COURT APPROVES SALES TAX BILL

The county court this morning adopted a resolution voicing hearty approval of House Bill No. 36, now before the legislature, which proposes to eliminate from property, taxes on county, school and state levies, up to a maximum of $1500 assessed valuation, and to substitute a sales tax of three per cent on retail sales.

The measure is sponsored and endorsed by the Medford Chamber of Commerce, the Jackson County Grange council, the Medford Realty Board, Jackson County Tax Payers league, and granges and civic organizations of the county. The measure originated in this county, with J. C. Barnes as one of its active supporters. The county court and organizations and citizens generally here, believe that the measure, if adopted, will offer substantial relief, and materially reduce the tax delinquency.

The resolution sets forth that home owners constitute a large and important class of the property owners unable to pay their taxes, and that the measure would benefit them, and decrease their depression woes.

All members of the county court signed the resolution, a copy of which will be forwarded to the legislature, with the request that the legislature pass the bill, and that the governor sign it.

ESTATE OF MOHR UP FOR PROBATE

The last will and testament of Emil Mohr, beloved citizen who passed away suddenly a week ago, was filed in circuit court today for probate. It is estimated at a "probable value of $75,000.

The bulk of the estate, by the terms of the will, is placed in a trust fund with the First National bank of this city as trustee. Income therefrom is divided one-half to the widow and one-half to the three children.

Final distribution of the estate is provided for when the youngest child shall become 30 years of age.

The will provides also a bequest of $5000 to the widow, and wills her all real and personal property, including a home in this city. A sister in Germany is given $100 per month for a period of 15 months.

Provisions are made for the education and care of the children.

The will, drawn with characteristic care and kindness, was made and signed December 9, 1931.

SUSPECT NEGRO WHITED SLAYING

Word was received in Ashland yesterday through the San Francisco Examiner relative to the capture of a negro suspected as the killer of H. L. Whited, formerly well-known Ashland jeweler.

"Danny Drousch, 35, negro, former convict, yesterday was named as the murderer of Harry L. Whited, 65, Crockett jeweler, killed in a $5000 robbery of his store December 5.

"A statewide search for Drousch was started by Sheriff R. H. Veale of Contra Costa county, after Mrs. Bertha Whited, widow of the slain man, signed a formal murder charge.

"Drousch was linked to the crime by K. L. Caldwell, Los Gatos bus driver, to whom he supposedly sold one of the watches stolen from the store. Drousch has served terms in San Quentin and Folsom, the sheriff said."

LEGION CONTINUES CHECK ON NAMES BANKS FOLLOWERS

Two hundred forty-five of the 869 signers of the "resignation petitions" filed with the county court last Thursday, as a feature of the Banks "demonstration," are unregistered voters, according to the check completed this morning by the Medford post of the American Legion.

Figures released yesterday revealed that out of the 869 signers, more than half—or 440—were not listed on the records of Jackson county as taxpayers and property owners.

A check is now underway of the indigent and relief lists, and the court record, and will be completed late this afternoon.

The Rogue River, Gold Hill and Wimer districts contributed 301 signers, distributed as follows: Rogue River, 177 names, of which five gave the postoffice address as Grants Pass; Wimer, 40 names, of which 11 were from one family; Gold Hill furnished 84 names.

Medford and environs provided 381 signers. Of the total, 165 gave street addresses in this city; 216 signers gave their addresses on rural routes leading out of the city, principally R. F. D. No. 1 and R. F. D. No. 4.

In Butte Falls there were 64 signers; in Ashland 30; in Jacksonville 21; in Central Point 19; Eagle Point 25; Trail 19; Sams Valley 2; Beagle 2, and Siskiyou 1.

This city and the extreme north portion of the county furnished the greater part of the signatures.

The circulators of the petition secured most of the names from this city, around the courthouse, when the agitation was in flower.

WOMEN INVITED TO HEAR TRUTH AT MASS MEET

A plain and frank outlined of the situation, from a legal, business, and peace standpoint will be made by the speakers. There will be no "grandstanding," no "political vaudeville," no appeal to prejudices, and no unseemly discussion of the problems.

Resolutions will be presented urging all county officials and citizens to strive for unity, restoration of peace, and normal conditions. Officials in some instances will be asked to divorce themselves from "kitchen cabinet advisors," and employ their own initiative, while serving the public.

There is a strong sentiment thruout the county and city, that the time has come for united action.

Music will be furnished by the Elks band. There will be ample room for all and there will be no disturbance.

Increase in Service Shown by P.-T. A.

Mrs. Thomas Roseberry was hostess Tuesday at a covered dish luncheon, followed by a business meeting of the Parent-Teacher council. Reports submitted by the units showed a decided increase in the number of lunches served and that at least one-third of the children work to pay for their meals. It was also reported that there is a very small percentage of absences in the school compared with previous years, due no doubt to the hot soup and lunches made available to the children through the Parent-Teacher organization.

"A properly fed child," it was pointed out at the meeting, "is usually a healthy child."

The council voted a donation of five dollars to each of the grade school lunch rooms and five dollars to the student body of the Junior high school.

Mrs. Oscar Hoover, county council secretary, announced the regular meeting of that body would be held February 1 with the Jacksonville unit as hostess. A large attendance is desired as plans will be discussed for sending a delegate to the national convention, which meets in Seattle in May.

Mrs. Jack Heyland, council president, read a letter from State President Mrs. Brice, in which she stated that Gov. Meier would proclaim February 12 to 18 as Parent-Teacher week, in honor of Founder's day, which falls on February 17, and all units will have a special program. The council will sponsor a card party on February 21 at the women's clubrooms, and all members have pledged their hearty support. Mrs. G. Q. D'Albini is general chairman, with presidents of the units to act or appoint assistants from their groups.

FOOD INDUSTRIES SHOW RESISTANCE TO TRADE SLUMP

By C. M. Chester
President, General Foods Corporation.

NEW YORK—(AP)—An expenditure of about 30 per cent of our national income was required in 1932 to feed our people. This demand has given work, directly or indirectly, to about half of the people now employed.

The latest available government statistics for food and kindred products show that employment stood at 87.1 per cent of the basic average—that of the 12 months of 1926. In manufacturing industries as a whole, employment was down to 59.9 per cent. Payroll totals stood at 69.7 per cent, against 39.9 per cent for general industry.

Compared with industrial classifications generally the food companies have resisted the onslaughts of depression reasonably well, according to figures for the first nine months of 1932.

The industry has had its disturbing factors during the year, but we believe that they are largely of temporary significance due to the current business situation, and do not destroy the long range outlook for this relatively basic business.

During the last three years millions of people have returned to the farm, and more millions are raising their own vegetables and fruits. Commodity prices have experienced drastic declines. There have been price disturbances and uneconomically low inventories.

These factors have appeared during other major depressions, however, and should begin to clear up with any return of buying power and confidence. The industry has reduced operating expenses, and many companies appear to be "quick on their feet" ready to take advantage of shifting conditions.

SALEM, Jan. 18.—(AP)—The death of an unknown killer—a sheep killer—was plotted by a group of farmers to the east of Salem who yesterday raised a fund to conduct a hunt for a dog credited with the death of some 50 sheep.

Three or four known sheep-killing dogs had been slain in the vicinity, but continued raids indicated that some old master sheep-killer was still working and had successfully eluded efforts to kill him. One rancher lost 28 sheep in one raid, Paul Marnarch, inspector of county sheep claims, stated.
