

### BUTTER UP CENT WHEN PORTLAND EXCHANGE ACTS

PORTLAND, Jan. 20.—(AP)—The inference of country butter buyers that their regular sellers in the city were holding back supplies from them in the hope of forcing a higher price, was given some standing when a special session of the Portland Produce Exchange was called to put the price up 1c lb.

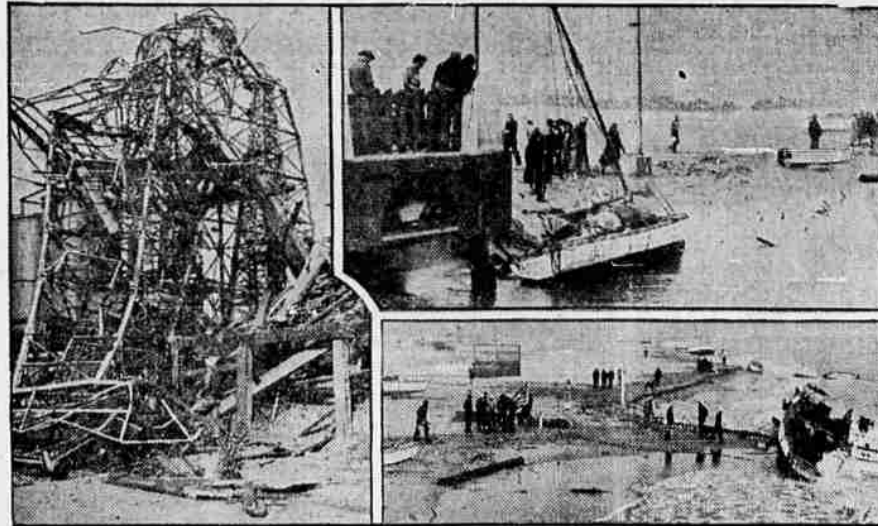

Regular buyers in the country were not pleased regarding their alleged treatment by Portland houses and complaints were general. Action of the exchange in calling a special session and advancing the price was not unexpected in fact was practically forecast. Everyone in the trade was talking of various interests holding supplies off the market with the expectation of getting the advance.

### MILLION DOLLAR GALE WHIPS LOS ANGELES AREA

A severe windstorm, reaching a velocity of 80 miles in San Pedro and 50 miles in other sections of the Los Angeles area, did an estimated million dollars damage to buildings, oil derricks and small craft. The Elaine (upper right) in which Fred Rebell sailed alone from Australia was tossed ashore. In the lower right a naval party is shown engaged in saving two boats from the U.S.S. West Virginia and (left) a crumpled oil derrick. (Associated Press Photos)

### WORST DOWNPOUR IN 20 YEARS HAS TRAFFIC TIED UP

(Continued from Page One) All the mountain areas of southern California were under a white blanket, the average depth being four feet. Snow Melts Fast Damage, if any, to crops was expected to be negligible as the snow in the agricultural areas melted soon after hitting the ground. The snowfall at San Bernardino and Riverside was reported the heaviest in 15 years. Seventy automobiles were stalled on the transcontinental highway by a two-foot fall of snow in Cajon Pass on the San Bernardino-Needles highway. The highway later was blocked by a terrific landslide which extended for half a mile and which imprisoned an automobile in which two unidentified women were occupants. The women were reported uninjured, but unable to leave the scene. The landslide will block the highway for probably two days, state road officials said. Most of the automobiles were making their way back to Victorville as snow plows opened the road from that end.

### Fifteen Families Homeless

The storm added another chapter to the freakish weather experienced by this section in recent weeks. It left fifteen families homeless, driven from their residences by overflow waters of ordinarily dry washes, in the Canoga Park district. High winds accompanied the heavy rains yesterday and last night, reaching a velocity of nearly 80 miles an hour at San Pedro and forcing three ships of the United States fleet—two dreadnaughts and a destroyer, resting in the roadstead—to take to the open sea under forced draught when they threatened to drag anchors. Other ships of the fleet kept up steam for emergencies. Long Beach Flooded Low areas throughout the city of Long Beach were flooded, as the runoff waters swept toward the ocean from the mountains. Fifteen Mexican families in the Canoga Park district were homeless by the overflowing of washes. Some were rescued by police from the roofs of their homes when they were surprised by the sudden rush of water. The coast guard was called into service late last night to rescue four persons from a drifting barge off Long Beach. Earlier yesterday a coast cutter saved the life of Ernest H. Wylie of San Pedro whose 14-foot boat was wrecked at Point Firmin.

### CHARLES SWINGLE OF PHOENIX DIES

Charles Arthur Swingle passed away at a local hospital Thursday afternoon, after a lingering illness. He was born at Lorella, Ore., on January 10, 1876, and was aged 56 years, 11 months and 29 days. ### Bronchial Troubles Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)
