VOLUNTARY PAY CUT PLEA FAILS

Comment on the Day's News

By FRANK JENKINS

There is a headline of the current week: "American Civilization Choose Between Technocracy Democracy, Says Savant."

Will it choose, all right. And we choose technocracy.

What is this technocracy, anyway? Not of puzzled people, who never get farther than the headlines, are that question.

It is about as good an answer as "It is the latest FAD."

TECHNOCRACY, as nearly as one may judge from the more clabbered nonsense that is appearing in the press, is a state of affairs in which everything and everybody are run by the engineers and "technicians," who first figure out just what ought to be done and then tell everybody just how to do it. It is a state of affairs in which the ideas, the plans, the money, the brains, the muscle, the five-year plan, which is apparently a monumental fizzle. Then the fiddlers took it up, and now it is the latest craze.

The world is always chasing some mad idea or other, and getting all mixed up about it.

Mr. Marx, for example, was going to make the world over by means of communism, and he had everybody talking about it excitedly for a generation or so. But communism does not work, because it goes against the laws of human nature.

It is proving that.

LITTLE more than a century ago, Malthus scared the world with a pale blue funk with his theory that population tends to increase faster than the capacity of the earth to produce food.

Since, if his theory was correct, time must come when EVERYBODY must starve to death. He had the loose thinkers and easily frightened persons fairly quaking in their boots.

People of that sort, you know, just LOVE to be scared to death.

WE KNOW now how abysmally absurd Malthus' theory was, for the world has demonstrated quite convincingly its capacity to produce the food it can possibly consume.

If you want a REAL JOB, try to convince some modern farmer that the world is going to starve to death through lack of ability to produce enough to keep its population fed.

APPARENTLY we just HAVE TO HAVE some bugaboo, for people of a certain type positively insist on being scared to death.

The favorite bugaboo of the machine production. The machines are going to take everybody's job away, and so we shall all starve to death through lack of a job—just as everybody is going to starve to death in Malthus' day through lack of capacity to produce food enough to support the growing population.

But know the story. It is being told on every side, and those who are alive shivering deliciously as they picture the awful fix we are in are in for a long time if the machines keep up their dirty work.

THE theory of destruction by the machine is a perfect THEORY, as Malthus' theory of ultimate destruction through lack of capacity to produce food enough to go around is perfect. Both can be demonstrated by logic.

But Malthus' theory went to the scrap heap, and people now laugh it to scorn. If you want to get the machine boot, spring the Malthusian theory of starvation at some meeting of the Grange.

The theory of destruction by the machine will go to the scrap heap the same way, and people a generation or so hence will cackle derisively when it is mentioned.

WE ARE having some trouble with the machine right now, to be sure. We haven't learned to MANAGE it.

Your father had plenty of trouble with his first automobile some 25 or 30 years ago, because he hadn't learned to manage it yet. But he learned his way out of his difficulties and learned so thoroughly how to

COUNTY OFFICIALS NOT PRESENT FOR COMMITTEE CALL

Haste Necessary if Reduction to Be Embodied in Budget—Divergent Attitudes Found in Canvass

The committee seeking a voluntary cut in fixed salaries for county officials, reported to the county court this afternoon that they had interviewed all new and old officials, and all refused to subscribe to the movement.

Sheriff Jennings said he was willing to voluntarily accept the cut, if other officials did the same.

The efforts of the committee of citizens, headed by A. W. Pipes, to have county department heads voluntarily accept a 25 per cent cut in their salaries, which are fixed by state law, up to noon today had come to naught. The committee, however, was endeavoring this afternoon to get a specific statement from each old and newly elected county official relative to his attitude. This committee was to report back to the county court this afternoon in time for the county court to include the reductions, if any, in the budget for the year, which must be certified today. None of the officials attended the meeting.

Pipes, spokesman.

The committee, which met with the county court, was composed of Hamilton Patton, John W. Johnson, Emil Mohr, A. W. Pipes, Geo. Iversen, James E. Collins and W. W. Gregory.

A. W. Pipes as spokesman for the committee informed the county court "that we want to be fair to the officials, but it is imperative that they make a decision now, so the changes can be embodied in the budget. It is a matter of \$4000 or \$5000 and of interest to the taxpayers in these hard times."

The county court explained that it notified the officials of the session called for 11 o'clock, and informed the committee that some of the officials had flatly refused, others remained neutral, some desired a postponement until next Tuesday and that one—Sheriff Ralph Jennings—had agreed to accept the voluntary cut provided other officials did the same.

