high granite pylon atop a 95-foot high dune. Today, the memorial to Wilbur and Orville Wright stood complete, its base anchored with brass 35 feet below the dune's summit to outfit the flocks, shifting sands where the world's first successful airplane soared upward under its own motor power Dec. 17, 1903 with Orville Wright at the controls.

A walkway comes up and around the monument from the back of the hill to the front where steps lead through massive steel doors to a room inside.

On the doors are eight panels picturing man's effort at flight until the time the Wright brothers made their successful venture.

Stairs go to the monument's top where a revolving beacon will guide shipping. Around the hill 11 floodlights are planted.

The structure's base is star shaped and from its center rises the shaft, carved with designs showing the sweep of flight.

Built under supervision of the quartermaster corps of the war department, the monument cost approximately \$275,000 and was constructed under authorization by congress.

Around the base of the pylon is a testimonial: "In commemoration of the conquest of the air by the brothers Wilbur and Orville Wright. Conceived by genius, achieved by dauntless resolution and unconquerable faith."

Formal dedication exercises will be held next Saturday at which Secretary of War Patrick J. Hurley will be the principal speaker.

### CATTLE STEALERS RESUMED IN AREA POLICE INFORMED

(Continued from Page One) Indicated it was the work of someone acquainted with the district.

The slaughtered animal was watched for a long period, in expectation that the cattle thief would return for the balance of the meat.

This is the second cow reported wantonly butchered in that district in a month.

Stockmen throughout the county, according to the authorities, are watching their stock, which is now in the ranges for winter feeding. Several butchering have been reported from the eastern section of the county, and the Sixtytwo foothills.

The authorities report that the losses are not on a commercial basis, but just petty thieving of people seeking a supply of meat, and wasting more than they take.

### TO HEAR PLEA OF GOLD HILL PROF.

Argument on application for an alternate writ of mandamus, is scheduled for hearing next Monday, in the suit of George E. Melinger, against the Gold Hill school district. Melinger, former head of the school, was ousted last September shortly before the fall opening of school.

Melinger, in his legal move, asks that the court issue an order compelling Bertha Coy, clerk of the school board, to sign and date his contract. Melinger claims that a contract in his possession is valid; the school board that it is invalid, and that the clerk cannot sign the purported contract, and if she did, it would have no bearing upon its validity.

Melinger also claims that the Gold Hill school board acted without authority in ousting him.

### Darby To Start Turkey Receipt Thursday Morn

O. C. Darby, local representative for the well-known Scatena-Gall Fruit company of San Francisco, announces that starting Thursday he will receive turkeys for shipping for the Thanksgiving trade. The Scatena-Gall Fruit company has a long standing record of forwarding checks to raisers the day after the turkeys arrive in San Francisco, according to Mr. Darby. Turkeys will be received at the Darby Fruit Co., 237 South Fir street. A. L. Schivo, a representative of the Scatena-Gall Fruit Co., is in Medford assisting Mr. Darby in the grading.

### Bromley Reports Portland Hopeful

Horace Bromley of Copco is expected home tonight from Portland and way points after an absence of several days in the interests of the company. According to a letter to friends here, Mr. Bromley found a better business outlook in Portland since the election, with particular hopefulness that the choice of Joseph K. Carson as mayor will mark a new era in the city's progress.

## BANK RESOURCES INCREASED OVER RECENT QUARTER

### Comptroller's Report Shows \$198,284,000 Boost in National Banks — United States Bonds Purchased

WASHINGTON, Nov. 15.—(AP)—The comptroller of the currency reported today that the 6085 reporting national banks in continental United States, Alaska and Hawaii had resources of \$252,585,995,000 on September 30, an increase of \$198,284,000 over the previous quarter, but a decrease of \$5,180,809,000 from the same quarter of 1931.

Loans and discounts, including redemptions, on September 30, amounted to \$9,919,662,000 and showed decrease for the three and 12-month periods of \$392,014,000 and \$2,550,273,000 respectively.

U. S. Bonds Bought. Investments in U. S. government \$3,662,669,000 showed an increase of \$310,000,000 since June 30, 1932, and an increase of \$373,402,000 since September 29, 1931. Other bonds and securities held amounting to \$3,750,623,000 showed a decrease of \$83,363,000 since June 30 and a decrease of \$599,393,000 in the year.

Capital stock paid in totaled \$1,563,232,000 which was \$5,751,000 less than in June, 1932, \$93,142,000 less than in September, 1931. Surplus funds of \$1,205,939,000 and net undivided profits, excluding reserve accounts, of \$308,394,000, a total of \$1,514,333,000, showed decreases in the three and twelve months periods of \$47,623,000 and \$411,442,000, respectively.

