Contest 4187.

Roseburg, Oregon, December 17, 1932.

To Mr. John P. Horn, of Silver Spray Twin Ballroom, Long Beach, California, Contestee:

You are hereby notified that Harry G. Naugle, who gives Talent, Oregon, as his post-office address, did on November 18, 1932, file in this office his duly corroborated application to contest and secure the cancellation of your Homestead Entry, Serial No. 018756, made September 19, 1929, for the S 1/2 of N 1/2 of Township 34 S., Range 3 W., Willamette Meridian, and as grounds for his contest he alleges that said John P. Horn, entryman, has abandoned said entry, and has only resided on said entry for two nights, in three years; that said entryman has not improved nor cleared as shown below said entry, that said entryman built a cabin, approximately 10x12 feet on said entry, and that said cabin is not habitable, having no windows nor floor in same, and is not fully completed with the provisions of the homestead entry act.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you. HAMILI A. CANADAY, Register.

Date of first publication December 30th, 1932. Date of second publication January 6th, 1933. Date of third publication January 13th, 1933. Date of fourth publication January 20th, 1933.

UNION 76 BOASTS LEAD OVER OTHER BRANDS CAR FUEL

Since January 6, Union 76 gasoline purchased by local motorists has possessed an increased effective octane rating which definitely places it in advance of competitive brands of motor fuel on the Pacific Coast, according to an announcement made here by C. S. Myer, Portland, district manager for the Union Oil Co.

The new Union 76 gasoline is designed to burn in an engine with an efficient non-luminous flame, and also to develop explosion pressures that do not exceed safety limits but give a smooth flow of power. In modern automobile engines, a low octane gasoline gives imperfect combustion, which takes the form of a yellow luminous flame that dissipates heat units to the cylinder walls rather than converting them into power, and thus causes overheating of the motor. At the same time, the maximum or peak explosion pressures developed under imperfect combustion conditions are several times as great as under proper firing; these abnormal explosion pressures result in excessive wear of the cylinder walls, and main and connecting rod bearings.

Because of its extremely high antiknock rating, 76 gasoline actually harnesses the heat that is wasted by the motor fuels of lower octane rating and turns it into power that makes for better performance of the motor. Millions of dollars in refining equipment, years of research work and an adequate supply of selected crudes are necessary to the production of Union 76, the local district manager said, adding that the company is in the position of having ample quantities of selected crudes which yield high anti-knock gasoline. In addition, its cracking and other refining facilities make it possible to increase the octane rating of 76 gasoline considerably above that of fuel obtained by the ordinary method of distillation.

NO LEGS BROKEN IN ATTEMPT TO EXTRADITE INSULL

(Continued from Page One) 32 per cent brew would probably intoxicate some people. It depends on how accustomed to drinking a person is, also on his physical condition. The public reaction from activities of brewers also is doubtful. Likewise, some think 32 beer might relieve agitation for repeal.

The leanings of Mr. Roosevelt to far behind and in front of the scenes have been strongly toward the ideas of the west and south. His announcements thus far and the sounding-out activities of his best thinkers may have powerful political results. The last election showed the east is important only when the west and south split. Roosevelt carried the east, but did not split it. The movement for him came essentially from the west and south. If he keeps those two sections for four years he need not worry further about re-election.

Friends of Norman Davis will be disappointed if he is not made secretary of state. They are already counting him in. They gained heart when Secretary of State Stimson went to New York to see him after Davis had been Roosevelt's labor secretary. Both he and Stimson had said he would confer with his successor as soon as he knew who he was to be. A very good source says Senator Glass has been offered the treasury ship and has declined. He will not reconsider unless pressed strongly. His health is not good. Labor pressure against selection of Frances Perkins as labor secretary has recently become so strong she may have to be discarded.

Those years about the Democrats going to fight Roosevelt on the sales tax were slightly off. They
