AVOWED HATER OF ALL GOVERNMENT FIRES FIVE SHOTS

Alvon Foster Dunford, the first man to enlist in the world war from Jackson county, and who suffered one bayonet wound and nine bullet wounds during the war, died yesterday at his home on Little Applegate, following an illness of eleven years. During his illness he was decorated by the king of England, and received four medals and other honors from the British government.

Among the records of achievement given Dunford was one in which he was mentioned in a dispatch from Field Marshal Sir Douglas Haig, dated the 7th of November, 1917, for gallant and distinguished services in the field. I have it in command from the king to record his majesty's high appreciation of the services rendered.

Mr. Dunford was born at North Lupton, North Yorkshire, in 1890, and came to Jacksonville at the age of three, where he received his early education. Later he traveled throughout the United States, and returned to southern Oregon in 1913, enlisting in the Pacific-Canadian army in 1914. In September, 1919, he was married to Pearl Bowser at Chester, Pa., and they had made their home in the Applegate district for the past five and a half years.

Mr. Dunford is survived by his wife Pearl, two children, Agnes Emma and Arthur John; his father, Chas. F. Dunford, Sr. of Jacksonville; two sisters, Mrs. J. R. Monroe of Medford, Mrs. Frances Hollis of Eugene, two brothers, Charles F. Dunford of Jacksonville, and O. W. Dunford of Medford. Military services, under the direction of Carl Y. Tengvald of the Medford American Legion post, will be conducted at the Perl Funeral Home Friday afternoon at two o'clock with burial in the Jacksonville cemetery. Squate will be sounded by the firing squad of Co. A, 188th Infantry, National Guard.

Palbearers will be Edwin Taylor, Paul Jennings, Harold Crump, Glen Salmarsh, Claus Kleinhammer and Willis Scott. Special Communication of Medford Lodge No. 193, A. F. & A. M., Friday, Feb. 17, at 7:30 p. m. Work in P. C. degree. Visitors invited. O. W. DE JARNETT, W. M. GEO. ALDEN, Secretary.

DEMONSTRATIONS IN HOME 'EK' AT HI SCHOOL FRIDAY

Practical demonstrations by girls taking home economics will be put on at the Junior high school open house on Friday, February 17. A display of constructive work done in the department together with exhibits showing contents of the whole home economics course of study will be set up in rooms 8 and 9.

Advanced clothing girls will demonstrate the use of sewing machine attachments, alteration of patterns, and popular constructive processes such as bound buttonholes, tailored pockets, and continuous plackets. Laundering processes and stain removal will be explained, and costume selection charts will be shown. A project will be set up showing the proper furnishing and decorating of a girl's bedroom. Those girls interested more in foods are given the opportunity to plan low-priced menus and economy dishes. There will be on display in the foods laboratory, charts showing well-balanced menus, foods which meet the body needs, and food budgeting. The advanced girls taking foods will act as guides to those interested in the department. Light refreshments will be served in the department.

The home economics course of study is improved and broadened constantly since new discoveries by scientists in the field of nutrition bring about new food methods and constant changes in woman's costume require ever new constructive processes. Since many girls are handicapped by the lack of money to buy new material, emphasis has been placed on the importance of making over old garments into new, attractive ones.

Oregon Boy Wins Honors

Randall Grimes of Harrisburg, Oregon, has been selected by the extension service of the Holstein-Friesian association as the state champion 4-H Holstein boy for 1933. This is the second consecutive time Randall has won this honor. Not only is Randall the state champion, but he is one of the outstanding 4-H members in the United States, ranking among the top four or five boys, according to the Holstein association.

A detailed account of his nine years experience in club work would be too lengthy to review. He started his club career in 1924 with a Holstein heifer calf, and has carried on the dairy project every year since that time. Gradually he added other projects such as poultry, pigs, sheep, wheat, oats, barley, corn and vegetables. In 1932 he had quite an array of livestock, including 17 Holstein cattle, 550 chickens and six sheep. He also had one acre of corn, 26 acres of other crops and a vegetable garden. During his nine years in club work he has made 242 exhibits, 62 public demonstrations and

has participated in 42 judging contests. In all of this work he has won high honors. He has served in various capacities in the clubs, including local leader secretary, vice-president and president. Randall has also taken an active part in church entertainments school activities, achievement day programs and Grange programs. He is now a freshman in the Oregon State Agricultural college.

A careful comparison of his record did record is being made with those of the champions in other states, in order to select a national champion 4-H club boy for 1933 by the Holstein-Friesian association of America.
