

### LIONS MESS HALL FOR UNEMPLOYED IN NEED OF FUNDS

As High As 93 Meals Served In One Day—Many Sheltered Over Night—Many Donations Listed.

The community kitchen and shelter served 93 meals one day in January and continues its policy of giving two meals and shelter for one night to each transient, despite the fact that the funds have reached the lowest point in the history of the institution.

President Lawrence Pennington of the Lions club, which sponsors the project; Chairman Carl Stewart and committee members, B. G. Harding, Leland Brophy and Oscar Hoover, are trying to raise money for meeting the expenses which, despite the fact that not one person connected with the operation of the quarters at Fourth and Bartlett, receives any wages, is difficult to provide.

Vegetables heretofore donated must be provided. Coffee, meat and other supplies sufficient for an average of more than 40 persons a day must be brought in addition to the general contribution of food stuffs by interested citizens.

Last month's bills of \$75 are not yet paid and there is a deficit of \$55 facing the committee. Donations received during the period January 1 to February 1 are listed below and the sponsors of the relief project express appreciation of the contributions:

- Fuhrer's Bakery: One hundred and eighty pounds breadstuffs.
- Beck's Bakery: Thirty-one loaves bread, 8 pies.
- Gates & Lydard: Two hundred and sixty-five pounds mixed vegetables.
- Brown's Drugs: Two cough bottles, 4 bottles cough medicine, 2 bottles colic oil, 4 boxes grip tablets.
- Reliable Grocery: Eighty pounds mixed vegetables, 25 pounds bananas, 15 pounds beans, 50 pounds apples.
- J. W. Shirley: Fifteen pounds of parsnips.
- C. L. Green: Two coats.
- Sluder's Creamery: Two gallons skim milk (daily).
- Swiss Creamery: Two gallons of milk (daily).
- Mason-Ehrman: Forty-five pounds cereals, 40 pounds sugar, 1 case milk.
- Jackson County: Two logs, 1/2 rick, 1/2 cord 4-foot wood.
- Peerless Market: Twenty-six lbs. mutton chops, 1 chicken, 2 lard tubs.
- Y. W. C. A.: One quart pickles, 2 pounds meat loaf.
- Humphrey's Grocery: One box of apples.
- Welfare Association: Fifteen pillows.
- Mrs. Powell: One pair shoes.
- Miss Pennington: Fifteen pounds dressed chicken.
- Warden Walker: Fifteen legs venison.
- Owen-Oregon Co.: Two loads block wood.
- Pay 'n' Takit Market: Twenty lbs. hamburger, 50 lbs. bacon butts.
- F. S. Carpenter: Fifty pounds of prunes.
- George Prescott: Four and a half quarts fruit.
- Kellogg Salesman: Five hundred samples wheat flakes.
- Mrs. Lewbold: Four pounds cereals, 4 bars chocolate.
- Forest Service: Two crosscut saws.

Attention is called to the fact that the city's transient problem, as well as some of the local problems, is being cared for at practically no expense to the city or county.

The Eugene Register-Guard, in a front-page article February 5, describing Eugene's provision for the care of transients, says in connection with the operation of its plan at the old Yates hotel: "The service received \$185 each month from the city, county and relief chest. Out of this amount comes \$50 a month rent for the building, \$50 salary for the operation of the place, approximately \$18 for light and water, \$3 for telephone, \$5 for laundry, \$8 for wood, \$10 for car. The grocery bill averages around \$40." On the day reported 22 suppers had been served and 17 persons were given beds. A demand for another place to care for transients in Eugene is being made by John Marsh, town constable.

Medford has so far taken care of its community project for transients without expense for wood, laundry, car, telephone or wages, because of the keen interest manifested by public spirited citizens and the contribution of time and labor of those actively concerned with the operation of both kitchen and shelter.

According to Mr. Stewart, the local telephone office has promised to install a telephone which will be of great help in saving time and confusion in the management of the quarters.

It is also understood by the chairman that the electricity will be contributed by the California Oregon Power company.

Visitors will be welcome at any time to inspect this community enterprise. Two women are at present being cared for in the women's wing of the building adjoining the rooms of the matron, Mrs. McKeen. One of these women has been making quilts and doing other work in connection with the women's ward.

Contributions of any kind will be welcomed by those in charge and Mr. Pennington, Mr. Stewart, George Prescott or any member of the committee will give information or receive donations for what is generally considered by those familiar with well conducted relief projects, one of the outstanding examples in the state.
