## MEDFORD OUTBIDS CITY PROMOTERS TO GET BIG BOUT

### Colorful Pair to Meet On 60-40 Basis — Maxie Rosenbloom Will Fight Winner Here Later Is Hope

Denny Lenhart and Leo Lomski, two of the best known and most colorful opponents of the flat art on the coast, will battle 10 rounds in the main event of Mack Lillard's next ring card here, December 9, at the armory, the promoter announced today following telegraphic confirmation of the date by both fighters.

Lillard was jubilant over lining up the fight for Medford, as promoters in several coast cities have been maneuvering to get the pair together in a ring for some time. The men will meet on a 60-40 basis, a fact which is calculated to stimulate their efforts, as the winner's end of the purse is necessary in a town of this size to cut much weight.

Lenhart carries the designation by no less an authority than Jack Dempsey as one of the best of the present crop of heavyweight scrappers of this country. Lenhart met Dempsey three times during the former champion's recent barnstorming tour and made the old Minnesota Mauler step in each of their engagements.

Lomski is no stranger to local fans as he has appeared here twice in recent months. He will spot Lenhart approximately five inches in height and 15 pounds in weight—a dangerous proceeding against an opponent with the record of Denny, who stands 6 feet 3 inches in his socks and weighs near 200 pounds.

Following the Lenhart-Lomski go on December 9, Lillard is angling for appearance here of Maxie Rosenbloom, world's light heavyweight champion, who is now in California. If negotiations with Maxie's manager, Frank Backman, bear fruit, the champ will meet the winner of the Lenhart-Lomski bout.

As supporting events on the December 9 card the promoter is scouting for suitable opponents for Terry White, Butte Falls coach, and Herb Killen, local favorite.

## ASHLAND NORMAL GRIDMEN HONORED

(By Ethel Phillips)  
SOUTHERN OREGON NORMAL SCHOOL, Ashland, Dec. 1.—(AP)—Coach Howard Hobson and his entire 1932 football squad, which finished its first season under the new mentor with four victories, one tie and one loss, were honor guests at a banquet given at the Lathia Springs hotel by the business and professional men of Ashland.

Professor Irving Vining acted as master of ceremonies for the occasion and called for the introduction of each of the team's players as well as the speakers of the evening. Commendation for the enthusiastic support accorded Southern Oregon Normal this year by Medford citizens was voiced.

Coch Hobson described briefly the athletic program for this year, taking in the basketball and baseball seasons. He also commented upon the prospects for next year's football team and outlined plans for the framing of the 1933 schedule. Medford would be included for at least two contests with leading small college eleven of the Pacific coast, Hobson said.

## RECORD BREAKING PLANE

Lt. Col. Roscoe Turner is pictured above with his new low-wing Wedell-Williams plane which recently broke the speed record for a round trip between Los Angeles and San Francisco. This is the same plane, owned by the Gilmore Oil company, which Col. Turner used when taking part in the National Air Races at Cleveland. The Gilmore ship was one of the three to break the former record held by Major Doolittle for the fastest flight between Cleveland and Los Angeles. Turner is now making plans for new record-breaking attempts with the fast ship.

## BABE HERMAN TO CUBS FOR CASH AND PLAYERS

CINCINNATI, Dec. 1.—(AP)—Floyd (Babe) Herman, heavy-slugging but erratic right fielder for the Cincinnati Reds in the season just past, today became the property of the Chicago Cubs—in exchange for four veteran players and a sum of cash.

The new man in the Red fold are Bob Smith, pitcher; Johnny Moore, outfielder; Lance Richbourg, outfielder and Rollie Hemaley, catcher. Sidney Weil, president of the Reds club, announced consummation of the deal last night after weeks of negotiation in which he said the Cubs management sought vainly to get Chick Hafey, bespectacled outfielder who was the National league

batting champion in 1931. Hafey will stay here, Weil said. Well asserted he and Donie Bush, the Reds' new manager, are "more than satisfied with the deal." The club, he explained, has been strengthened and he has more material for possible future deals.

Herman, now in Glendale, Calif., is more than satisfied, in the belief of Weil. Herman, said Weil, "was not especially happy here." He felt Redland field's expansive grounds cramped his batting, and although he did some brilliant hitting, most of it was in streaks. He drove into more double plays than any other man in the line-up. His batting average was around .325.

## ASHLAND HOPEFUL OF WINNING FINAL TILT WITH TIGERS

Medford will see its final football game of the season Saturday at Van Scoop field, when the Ashland high school comes to play the scheduled game, postponed from Thanksgiving day. The game will be called at two o'clock.

Ashland has not won a game this season, but is hopeful of putting a crimp in her traditional foe. The Burghermesters will present the first team as a starting lineup and will use second and third string members if the score justifies in the latter part of the game. The squad is in good condition.

While Medford is not taking the game very seriously, this is not the case with the Lithians, who hope to redeem a sorry season, with an upset victory, or a close score.

## Lucky Shot Cuts Rabbit From Grip Of Hawk's Talons

WAYNESBURG, Pa., Dec. 1.—(AP)—Farmer John W. Hull tells it as follows:  
Hunting near here he saw a large hawk swoop down, clutch a young rabbit in its talons and soar skyward. Finally remembering his gun, Hull blazed at the bunny, knocking it from the hawk's claws.

"The bird kept on going but the rabbit fell—oh, about 100 feet, and I just walked a few steps and picked it up."  
Hull's hunting companion, the Rev. Samuel Spencer, pastor of the Morrisville Methodist church, says such are the facts.

## BLIND BUYING

Merchants would be amazed if their patrons attempted to shop BLIND. FOLDED . . . Such a thought would be out of the question. Business men spend a lot of money to properly DISPLAY merchandise so that buyers may examine what they purchase . . . may be sure that FULL MEASURE is given . . . so they may KNOW that they are getting value received.

To buy ordinary "claimed" circulation is just like shopping blindfolded . . . An accurate audit of newspaper circulation is just like displaying merchandise—the merchant who advertises or the woman who places a classified ad KNOW what they are buying—there's no Guesswork! Because the Mail Tribune wants to DISPLAY ITS CIRCULATION, so that advertisers may KNOW what they are buying, this newspaper is a member of Audit Bureau of Circulation.
