

MRS. MARTIN WILL BE JOAN OF ARC AGAINST GANGDOM

Good Government Congress Names Woman to Lead Banks Crusade Against 'Gang' — Boys Vote No

The "Good Government Congress" held another meeting in the court-house auditorium last night, elected permanent officers and adopted two resolutions, one commending L. A. Banks, its father, and one expressing confidence in County Judge E. H. Fehl.

Banks announced that the next meeting would be an "assembly," when resolutions would probably be adopted, as the grand jury which is scheduled to meet next Monday, "was waiting for a mandate from the people."

Permanent officers elected were: Mrs. Henrietta B. Martin, wife of a federal radio station operator, president; L. A. Banks, honorary president; C. H. Brown, father of Mrs. Martin, secretary, and G. L. Hoy, treasurer. A committee composed of Mrs. A. B. Pomeroy of the Central Point district; L. A. Banks and C. J. Connors of the Green Springs mountain were named to draft a set of by-laws.

An investigating committee will be named by the chair, and its personnel kept secret.

Tribune Warned Opposition to Mrs. Martin as head of the "congress" developed, and C. L. Root and C. J. Root were offered as candidates, splitting the vote.

Mrs. Martin following repairs concerning a scribe, with his hat on in a cold draft, admonished "the Mail Tribune to tell the truth." She declared that "velled hints had been received from the chamber of commerce that her husband, a civil service employe would lose his job."

Mrs. Martin said, "we have a letter from Mr. Hughes, the chief justice of the United States supreme court, saying that she was right in her interpretation of the civil service regulations. She requested that "be printed." No letter from Chief Justice Hughes was produced.

A man present made a motion that hereafter only loyal members of the Good Government congress be allowed to attend the meetings. Before the motion could be put to a vote Mr. Banks arose and requested, "that

my contemporaries, whoever they may be, be granted the same courtesy as extended to the News." This was voted by a substantial majority. Youngsters of No. 10 attended the meeting and signed membership cards. They then proceeded to vote "no" on all questions. It was hinted that the "gang" might influence them, and it was suggested that a Junior Good Government congress be formed. Some of those present, including W. P. Doty of this city thought "only those with a vote at a recall election," should be allowed membership.

Considerable difficulty was experienced at the opening of the meeting in getting started correctly. C. J. Connors of Green Springs, who proved himself an excellent authority on parliamentary law finally straightened out the tangle.

A resolution was introduced by Mrs. A. B. Pomeroy of Central Point, providing that no person be taken without the advice of Mr. Banks. The Rev. Malcolm thought this suggested a "dictator," and Mr. Banks approved. The resolution was modified to read that Mr. Banks' advice would be welcome, "but not necessary."

According to Walter Inch, who counted names, there were 255 people seated, and a count showed 68 standing. A majority of those present were from Gold Hill, Rogue River and Wimer, with some from Ashland, Jacksonville, Talent, and Phoenix.

New Antiseptic By Vicks Cuts Gargle Costs in Half

Local Druggists Also Offer Special Trial Size—a 25c Value for 10c—to Furnish Proof of Its Quality and Amazing Economy

NEW BAN ON HALITOSIS

Does All an Oral Antiseptic Can and Should Do — At Half the Usual Price of Other Quality Mouth-washes.

The makers of Vicks VapoRub have produced an antiseptic—Vicks Vortone Antiseptic—at half the usual price of other quality gargles and mouth-washes.

Of course, the only real proof of its economy—and quality—is actual use in your home. To furnish this proof, Vicks Chemists are supplying—below cost—to druggists everywhere, a special trial size. This trial size bottle contains 2½ ounces—a 25c value. The price is only 10c. The supply of these trial bottles is limited. There are only 5 million—for America's 26 million homes.

No extravagant claims are made for Vicks Antiseptic. It is simply the best antiseptic for its purpose that Vicks Chemists could produce—aided by the

chemists, bacteriologists, and pharmacologists of their 16 allied organizations in America, England and Germany.

Mild Enough, Strong Enough. These chemists examined the whole field of oral antiseptics. Some they found were too weak. A few were too strong for regular use in the mouth. Most were very good. But all were much too expensive.

So they produced a balanced antiseptic—mild enough to be used daily without risk to delicate membranes; yet strong enough to do everything an oral antiseptic can and should do.

For All the Usual Uses. You can use Vicks Antiseptic in your customary way, for bad breath (halitosis); as a mouth-wash; as a gargle; as an antiseptic lotion for minor cuts and abrasions; and for all the other customary uses of an antiseptic of this type.

And Vicks Antiseptic has this additional unique advantage... born in a depression year, it is priced accordingly. The regular size is a large 10-ounce bottle—a usual 75c value—for only 35c.
