

DEPUTIES MOSTLY RETAINED IN JOBS BY NEW OFFICERS

Incoming County Officials Take Up Duties Following Transfers of Records, Cash and Equipment

Jackson county this morning began another year with newly-elected officers assuming their posts and with the official transfer of cash, records and prisoners being made in the offices of sheriff, clerk, school superintendent and coroner. The first regular meeting of the county court, with County Judge Earl H. Fehl and Commissioners Ralph Buihling and R. E. Nealon of Table Rock, will be held tomorrow. Routine business will occupy the greater portion of the session. All transfers were completed by noon.

In the sheriff's office no changes were made in the deputies in the tax collection department. Miss Olga Anderson was retained as chief deputy, and she explained details to Phil Low and Amos W. Walker, appointed deputies yesterday. Prisoners in the county jail were counted and turned over to the new jailer.

Peel Names Aides.
Governor Frank Perl this morning officially took over the coroner's office, and named William M. Dodge of Ashland and Herbert L. Brown as deputy coroners. They were sworn in and assumed their duties.

Justice of the Peace William R. Coleman arrived early, prepared to bear his first case. Howard Gaul is retained as secretary. The justice court is on the basement floor of the courthouse. A number of Judge Coleman's friends gathered to congratulate the popular official and see him dispense justice for the first time.

No changes were made in the personnel of the school superintendent's and district attorney's offices. Superintendent C. R. Bowman formally took over the office this morning. There was also no deputy changes in the assessor's and treasurer's offices.

County Clerk George A. Carter assumed office, with Miss Nydahl Neil retained as chief deputy and Helen Dugan as circuit court clerk. William Tucker succeeded Mrs. Mary Hendricks as bookkeeper. Mrs. Elsie Olson Brown and Miss Gertrude Butler were the other new appointees. County Judge Earl H. Fehl spent the first morning of his official career with a number of routine duties and greeting friends. Miss Montana Ranney is his secretary.

SINO-JAPANESE SITUATION EYED BY MR. STIMSON

WASHINGTON, Jan. 3.—(AP)—Secretary Stimson and others watched the Sino-Japanese situation closely today and without effort to minimize the seriousness of the occupation of Shanghai by Japanese forces.

Official dispatches gave no indication of the origin of the fighting. State department records do not show there are any Americans in Shanghai.

An officer and 20 privates of the 15th infantry are stationed at Chingwangtao, 10 miles south.

NANKING, Jan. 3.—(AP)—The foreign office of the national government announced today the government had notified the League of Nations at Geneva of the Shanghai fighting but had not protested against Japan. This was taken to indicate that no action is to be taken until the situation clears.

Meanwhile the Chinese government will retaliate its standing orders to Chinese troops to resist wherever and whenever Japanese forces attack Chinese positions.

Keenest excitement prevails here.

NEW TAX LEAGUE WILL BE FORMED

SALLEM, Jan. 3.—(AP)—Foundation was laid here yesterday for the organization of a statewide tax league, independent of any government officials, at a meeting of representatives from nine county tax reduction units. The league members yesterday outlined as objectives for the organization: (1) tax reduction; (2) efficiency in public offices; (3) fair and equal taxation.

It was voted to confine membership to "actual taxpayers" who formed their leagues on their own initiative.

W. R. Kirkwood of McMinnville was elected president of the new organization to be known as the tax equality and conservation league of Oregon. Henry Zorn of Champeog was elected vice-president and Hector MacPherson of Albany, secretary-treasurer.

GRAND JURY WILL TAKE UP ASHLAND SLAYING IS WORD

The grand jury, William E. Grievé, prospect, foreman, will resume sessions tomorrow, instead of January 7, as scheduled. District Attorney George A. Codding said this morning that two matters, to be brought to the attention of the body, would be the auto accident on the Pacific highway New Year's day that resulted in the death of John (Jack) Higley, and the Christmas Day tragedy in Ashland that caused the death of Walter F. Long.

The district attorney said the evidence in the two cases would be presented to the grand jury.

Higley was killed late Sunday afternoon, when the auto in which he was riding collided with one driven by the Rev. L. P. Balknap. William Bauer, 45, and his daughter, Millie, 18, occupants of the Higley auto, also sustained injuries. Higley's chest, according to the coroner, was crushed, and death was instantaneous.

According to the state police, the accident occurred when Balknap, a man of 70 years, attempted to make a "left hand" turn into the lane near the fairgrounds that leads to his home. Balknap is a well known resident of the Phoenix district.

