MAKES WOMEN LOSE FAT

Miss Rea M. Haines of Dayton, Ohio, writes: "I weighed 180 so started to take Kruschen. I never was so surprised when I weighed myself the first week—I had lost 7 pounds. I bought my third jar and am down to 145—still taking them—never felt better in my life." (June 17, 1932).

To take off fat—take one-half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at Jarmine & Woods Drug Store, Brown's Pharmacy, West Side Pharmacy, or any drug store in America. If this first bottle fails to convince you this is the SAFEST and healthiest way to lose fat—your money gladly returned. Don't accept anything but Kruschen because you must reduce safely.