Notes Increase. National bank notes outstanding amounted to \$748,080,000 in comparison with \$652,068,000 on June 30, and \$631,589,000 on September 29, 1931.

Deposits on September 30, 1932, aggregated \$17,681,917,000, showing an increase since June of \$221,004,000 but a decrease in the year of \$2,697,467,000. Total deposits on the date of the last call included balances due to correspondent banks and bankers and certified and cashier's checks outstanding of \$2,221,081,000. United States deposits of \$374,150,000, other demand deposits of \$7,948,753,000, and time deposits of \$7,237,933,000. The latter figure included deposits evidenced by savings pass books of \$5,035,483,000, represented by 13,875,578 accounts, time certificates of deposits of \$1,913,745,000 and postal savings of \$292,039,000.

Bills Payable Drop. Bills payable of \$337,262,000 and redemptions of \$106,382,000, a total of \$443,644,000, showed a decrease of \$63,248,000 since June, but an increase of \$119,446,000 since September of last year.

The percentage of loans and discounts to total deposits on September 30 was 56.10, in comparison with 58.88 on June 30 and 61.24 on September 29, 1931.

Reporting national banks on September 30, 1932, showed a decrease of 873 during the year.

### IRENE MORROW IS CALLED BY DEATH

Irene Edna Morrow passed away at her home north of Central Point at 8:15 p. m., Tuesday, at the age of 15 years. Miss Morrow had been a student in the Gold Hill school until ill health prevented her attendance.

She was born at Riddle, Douglas county, June 7, 1917, and came to Central Point with her parents seven years ago. Besides her parents, she leaves one sister, Violabella Morrow of Central Point; also one aunt, Lola Horn of Hood River, and one uncle, Andy Rand of Portland.

Funeral services will be held at the Conger chapel at 10 a. m., Friday, with conducting services in Jacksonville cemetery.

### Oregon Weather

8:00-8:30—Eventide.

## CIVIC LEAGUERS ENCOURAGED BY RECENT BALLOT

(By Jeunesse Butler.)

Although the petition voiced in the opening prayer, "May we not minimize the task that lies before us," sounded the grave keynote of the meeting last night of the Jackson County Civic League, the general tone was far from minor. On the contrary, members appeared to find reasons for feeling encouraged, and are apparently approaching their arduous duties with the courage born of a high purpose, having discovered in their very defeat the secret of future victories.

Among the several causes for a mild rejoicing, were the wet and dry results of the recent election, particularly those from Jackson county precincts. The small wet majorities in many instances, and the fact that Jackson county's wet majority of only 1,000 was the smallest in the state, seemed to indicate that the efforts of the league had not been entirely in vain. The report of the treasurer, showing finances of the organization to be in a healthy condition, was also considered gratifying.

A carefully planned program of action will be undertaken as the first task of the league, with education and legislation as paramount considerations. It is felt that education should begin in the schools, while a permanent legislative committee will consider and contact city, county, state and national representation. Resolutions of approval and support will be sent to certain officials, it was decided, and the coming Constitutional convention is eagerly anticipated.

Other ideas advanced for the promotion of the "dry" cause, included the plan to unify various organizations throughout the state, to appoint permanent committees and invite speakers to address the meetings of the league, for the purpose of acquiring reliable information.

The meeting adjourned, to convene hereafter on the third Tuesday of each month.

## Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

## ELKS' TURKEY PARTY THURSDAY NIGHT TO BOOST CHARITY FUND

Tomorrow night marks the annual Elks Thanksgiving-turkey party to be held in the club rooms immediately following a short lodge session. Net proceeds of the affair will go directly to charity and a tidy sum is realized annually. A good supply of fat birds has been secured by the committee in charge, as well as choice hams and bacon. Those members securing turkeys at this affair will have the option of receiving an order on a local meat market so they may enjoy their turkey at a later date if they desire.

Next event on the Elks calendar is the big Thanksgiving dance to be held in the temple Wednesday evening, November 23. The committee for this event has secured good music and plan elaborate decorations. The dance will be for all Elks and, as at the Halloween dance, each Elk may secure tickets for guests if he so desires.

Other events on the Elks calendar include the annual winter billiard tournaments and bowling tournament, both of which will get underway in the near future. In addition the lodge activities committee under the chairmanship of Cole Holmes, is planning numerous entertainments for the enjoyment of the members all through the winter season.

## FIRST OF ALL JOIN THE RED CROSS

## New Wool Skirts For School Girls

Mothers we ask you to see these new all wool skirts for daughter. They are in good-looking tailored styles in brown, navy blue and red. Just the skirt for school wear this winter and so inexpensive.