Two Absent

School Superintendent C. R. Bowman is in Portland and Gordon L. Schermerhorn, who faces a recount for sheriff, is supposed to be in northern California.

The county court informed the committee that a bill calling for a 25 per cent slash in elective officials' salaries would be presented by Governor Meier to the next legislature as a part of his economy program.

Speakers at the session commented upon the fact that at both primary and general elections all candidates, while making speeches to the voters in city and country, stressed economy and adopted it as their main aim and slogan.

ARREST FOLLOWS WOMAN'S HEARING BY GRAND JURORS

Sudden Arraignment of Trunk Murderess for Long-Sought Chance to 'Tell Whole Truth' Gets Results

PHOENIX, Ariz., Dec. 30.—(AP)—J. J. Halloran, Phoenix lumberman and sportman, was indicted by the grand jury today in connection with the Winnie Ruth Judd murder case and shortly afterward accepted a bench warrant charging that he was an accessory in the slaying of Agnes Onne Lerol and Hedvig Samuelson. Halloran appeared at the court house almost immediately after the superior court had notified him of a secret indictment and bench warrant. He posted \$3,000 bond and was released pending preliminary hearing Tuesday.

The charge against the lumberman was based on alleged attempted concealment of a crime. He was not charged with implication in the slayings. The maximum penalty upon conviction would be five years' imprisonment.

Told "Whole Truth"

The indictment came two days after Winnie Ruth Judd, condemned to die for the slaying of Mrs. Lerol, and under a second charge of murder in connection with the death of Miss Samuelson, told her long threatened alleged "whole truth" story to the grand jury.

The true bill charges Halloran, "well knowing the said Winnie Ruth Judd to have committed the said crime of murder, and with full knowledge that a felony, to-wit, murder, had been committed by the said Winnie Ruth Judd, did then and there conceal the commission of said crime from the magistrate and did harbor and protect the person of said Winnie Ruth Judd."

Halloran's name came into the case during investigation of the slayings, prior to Mrs. Judd's trial, as a friend of all three women. It was testified at the trial that he, with several others, was a visitor at the home of Mrs. Judd, and also at the apartment of Mrs. Lerol and Miss Samuelson, October 15, 1931, the night before the alleged date of the slayings.

Faces Gallows Feb. 17

He was subpoenaed as a witness by both prosecution and defense but was not placed on the stand by either side to testify before the jury which convicted Mrs. Judd of the murder of Mrs. Lerol.

REAL PROPERTY LEVY 2.9 MILLS IS ANNOUNCED

SALEM, Dec. 30.—(AP)—The total amount of taxes levied for state purposes and apportioned among various counties for the year 1933 is \$2,975,837, it was announced by the state tax commission today. The state levy on real property will be 2.9 mills.

The commission today issued its annual levy required by law before the first of January. No property tax was levied last year, while two years ago the millage levy was 4.5 mills. It was shown in the levy that the half mill for the world war veterans' state aid commission was again eliminated this year, following the procedure last year. The levy was on a basis of resolution of the bonus commission itself.

The total sum for public elementary schools, to be raised by a levy of two mills, will be \$2,075,568.93. The levy is made by the state but the money is collected and retained by the various counties. None of this amount reaches the state.

Of the tax for state purposes, revenue raised within the six per cent limitation will be \$1,565,047, while that to be raised outside the limitation will be \$1,410,790, the commission announced. The base for the 1933 state levy within the limitation was given at \$3,065,047.

The commission estimated receipts from revenue laws based on or measured by income for 1933 would be \$1,500,000. Estimated receipts from all other sources other than from revenue laws on income and tax apportionment was given at \$1,000,000. Credits taken in on unexpended balances of apportionment during the past biennium was \$600,000.

The revenue to the state, including estimated receipts and the property levy inside the six per cent limitation was totaled at \$5,265,047. This is about \$2,740,021 of the total requirements for 1933 forced to come inside the limitation, the requirements being listed at \$8,005,669. These figures do not include the amount of \$1,410,790, levied outside the limitation which was declared likewise required.

Of the total \$5,051,426 levy on real property including the elementary school tax which is retained by the counties, Multnomah county will be required to raise \$1,831,536, of which \$1,078,973 will go to the state. Marion county's apportionment will be \$246,944 of which \$145,476 will go for state purposes. Lane county, the third highest, has been apportioned \$241,967 of which \$142,191 goes to the state.

