## Women's Greater Oregon Group Addressed by Banwell.

The Medford branch of the Women's Greater Oregon association met Monday afternoon in the city hall club rooms. After a short business meeting, A. H. Banwell, the newly-elected secretary of the Chamber of Commerce, was introduced. He expressed himself as greatly pleased to find such an organization of women co-operating with the Chamber of Commerce and working with the producers of Oregon products. He told of work being done in other localities by groups of women and in closing said: "Supporting home products supports oneself."

J. R. Fischer was next introduced and gave a very interesting talk on the manufacture of noodles. He is now furnishing employment to six local men with families and as many more are salesmen. Already he is using 36 cases of fresh Rogue river eggs per week and quantities of Rogue river milk. Medford, alone, he found was using one carload of noodles per month and he decided to help our own community by furnishing employment and a market for our own products. Results already prove that he is doing just that and he is proud of the fact that he is receiving 100 per cent co-operation in distribution. It was stated. At the close of his talk he presented each one present a package of noodles. The Women's Greater Oregon association has now added another local product to the list which the members will purchase and use.

## Girls' League Tea Event for Wednesday

(By Dorothy Gore.)  
If the plans made by the Girls' league council at their luncheon Monday noon, are carried out, this group will be very busy during this next month. It has always been the policy of Miss Maurine Carroll, dean of girls, to welcome new students, to seek out new talent and to give every girl a part in the working organizations of the school. A St. Valentine's tea, honoring the faculty and new girls and the details for the observance of the annual Girls' league week, March 13 to 17, were outlined.

The president, Margaret Warner, presided, and urged upon the girls the importance of cooperation in making this activity the big success anticipated.

The enthusiasm was carried from the council luncheon to the general Girls' league meeting at 1 o'clock. Margaret welcomed the new girls, gave them invitations to the tea, and a copy of the Girls' league creed. The tea will be held Wednesday, February 15, from 3:30 to 4:30, and the following committees were appointed: Table decorations—Chairman, Erma Niedermeyer, Leona Conger, Mildred Reynolds, Evelyn Herman, Alice Prook, Doris Patton; serving committee—Chairman, Marjorie Gregory, Maxine Bohmert, Gertrude Boyle, Estelle Newman, Frances Laing, Marjorie Phyllis, June Davis, Velma Smith. Circuit Judge H. D. Norton, following the return of the indictments, censured the grand jury and citizens for their "complacency" towards the local situation. ## Put more SUNSHINE days on your calendar

How many days in the month do you feel your best? You can add to these sunshine days by simply obeying nature's laws.

The first of these laws is regular elimination. Avoid constipation by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines, and vitamin B to help aid regularity. ALL-BRAN also contains twice the iron of an equal weight of beef liver.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much more pleasant than pills and drugs—so often habit-forming.

Serve as a cereal or use in cooking. Directions on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

## Up to noon today, the sheriff's office had issue more than 100 of the new auto license stickers to autoists of Jackson county, under the \$2.50 fee, which became effective last Saturday. The new price is expected to enable many heretofore unable or reluctant to pay the former high rate to procure licenses and use their machines for pleasure and business. The \$2.50 license fee is good until July 1, when the new license year begins in this state. After that date, the license for the year is the same. The new rate is particularly beneficial to unemployed workers, who have been handicapped in the use of their autos.
