THE CALIFORNIA OREGON POWER COMPANY

I never even thought of home washing before. But I've seen how easy it is to wash in a Maytag. And it seems silly to pay someone else to do such light work.

But don't confuse "buying a washer" with investing in a Maytag. A Maytag washes clothes cleaner...faster...with less work...less wear and tear on clothes...less cost per washing...and keeps on doing that for more years. It represents a permanent investment in household equipment and in actual dollars and cents savings.

Certainly a washer is an appropriate gift—if it's a Maytag. Come in and let us demonstrate and talk terms.