BANKS FILES NEW PREJUDICE CLAIM

L. A. Banks, through his attorney, M. O. Wilkins of Ashland yesterday filed another affidavit of prejudice against Circuit Judge H. D. Norton. In the suit of O. B. Waddell, acting for the Medford National Bank, in a suit filed ten days ago, seeking payment of two notes for \$4500 each. One of the suits is against the Bancrust Grange, Inc. L. A. Banks, the State Industrial Accident Commission and the Peoples Electric company. The other is for the collection of a mortgage against the Banks residence on West Main street.

The affidavit of prejudice alleging that the defendants cannot receive the "fair and impartial trial" is signed by Banks.

The State Industrial Accident Commission and the Peoples Electric company are named defendants as holders of liens.

A plea in abatement was also filed in the two cases, on the grounds that the plaintiff has no legal right to sue.

WIFE SLAYS MATE'S SECRETARY

Mrs. Leah Frazier, wife of the federal district narcotic chief at Jacksonville, Fla., shot and killed her husband's secretary, Maxine Murrell (last below). The shooting occurred on the post office lawn at Jacksonville while hundreds of Christmas shoppers looked on. Mrs. Frazier charged the secretary with trying to break up her home. Frazier was in a Miami hospital suffering from shock after learning of the tragedy. (Associated Press Photos)

TWO ARMY CAPTAINS AND WIVES KILLED BY NERGO

FORT HUACHUCA, Ariz., Dec. 30.—(AP)—The apparent brooding of a negro private over his demotion from the rank of sergeant was advanced today by army officers as a possible motive for the negro running amuck at this historic post late yesterday afternoon. Before the negro was finally slain by a negro corporal of the provost guard, two captains and their wives were slain and another white officer wounded.

Although there was no official statement of the motive for the killings, the investigating board of officers was emphatic in its statement that it involved "no breach of discipline."

The dead:

Captain Joseph B. Wessely, 45 years of age, of San Antonio, Texas, 25th Infantry, assistant to the post quartermaster.

Mrs. Wessely, wife of the slain officer, of Cedar Rapids, Iowa.

Captain David A. Palmer, 42, of Beverly, Mass., in command of Company M, 25th Infantry.

Mrs. Palmer, wife of Captain Palmer, the former Miss Mary Louwen of Dedham, Mass.

James H. Abernathy, negro private, quartermaster's corps, of Houston, Texas, slayer of the four.

First Lieutenant Harvie H. Matthews, 25th Infantry, assigned to Company K command, who was shot twice through both legs, will recover.

The official statement of the board of investigation summoned by the post commandant follows:

"Captain and Mrs. David A. Palmer and Captain and Mrs. Joseph B. Wessely were shot and killed and Lieutenant Harvie H. Matthews was shot and wounded at Fort Huachuca this afternoon by a negro soldier, James H. Abernathy, who enlisted at Houston, Texas. Abernathy was a member of the quartermaster's corps.

"No motive for the slaying is known to the officers at Fort Huachuca, but Abernathy undoubtedly was suffering from temporary insanity. He was employed as the filling station on the military reservation.

"All of the officers concerned were unusually popular with the men."

Col. R. S. Knox, commanding officer of the 25th Infantry regiment, who came here from his headquarters at Nogales, later amplified the statement.

"Insofar as the regiment is concerned, there is no breach of discipline, but on the other hand, there is a great commutation for Corporal Peter Hardie, Company L, member of the provost guard, who pursued and killed the murderer upon his own initiative."

Officers of the post unofficially advanced as a possible motive for the negro's mind to snap was his brooding over a recent demotion from the rank of sergeant. Abernathy had been involved in a fatal automobile accident.

W. C. T. U. LEADER WAS LOVE PIRATE

CHICAGO, Dec. 30.—(AP)—Mrs. Beata Bruer, under \$5000 peace bond on a disorderly conduct charge, resigned today as president of the Cook county chapter of the Women's Christian Temperance union.

The charge against Mrs. Bruer was made by Mrs. Amelia Lynch, who alleged alienation of the affections of her husband, Arthur J. Lynch, publicity agent for a prohibition organization.

Judge Joseph Graber said the two women appeared in his courtroom chambers yesterday said that Mrs. Lynch charged the woman temperance worker with visiting cabarets in her husband's company, paying his room rent and allowing him to live in her home.

Mrs. Bruer replied, the judge said, that her association with Lynch was in connection with a "survey on alcohol" which they were making.

