Bank Bill Up
Among news bills introduced was the state-owned and operated bank bill, forecast yesterday. Introduced by Senators Brown and Zimmerman and Representatives Lewis and Olsen.

Senator Corbett introduced a bill, at the request of J. P. It would repeal an act of two years ago that placed this obligation upon the counties.
One of the most discussed bills of the legislature, the Francisco-Vich-Judd bill authorizing the placing of municipalities into receivership, was up as a special order in the senate, but after being debated, was deferred to Monday. In the meantime it is to be reprinted.

The makers of Vicks VapoRub have now produced an oral antiseptic. It is called Vicks Voratone Antiseptic. They urge every user of a mouth-wash and gargle—for halitosis (impure breath), oral cleanliness, and other uses—to test Vicks Antiseptic and get personally acquainted with its quality and its economy.
Born in a depression year, Vicks Antiseptic is priced accordingly. The regular size is a large 10-ounce bottle—a usual 75c value—for only 35c. For your testing, Medford drugists are offering a special trial size. This is a 25c value, but is priced at only 10c—while the supply lasts.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:
"Something like eleven or twelve years ago, I began eating Kellogg's All-Bran. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.
"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.
"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.
The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.
