Post-Delphians Have Interesting Poetry Study Poetry formed the very interesting content of programs enjoyed Thursday by the two local groups of Post-Delphians.

One group met at the home of Mrs. Effie Herbert Yeoman with Mrs. Lealand Mentzer as leader and the other at the home of Mrs. R. C. Mulholland on Berkeley Way with Mrs. E. A. Moore as leader.

The program arranged by Mrs. Mentzer opened with a discussion of contemporary poets by Mrs. Edwin L. Knapp and Mrs. Lewis Ulrich. And Mrs. Myron Root reviewed a new play by Edna St. Vincent Millay.

Mrs. E. A. Moore's program was opened by Mrs. R. W. Sleeter with "Singing Strength." Mrs. Campbell gave a talk on "Men as Poets." Mrs. R. E. Carley on "Personality of Poets" and Mrs. Moore on poets laureate.

The party was Misses Phoebe and Anne Dean, Jane Israel, Doris Ellingsburg, Leone Johnson, Phyllis Smith, Doreen Elwood, Mary Cummings and Barbara Holt.

Allons Club Has Evening of Cards Mrs. Amy Kent Smith and Mrs. Edward Leach were hostesses last week at the former's home to members of the Allons club. Missionary Study Club Meets Tomorrow There will be a meeting Tuesday of the Missionary study club of the First Presbyterian church at the home of Mrs. Carl Brommer, 831 Minnesota. An all-day session is anticipated and covered dish luncheon will be served at 12:30.

Tuckers to Chaperone At Bachelors' Dance. In the clever announcement of one of the outstanding events of this social season in San Francisco appear the names of Mr. and Mrs. Nion Tucker, who spend much of their leisure time at their river lodge, "Hogue's Roost," just north of here, and who are well known in local society.

The note in the San Francisco Examiner reads: "With a top hat at the head of a shield, and two canes crossed over a bottle, the crest of the Bachelors is reproduced on the invitations to their ball on February 4 at the Burlingame Country club. Chaperones for the evening will be Mr. and Mrs. James Jackman, and Mr. and Mrs. Nion Tucker. This event is long looked for after a lapse of several years, and the smart black and white bids are being treasured."

Wednesday Study Club to Meet There will be the regular meeting of the Wednesday Study club February 1 in the women's club rooms in the city hall. The program will include "Machinery of Foreign Relations" to be discussed by Mrs. W. C. Jones, book review of "A Democrat at the Court of St. James," Walter H. Page, by Mrs. L. B. Humphries. Topics of the day will be presented by Mrs. W. J. Warner.

Altar Society Invites All Card Fans to Party. A card party for all who enjoy bridge and 500 has been announced by St. Ann's Altar society for Wednesday evening at parish hall. Playing will begin at 8 o'clock. Mrs. Everett Brayton is chairman of the affair and arrangements are being made to entertain a large crowd. Both contract and auction bridge will be played.

Baptist Group Joins Trend Toward Relief Work. Women of the First Baptist church, like many others in the city, are devoting their time these days to truly constructive work, which comes under the heading of relief. They will meet tomorrow morning at 10 o'clock to complete the White Cross work started and each is asked to bring sewing equipment and material as well as a covered dish and sandwiches.

Misses Kelleher Dinner Hostesses Misses Anna and Katie Kelleher were hostesses yesterday at dinner, the occasion honoring the birthday of Miss Anna. Enjoying the pleasant affair were Mr. and Mrs. Carney of Gold Hill, Mr. and Mrs. Eric Wold, Mrs. Melaine Herbert, Miss Helen Herbert, Mrs. Madeline Gerdes and Mrs. Rose Schiefelbusch, of this city.

MAGIC EXPLAINED IN NEW AD SERIES CAMEL CIGARETS

Our age-old interest in magic has been revived recently in the newspapers.

The earliest human records show that our ancestors stood in awe of the high priests of magic who claimed to make it rain or shine, or cure disease, or produce boy babies, through their magic control of secret forces in nature.

In our own day, people still delight to hear the skillful patter-talk of the stage magician or conjurer, and watch him as he pretends to defy nature in performing his astonishing tricks.

People love to be mystified. Showmen have always known this. And people love to be taken behind the scenes and see how the trick is done.

This interest in magic tricks and their explanation is utilized as the background of a new advertising campaign just released by a cigarette manufacturer.

