MEAD SHOWS NEW PLYMOUTH CARS - The new Plymouth Six, sensationally announced in the world's first international radio business conference...

Entirely new from bumper to bumper and from top to tires, the new Plymouth Six represents as finely balanced body design as the low priced field has ever offered.

Deepslipping radiator; wide, deep front and rear fenders constructed to conceal the chassis; a similarly styled gasoline tank; sloping hood louvers carrying out the lines of windshiled air radiator, this new six is styled in the smartest and most modern manner.

All closed cars have dome lights conveniently controlled by an integral switch within easy reach of driver or passenger. The switch is mounted on the left side of the engine. It is of the vibration type with provision made for proper adjustment. A radio antenna is built into the top structure of all closed cars.

The underbody has been designed to accommodate the new all-electric Phico Translone radio. Removal of metal plate exposes a receptacle into which the radio unit is placed. A device known as a Lynamotor, driven by the battery, replaces the "B" batteries generally used for supplying high voltages for the plate circuit.

Several carloads of butter were reported being rushed from east of the Rockies to relieve the coast shortage. New Zealand butter was offered, with freight paid here, at 12c a pound. With tariff added, it would be 26c.

The price along the coast was irregular. Los Angeles prices rose to with 92 score reaching 30c, but Portland prices declined 1/2 to 1c as liberal supplies were received, and Seattle quotations held even.

The advance here in the last 10 days is 6c a pound.

SAN FRANCISCO, Nov. 26. (AP) - Butter scored another advance here today, putting it up to 31c a pound for 92 score quality wholesale.

All exposed sheet metal which may be enameled or lacquered is first bonderized. Front fenders are double braced for a positive rigid structure. Running boards are of steel covered with molded rubber extending forward beyond the front door opening.

NEW FURNITURE FOR YULE TRADE - Weeks & Orr's have received another carload of furniture and Christmas merchandise...

During the past eight months this store has shipped into Medford nine carloads of furniture which has been sold at low prices due to the fact that they buy direct from the manufacturers and eliminate the profit of a "middle man."

The large display windows at Weeks & Orr's have been attractively decorated for Medford's Christmas opening to show some of the handsome new furniture and other artistic household articles of interest to every home owner.
