They left here last August for the eastern city, where Mr. Nikolau is now manager of a drugstore in the suburb of Cleveland. They sent best wishes to friends in the letter to Mrs. Fred Colvig along with their request for a Mail Tribune subscription.

**Warner Baxter To Come To Craterian**  
What to do with but a few hours to live, is the situation that confronts Warner Baxter in "Six Hours To Live," which comes to the Craterian theatre Wednesday.

The problem is one that is probably toyed with more often by more people than any other. Next to everybody, looking back over his life, sees many things he might have done differently.

"20,000 Years in Sing Sing" with Spencer Tracy, ends a three-day run at the Craterian tonight.

**Football Mystery Film Rialto Bill**  
Hollywood has produced a football story that isn't a football story but a murder mystery. Yes, we know that sounds goofy but "70,000 Witnesses" is just that. It tells the story of a star football player being killed just as he was about to make the winning score. No one saw the crime committed although the stands were filled. Police and medical authorities were baffled as to the method. Phillips Holmes, John Mack Brown, Dorothy Jordan and Charlie Ruggles are featured in the picture, which is at the Rialto theatre today and tomorrow.

## PICK UP NUGGETS ON GRAVE CREEK OF LARGE VALUE

By L. R. Shurtleff

Four members of the Southern Oregon and Northern California Mining Association Inc., made a trip yesterday to Sardinia creek, Foothills creek, and Grants Pass in the interests of the mining operators of those sections. The trip was made to secure data and material for the legislative committee of the Oregon Mining congress to use at the meeting of that body which will be held at the Portland Hotel at Portland today.

George Barton, the committeeman from this district, and the writer accompanied the party and were surprised at the extensiveness of some operations now under way. Some of these operations will be due to act as a basis for a special story at a later date, but the thing that surprised us most was the statement by A. J. Graf in a position to know, that there were at the present time approximately three thousand men making a living from the mining industry of Josephine county.

A. W. Hooper of Grants Pass is authority for the statement that he visited a couple of friends who are operating on Graves creek on Sunday and that, with nothing more than a simple ground sluicing operation, with the assistance of a self-shooter, these two boys were taking out around five to six ounces per day and that he, personally, picked up while visiting them two nuggets that weighed 804 and 8105, respectively.

Another meeting of the Southern Oregon and Northern California Mining Association Inc., will be held at the chamber of commerce on Wednesday evening, February 1, 1933, at 7:30 p. m. All members and others at all interested in the industry are urged to be present.

other outrages followed. The I. W. W. was a labor organization until 1907 when the left wing captured it, and its subsequent history has been written in the blood of violence and outrage.

The Paris commune and the Russian revolution present large scale examples of the inability of the intellectuals (parlor) bolsheviks to control the frenzy their froth arouses in the feeble minds of the under-loued.

If the local revolution—the subject of mis-placed courtesy in the matter of title—has already started that inevitable swing towards communism, as charged, it is time for the honest to God Americans in Jackson county to answer this pertinent question: Is the assembly room in the Jackson county courthouse to be allowed as a further rendezvous for the dissemination of propaganda having as its object the destruction of that very building?

## THURSDAY GALA NIGHT FOR ELKS

Thursday night will be a gala night in Elkdom, as the past exalted rulers will occupy the chairs. Elks who have attended these annual affairs know the good time that is in store for them. A splendid program has been arranged with "casts" afterwards.

Past exalted rulers who will officiate for the evening are: C. E. "Pop" Gates, C. C. Lemmon, Gus Newbury, Carl V. Tengwald, Leon B. Haskins, Jerry Jerome, W. H. McGowan, Lewis Ulrich, Ralph E. Koozer, T. E. Daniels, Judge E. E. Kelly, O. O. Alexander and Ben Mohler. All the others who are in the city will be present and assist in the program.

Tonight's game will decide the prize winner for the month in the Elks bridge tournament, according to Bob Norris, chairman, and some "close to the vest" playing is expected. Every Elk is invited to join in this tournament, as it is so arranged so anyone can win a prize.

## ELECTRICITY Is Your Greatest Bargain

The average family in Medford pays less than half as much for electricity as the rest of the United States. The average paid for domestic electricity in the 20,000,000 homes of the nation was 5.7 cents per kilowatt hour, in 1931. The average paid in Medford during the same period was \$2.38 cents per K. W. H. \$5.53 a month is the average bill for light, cooking, electric iron, percolator, toaster and waffle iron. The average light bill is \$1.99 leaving \$3.54 for the average electric range bill. Most families who use a wood range pay \$3 a month or more for wood, and in addition, must store the wood, split it, carry it in, provide space for it in the kitchen and remove the ashes. Electricity is the cheapest service you can buy.