PATTON IN CHARGE ALL RELIEF WORK

At a meeting of the allied relief organizations of the city this afternoon, Hamilton Patton announced that he had been appointed by County Judge-elect E. H. Fehl to have charge of all county relief work. The Red Cross, American Legion, P. T. A., Rotary, Jackson County Health association, Business and Professional Women, Girl Scouts, Boy Scouts and other agencies were represented. John C. Mann, head of the welfare association, presided.

Patton announced that the first task would be to make a complete canvass of the unemployed in the county, and that all relief agencies, excepting county aid, must operate through the county court, as represented by Patton.

Heads of the various relief agencies made brief reports of their activities.

State Tax Levy Fixed at \$2,975,837; Sales Tax Will Come Up in Congress

SALEM, Dec. 30.—(AP)—The total amount of taxes levied for state purposes and apportioned among various counties for the year 1933 is \$2,975,837, it was announced by the state tax commission today. The state levy on real property will be 2.9 mills.

The commission today issued its annual levy required by law before the first of January. No property tax was levied last year, while two years ago the millage levy was 4.5 mills. MISSISSIPPI DEM WILL INSIST PLAN RECEIVE HEARING

WASHINGTON, Dec. 30.—(AP)—Despite the reported opposition of President-elect Roosevelt to a general sales tax, Chairman Collier said today he would give the house ways and means committee an opportunity to pass on it next Wednesday.

The Mississippi democrat told newspapermen he was going to give the group "full opportunity to consider all proposed taxes, including the manufacturers' sales taxes," when it undertakes to formulate legislation designed to balance the budget.

The specific sales tax bill to be considered is that proposed by Representative McLeod (R., Mich.) providing a one and three-quarters per cent levy on manufactured products, exclusive of necessities of life.

WASHINGTON, Dec. 30.—(AP)—The \$100,000,000 agriculture department appropriation bill was passed by the house today and sent to the senate.

The measure was reduced \$118,066 during debate by the house, and the appropriations committee had pared about \$7,000,000 from budget estimates. The bill carries about \$206,000,000 less than that of last year. Most of the reduction was in road funds.

The agriculture bill is the third of the 10 annual supply bills to be passed by the house this session. The \$961,416,807 treasury-postoffice bill and the \$48,634,904 interior department measure have already been sent to the senate.

How much of this undercover activity is earnest remains to be seen. Senators have been known before this to threaten whispering in the senate to scare the bankers and brokers. It is significant that the Glass banking bill is coming up January 5. There is just a bare possibility that all this threatening may make the New York boys lay off that bill.

Bank agents already have word that the investigators will start at the top. They have passed information along to the chosen few that the first fry will be given Richard Whitney, head of the New York Stock Exchange. He is J. P. Morgan and Co. That is fairly near the top.

Whitney made monkeys out of the

JORDAN'S HEARING ON LONG SLAYING HELD IN ASHLAND

Preliminary hearing for Albert E. Jordan, Ashland merchant, charged with manslaughter for the death on Christmas day of Walter F. Long, Southern Pacific locomotive engineer, as the tragic climax of a trivial quarrel, was under way this afternoon in Justice of the Peace L. A. Roberts' court at Ashland. Jordan is represented by Attorney George M. Roberts of this city, the state by District Attorney George A. Coddling.

Long was mortally injured during the course of a quarrel Sunday in the kitchen of the Jordan home, when he fell to the floor, striking his jugular vein on the jagged edge of a ginger ale bottle. Long died shortly after his removal to a hospital and made no dying statement. A manslaughter charge was issued against Jordan last Tuesday. Jordan enters self-defense as a plea.

A dozen witnesses have been subpoenaed by the state. The case has attracted considerable attention in Ashland, where all parties concerned are widely known.

COURT SECRETARY CHOSEN BY FEHL

Montana Ranney, employe of the California Oregon Power company, announced this afternoon that she has been engaged as secretary to Earl H. Fehl, who will take office as judge of Jackson county next Tuesday.

Miss Ranney will also act as attendant of the court in the position formerly occupied by Victor Tengwald, local law student and United States commissioner for this district.

Miss Ranney has been employed by the California Oregon Power company for some time and was previously employed by the Daily News here.