Featuring the fact that "It's Fun Knowing," the advertiser deprecates the use of "trick" claims in modern advertising and discusses the importance of making a high quality product.

You have doubtless seen many of these magic tricks performed on the stage.

Their names are colorful. "Houdini's Milk Can Escape," the "Three-Headed Woman," "The Human Cricket," and the famous "Sawing a Woman in Half" are only a few which are being dramatized in the newspapers. Some are modern tricks, invented by the great magicians of our own day. Some have been kept secret for centuries.

How does the human fly stick to the ceiling? How does the magician live in the burning oven? How did Houdini get out of the padlocked milk can? How is it possible to shoot an arrow through a woman, while she smiles—unharmed?

These and many more tricks which have become famous on the stages of Europe and America, associated with the greatest names in magic, are now explained... told in full detail so you will understand, exactly the principles on which the tricks are worked.

So look at the Camel cigarette ad-

Mrs. John Carter Passes Suddenly

PARIS, Jan. 30.—(AP)—Mrs. John Ridgley Carter, the former Alice Morgan of New York, died today at their country home at Senlis, near Paris. Mrs. Carter's husband is a banker and former American diplomat at several foreign capitals. Mrs. Carter, who was 64 years old, had a slight cold Friday when she left Paris to spend the week-end at Senlis, near the forest of Chantilly. This developed into an influenza condition, which became serious last night. Her death occurred suddenly.

tion to the revenue features of the bill. Smoot said the vote to report the bill favorably was on its revenue features only, which provide for a tax of \$5 a barrel.

Secretary Mills appeared before the committee in executive session and estimated this tax would raise from \$125,000,000 to \$150,000,000.

The \$5 a barrel rate the treasury secretary said, would produce more revenue than any other tax level.

How They Voted. The vote, 12 to 5, by which the bill was reported follows:

For—Watson, Indiana; Reed, Pennsylvania; Shortridge, California; LaFollette, Wisconsin; Bingham, Connecticut; and Hastings, Delaware, all Republicans and Harrison, Mississippi; King, Utah, Georgia; Walsh, Massachusetts; Barkley, Kentucky and

Hull, Tennessee, Democrats. Against—Smoot, Utah, and Keyes, New Hampshire, Republicans and Connally, Texas; Gore, Oklahoma and Costigan, Colorado, Democrats. The amendment offered in the senate by Senator Borah (R., Idaho) for an excess profit tax ranging from 10 to 30 per cent was rejected without a record vote. A proposal to increase the tax from \$5 to \$6 a barrel was similarly defeated.

The lesson was not worth the cost!

Many have found that buying a cheap washer was a costly lesson—that their money was squandered instead of invested. The Maytag is not a cheap washer. Nor is it expensive. Its value—based on cost of washings—makes it the most economical washer to buy. For it offers the lowest cost per washing of any washer. The extra quality in a Maytag is extra value for every dollar you invest—practical value in better washing, lower cost washing, longer life of clothes and more years of service from the washer. Don't buy a washer till you've seen the Maytag. Phone for a Maytag free home demonstration.

ILLUSION: In this startling trick, the magician seemingly pushes a huge threaded needle through the body of an assistant, pulling the needle out the other side, followed by the thread. EXPLANATION: Under the clothes of the victim is a pipe, extending around one side of his body from front to back. The needle, which is flexible, is inserted in the front end of the pipe, is carried around the body and emerges from the pipe in back. This operation is performed so quickly that the audience does not notice that the needle and thread are momentarily shortened during the act.

It's fun to be fooled... it's more fun to KNOW

We like tricks...but we prefer to keep them out of business. Here's one that's interesting...The illusion that by some obscure magic certain cigarettes are "cooler" than others. THE EXPLANATION: Coolness is determined by the speed of burning. Fresh cigarettes burn slowly. They're cool. Parched, dry cigarettes burn fast. They're hot. Camels are carefully wrapped in moisture-proof cellophane...in the fa-

mous, air-tight Humidor Pack. Camels are cool because they're fresh. A cigarette blended from choice non-irritating tobaccos also gives a cooler effect than one that is harsh and acid. The finer the tobacco the less irritating it is, and therefore the "cooler." It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why Camels are cool and mild, non-irritating—full of flavor. This is why Camels have given more pleasure to more people than any other cigarette ever made. It's the tobacco that counts. Keep the famous welded Humidor Pack on your Camels. It assures you a fresh, cool smoke.
