The bride was gowned in wine-colored velvet long fitted lines with hat, pumps and other accessories to harmonize. She was unattended.

The ceremony was read in the presence of a few friends and relatives and the wedding followed by a reception at the Clement home attended by 30 guests.

Both young people are well known here, where they will be welcomed into the young married set. They will make their home at 115 East Twelfth street.

TAX DELINQUENCY LESS THAN LAST YEAR FOR COUNTY

The tax department of the sheriff's office reports that it has collected to date, on 1931 taxes, the sum of \$809,565. The amount listed for collection was \$1,416,286, without any credits for various exemptions and payments. This makes the delinquency about 42 per cent, slightly less than last year. Inclusion of the exemptions will cut the delinquency per cent down from five to seven per cent, it is estimated.

Of the total of the taxes collected, \$301,517.48 was remitted by the corporations of the county, such as the Southern Pacific, the California Oregon Power company and lesser utilities. The above figures will be considered by the budget committee in fixing the levies for the year. The budget committee is scheduled to hold a meeting as soon as it is definitely known what the state tax will be.

George Kueffer, an investigator for the state board of control is conferring with the county court today, on relief activities, and associated matters so that the worthy poor, and home owners in distress will receive the full benefits of the relief funds. One of the aims is to eliminate the bogus poor, and their rackets, that prey upon public sympathy. Steps are planned for the distribution of work the coming winter, so that it will be accorded to those who need it and not transient indigents, those with incomes they are endeavoring to keep intact.

The matter of a levy for relief is also a problem of the budget committee and it will depend upon state action. Federal funds for highway work, expected to be available next month, when the contracts for the Central Point cut-off, and the Siskiyou re-routing of the Pacific highway are let, will relieve some of the tension.

THANKSGIVING EVE DANCE IS PLANNED FOR ELKS, GUESTS

The Elks' club rooms resembled a poultry house last night when the annual Thanksgiving turkey party was in progress. There was an eager crowd of Elks present and fat birds were distributed in quick order. The committee in charge—Roy Pruitt, Lewis Ulrich and Leon B. Haskins—had things well organized and was able to turn over a nice sum to the charity fund as a result of the evening's entertainment.

A short lodge session was held prior to the turkey party, at which plans for the Thanksgiving dance to be held next Wednesday evening were disclosed. It was also announced that the bowling tournament will soon be under way on the club alleys, with eight teams competing for the club championship. The halftone billiard tournament will start next Monday night with Fletcher Fish and L. R. Baker playing the first game at 8 o'clock.

The annual "Christmas tree" party will be held at the Elks' club rooms on Wednesday evening, December 15. This affair is the means used to raise the most of the money expended in charitable work by the Elks' lodge and is looked forward to by hundreds of local Elks. Committees named for this year are: Relief committee, H. N. Butler, chairman; T. E. Daniels, W. O. Webster, Nick Young, Geo. Eads, Harry Marx, J. T. Davis, O. M. Selby, Geo. Porter, D. R. Wood, R. E. Koozer, J. D. Bell, A. B. Cunningham and Wm. Hammett; cashiers, Roy Pruitt, Fred Wahl and Treve Ludeman.

A Modern Will-o-the-Wisp

Do YOU remember the story of the "Will-o-the-Wisp," the light which lured travelers to their death in the impassable bog? Today we have a similar trap for the unwary. It is called "Cheap Furniture." It lures your dollars away and gives you nothing in return but dissatisfaction.

We have always felt that business is built on the "Confidence of the Consuming Public." People must secure satisfactory service from the furniture they buy or they will lose confidence in the store that sold it to them. Can quality be built into a suite of furniture which sells as low as \$39.50 or even \$49.50? Any one who has bought or sold furniture for any length of time can answer that. Can this type of furniture possibly produce the results which the customer wants? Any conscientious dealer who stops and thinks about this will quickly decide that he does not want to be responsible for such merchandise. It is not necessary to buy expensive furniture but, by all means, be sure that you buy good furniture!