SACRED PROGRAM Sunday Morning

Radio listeners are invited to listen for a special New Year's program, presented from EMMET Sunday from 9 to 10 a. m., consisting primarily of old sacred songs by a studio choir, a New Year's greeting by Allen O. Hess, and musical numbers by a mixed quartet and two vocal duet teams. A timely scripture will be read by Dr. W. H. Eaton.

As the program will be on the air before many of the regular church services begin, it is hoped many people in this locality will find a real inspiration in the songs and short messages.

Famed Attorney Friendly to Tammany Is Engaged to Conduct Market Quiz—Grudge Fight Promised

By PAUL MALLON.

Copyrighted by McClure Newspaper Syndicate.

WASHINGTON, Dec. 30.—Senate sleuths have just about decided what to do about that hot hidden trail they uncovered in the stock market investigation.

No. 1 sleuth was sent up to New York secretly last week. He went to see Max Steuer, famed attorney. His instructions were to try to get Steuer to conduct a real investigation of the stock market, beginning in mid-January. When he came back, word went around inside that arrangements would be made for Steuer's employment.

An announcement is promised after the holidays.

Steuer's friendly connections with Tammany are known to those who are trying to hire him for what they gleefully whisper will be the greatest senatorial investigation since Teapot Dome. Nevertheless he is supposed to have received a private O. K. from four members of the investigating committee.

How much of this undercover activity is earnest remains to be seen. Senators have been known before this to threaten whispering in the senate to scare the bankers and brokers. It is significant that the Glass banking bill is coming up January 5. There is just a bare possibility that all this threatening may make the New York boys lay off that bill.

28 AUTO CRASHES MONTH'S RECORD

During the month of December, 28 automobile accidents were reported at the city police station, an average of nearly one a day. However, collisions seemed more numerous the latter part of the month, with four reported for Christmas eve, and four for Christmas day. Three were reported on December 8, 17 and 27, and two on December 16.

WILL ROGERS SAYS:

BEVERLY HILLS, Cal., Dec. 29.—Mr. Hoover has gone on South fishing and from what I read in the papers the Democrats are planning for him I believe I would just keep right on fishing. I have always believed he made a mistake by not stepping out and turning the whole thing over to 'em on December 1st. There wasn't a chance of him and then sneaking on anything. It would have been a great big thing to have done.

Everybody is against the "lame duck," and this is the last one anybody. That would have given him an excellent excuse. They couldn't have accused him of quitting. Work it like President Wilson was going to. There would have been enough "lame ducks" followed his example that he would now be seeing what plans the Democrats had. As it is now we have two more months of logzearing and an extra session of congress. I would even leave 'em now and say, "Boys, it looks easy. Maybe you can fix everything before March 4th."

The Democrats would have to dig up some schemes mighty fast. Mr. Hoover would come out sitting mighty pretty. There wouldn't be a Republican on the Potomac to lay anything on to. As it is now, this is just a grudge congress—"where can we lay the blame congress."

Yours,

Will Rogers.

GOOD RECORD IN AUTO RECOVERY

From a total of 37 cars stolen from the streets in Medford during the year of 1932, all but two were recovered, according to figures compiled this afternoon by Chief of Police Clotius McCredie. Ten of the total number were allegedly stolen by Otto Rutzler, who is now in jail awaiting hearing before the grand jury. His bail is fixed at \$500.

The Ford roadster belonging to Arnie Christensen, stolen November 5, and the Chevrolet coach belonging to I. A. Dew of the Jacksonville highway, stolen December 7, were the only two cars not recovered.

Oregon Weather

Cloudy tonight with rain in west portion; Saturday rain in west and snow and rain in east portion; warmer southwest portion tonight; increasing southerly winds offshore.

DEPT STORE HEAD DRIVES AUTO OFF PORTLAND PIER

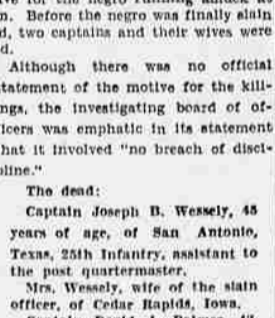

PORTLAND, Ore., Dec. 30.—(AP)—Hours of grappling in the muddy waters of the Columbia river brought no trace today of the body of Lee Schlesinger, 36, prominent merchant and sportsman, whose automobile was recovered from the stream last night.

The car had been driven at high speed off a dock at the end of a blind street in Vancouver, Wash. Schlesinger was last seen Wednesday night as he drove his car out of Vancouver Barracks after visiting friends. A sentry saw him take the street as he drove towards Portland. This street leads to the dock from
