## Allied Association Hears From Representatives of Units at Luncheon—New County Aid Plans Told

The Allied Welfare association met Friday at the Hotel Medford for a luncheon session presided over by Joan C. Mann, with reports given of representatives of various welfare agencies.

Dr. C. I. Drummond, county physician gave a short account of his work which covers the treatment of indigents in all parts of the county, school and general public health work.

Miss Lillian Roberts, Red Cross secretary announced that 100 people called in one day for grocery orders and that the one thousandth order blank had already been used showing the amount of work done by the Red Cross in cooperation with the county court.

Toys Distributed  
Mrs. Alice Coppin of the Business and Professional Women reported that gifts and toys collected at the organization's Christmas party had been given to the Red Cross for distribution.

L. C. Garlock, representing the American Legion told of the Legion's proposed cooperation in the matter of providing school lunches and said that the proceeds of the Legion's New Year's dance would be used for this project. Any necessary relief for members of the Legion is also taken care of by the organization, with transient members the largest problem.

Patton Tells Plans  
Hamilton Patton announced that he has been appointed by Earl Pehl to manage the county's relief work and that a complete canvass of the county's unemployment situation would be begun at once. Believing that there is a serious lack of coordination in the various relief agencies, Mr. Patton plans that any relief agency which wishes any support from county funds, must work directly through the court as represented by Mr. Patton.

Hereafter county work checks or warrants must be spent in the regular stores, and not at the commissary, the latter to be used only for relief cases.

Centralization Needed  
Rev. W. J. Howell endorsed the plan as outlined by Mr. Patton and emphasized the need for centralization of relief agencies.

Miss Mildred Carlton, president of the Jackson County Public Health association, which among its many other projects, helps pay the expense of the county nurses reported that more than 1,000 children had been thru the clinics, with approximately \$100.00 received for service, and an expense of over \$3,000, paid by the association.

Miss Carlton reminded the groups of Dr. Sweet's recommendation that special attention be paid to the care of teeth of children of the first and second grades.

County Complimented  
A request from the surgeon general of the United States for information and pictures showing the health work of Jackson county is a tribute to the rating of the county, according to Miss Carlton.

Mrs. J. Heyland of the Parents' Teachers' association told about her school lunches served and the need for this service in the local schools.  
Mrs. Edwin L. Knapp reported the work of the Women of Rotary in connection with assisting worthy needy families.

Mrs. R. E. Green voiced her appreciation of the response to the Christmas seal sale campaign and the fine spirit of cooperation of more than 900 women in the county who gave their services in this cause. Mrs. Green also reported the Girl Scout work in excellent condition and requested a large attendance at the Court of Awards ceremony January 20.

The importance of character building organizations as factors in the solution of problems now perplexing all welfare workers, was stressed by Mr. Patton.

## No One Hurt in African Quake

JOHANNESBURG, UNION OF SO. AFRICA, Dec. 31.—(AP)—One of the sharpest earthquakes ever experienced in this vicinity was felt this morning over a large area of South Africa, but there was almost no serious damage. Tonight the people were congratulating themselves over what appeared to be their extraordinarily good fortune in having escaped with nothing but a fright.

# LILLARD PROMISES GRAPPLING SHOWS WILL BE STAGED

Mack Lillard, Medford promoter, returned yesterday from Portland where he spent the past three weeks battling the flu and enjoying some ring events which he did not have to go to the trouble to promote.  
Wrestling, says Mack, is the big drawing card in the Rose City now and huge crowds turn out twice

weekly to see the grunt and grimace boys do their stuff. Herb Owen, former local mat impresario, is arranging matches in the lighter weights each Monday night in the metropolis, and Virgil Hamlin, well known promoter, is staging heavy-weight muscle mauling on Wednesday nights. Owen is also promoting weekly shows in Eugene and drawing big houses in the college town.  
So impressed was Lillard with the way the fans are going for the wrestling racket in Portland that he has at last agreed to heed the wishes of Medford mat fans and will stage a series of matches here, the first probably within a couple of weeks. Among the men available are Wildcat Pete, Rob Roy, Sneeze Achlu, Thor Jensen and other lighter grapplers who have been going good in Portland, as well as a number of heavyweights.

# O'BRIEN TAKES HELM AS MAYOR OF GOTHAM

NEW YORK, Dec. 31.—(AP)—John Patrick O'Brien, whose lineage has been traced back to the first king of Erin, was sworn in today as mayor of America's largest city.  
In a simple ceremony, in accordance with O'Brien's own idea. After taking the oath of office as the ninety-seventh mayor, O'Brien shook hands with everyone in sight, and it was all over.  
There were none of the "wise-cracks" which "Jimmy" Walker was wont to scatter about when he occupied the office.
