Mrs. Lottes Honored at Shower, Isaacson Home
Mrs. J. O. Isaacson was hostess Saturday afternoon at her Central Point home at a lovely party given in compliment to Mrs. George Lottes, the former Fern Hallway, whose marriage to Mr. Lottes of Visalia, Cal., Christmas eve was announced to many of her friends for the first time at the Isaacson home.
Twenty former schoolmates and intimate friends of the bride were invited for the occasion and a very interesting program of contests composed the entertainment for the afternoon.
As a surprise feature the bride was introduced as Mrs. George Lottes, and at the same time a toy balloon filled with rice, suspended from the chandelier exploded showering the honor guest, who was later the recipient of a shower of linen towels.
The towels were presented with a clothes line upon which Mrs. Lottes was required to pin them. Each guest was also given a piece of cloth and a needle threaded with black thread, and asked to sketch with the needle her conception of the ideal man. A prize was awarded Miss Lyle Gregory for the best sketch and another went to Mrs. Otto Bohner, whose needlework was judged best.
The music program for the afternoon included solos by Miss Doris Richardson, who sang "I Love You Truly," and by Mrs. Arnold Bohner, who sang "By the Bend of the River." Both were accompanied at the piano by Mrs. Sadie Kohler.
Mrs. Isaacson was assisted in serving by Mrs. Otto Bohner, sister of Mrs. Lottes and Mrs. Rose Hermandson.
Legion Dance Tonight
To Complete Holiday Events
One more large and festive event remains on the holiday social calendar, the dance of Medford Post of the American Legion, which will close the round of festivities tonight. A large crowd is anticipated for the grand finale to a season, which has been gay in spite of hard times, lending a very worthwhile if brief, period of cheer to a year which all are glad to see ended.
The dance to honor arrival of 1933 tonight will be a benefit affair with funds realized going to the Medford schools' kitchen fund to feed needy children of the schools hot lunches.
The party will be held in the Oriental Gardens at the Natatorium and dancing will continue until one o'clock with good music for the entire evening.
Since a very jolly evening is promised with funds directed to a worthy cause the public of southern Oregon is expected to support the legionnaires in their endeavors by attending the dance.

NO INCREASE IN MEDFORD CRIME DESPITE TIMES

Exclusive of traffic violations, one less arrest was made by the Medford city police during 1932 than in 1931, according to figures compiled by Chief of Police Clotous McCredie. A total of 243 arrests were made in the year just closed, and 244 in 1931. Other tabulations show that the same number of automobiles—37—were stolen both years, with all recovered in 1931, and all but the I. A. Dew car returned in 1932. There were 77 burglaries in 1932 and 83 in 1931; 236 cases of petty larceny in 1932 and 150 in 1931; 78 stolen bicycles in 1932 and 65 in 1931. Seventeen bicycles taken during the past year were not recovered.
Less juvenile arrests were made in 1932, with 33 listed on the records. The preceding year there were 45 such cases. There were more lost and runaway boys and girls during the past twelve months, the books showing 38 such cases handled. In 1931 there were 20.
There were no holdups reported last year, but two in 1931.
Chief McCredie reported 79 cases in city court, during the year, with fines assessed at \$798 and sentences aggregating 140 days in jail. There were 164 traffic cases in 1932, with fine assessments \$644, and operators' licenses suspended for a total of 1335 days.
Seventy-six cases were turned over to the sheriff of Jackson county or sheriffs of other counties, being made state cases. The preceding year, there were 73 cases turned over to the sheriff.

DO YOU KNOW

That candy alone costs the average American family \$1.70 for every dollar spent for electricity. Even ice cream costs \$1.60 for each electrical dollar. There are a great many people who do not use tobacco and yet the average is more than three times electricity, or \$3.33 for tobacco while \$1.00 is being spent for electricity. Do you know that your radio can be operated 2 to 5 hours for one cent? The average electric iron 25 to 50 minutes? A fan 4 to 8 hours? Your electric washer 1 to 2 and one-half hours? Vacuum cleaner 3 to 6 hours? Refrigerator 3 to 6 hours?

In comparison with other necessities, electricity is cheap...so cheap that no family can afford to do without its clean efficiency.