The Ashland tragedy concerns Albert E. Jordan, merchant of that city. Walter F. Long, railroad engineer of Dunsmuir, Calif., with Mrs. Pearl MacKrodt of Portland, a sister, called at the Jordan home Christmas afternoon. A trivial quarrel ensued, according to the authorities. During its course, a ginger ale bottle was broken over a kitchen sink, Jordan retaining the jagged neck in his hand, as the two men fell in a clinch to the floor. Long struck his jugular vein on the bottle neck, and died shortly afterwards.

A preliminary hearing was held at Ashland last Friday, and Jordan faced by Justice of the Peace L. A. Roberts, on the grounds of "insufficient evidence."

A number of minor matters are also scheduled to be considered by the grand jury.

WANTON KILLERS SOUGHT BY COPS

NEW YORK, Jan. 3.—(AP)—Detectives with weapons ready "anged Brooklyn today, hunting the "seven riflemen," a robber gang with a shotgun crew to shoot its victims.

The seven, carrying rifles and shot-guns, lined up 30 members of the Blossom club last night and robbed them of jewelry and \$150. As the robbers turned to go, their leader said:

"Boys, let's give it to them anyway."

The seven turned, leveled their guns at the line of men standing with hands in air, and fired a volley. Sam Ciroscrovi, Stanley Tablinski and James Adams were slightly wounded.

YEAR OF CHAOS FAILS TO DAUNT CHINA'S LEADERS

Leaders Refuse to Guess What New Year Holds for Troubled Country—Man- churia Sees More Trouble

By MORRIS J. HARRIS.
SHANGHAI—(AP)—As 1933 arrives China looks back upon a year of tragedy and turmoil, but finds herself with the gravest of her international and domestic problems unsolved.

Leaders refuse to hazard a guess as to what the new year will bring to this sick giant of Asia, but all profess confidence that in the end—meaning few years or many—the big world problems now centering in eastern Asia will be settled and, for the great part, according to dictates of China.

Manchuria Faces Chaos.
Japan's military occupation of Manchuria and institution of the protected state of Manchukuo consti-

tuted the greatest foreign threat to China since the disastrous Sino-Japanese war in the closing years of the previous century.

As 1932 passed, Manchurian volunteers continue to harass the island empire's officials. The coming year promises to be one of chaos there even while the League of Nations tries to settle the problem.

In memory, too, exists the assault which Japan launched upon Shanghai late last January. For six weeks an army of more than 50,000, backed by a naval armada, was held at bay by the Chinese nineteenth route army. Eventually there was a truce.

Huge Losses Counted.
What was gained remains a matter of opinion. Japan says she broke the Chinese boycott. China declares she showed the world that her soldiers on defense were equal to those of any other nation.

The principal results were huge losses of lives and property. But Shanghai has traveled a long way along the comeback road and today, under increased tariffs, is the source of a river of revenue for the Nanking regime.

Home Politics Mixed.
Domestically the unity of China continues more of a theory than a fact. The powerful clique in control of Canton maintains only a nominal allegiance to Nanking. The central provinces are aflame with communism; the north has too many troubles of its own to permit it to give active aid to Nanking.

...Colds doubly dangerous with Flu around

HEALTH authorities warn that every precaution should be taken to check colds promptly. Colds pull down body resistance, and often pave the way for an attack of flu and its serious complications. Don't take chances. For greatest safety and protection, follow Vicks Plan for better Control of Colds. With certain simple rules of health, the Plan, briefly, is this:

TO PREVENT MANY COLDS: At that first feeling of stuffiness or nasal irritation, snuffle or sneeze—Nature's usual warning that a cold is coming on—use Vicks Nose & Throat Drops, the new aid in preventing colds. This will check many colds at the nose and throat—where most colds start.

TO END A COLD SOONER: If a cold has developed, or strikes without warning, vigorous measures are necessary. Rest as much as possible, preferably in bed. Take a mild laxative, if needed. At bedtime apply Vicks VapoRub, the modern external treatment, for its direct, double action while you sleep. During the day, use the convenient Vicks Nose Drops for added comfort and relief while you work.

Vicks Plan Tested and Proved
In numerous clinical tests, last winter, Vicks Colds-Control plan reduced the number and duration of colds by half... out the cost of colds more than half. How you can follow the Plan in your home is fully explained in each Vicks package.
