

# Timber Products Company Extending Southern Oregon Activities

Panoramic view of the Timber Products Company plant, located at the end of North Central avenue in Medford, showing stock piles, warehouses, box factory, burner and sawmill. This photograph was taken last year and does not show the fine, new retail lumber warehouse and modern new offices completed during February. Since 1918, when this company was established, equipment and mill facilities have been added from time to time to handle the steadily increasing business of this company. The properties extend over approximately 30 acres.

## TIMBER PRODUCTS WILL MAINTAIN LOCAL PAYROLL

### New Department to Open Tomorrow—Will Feature Local Lumber Products

What will doubtless become one of Jackson county's most important and far-reaching activities will be launched this week when the Timber Products company's new retail lumber and building material yard is formally opened for business, Wednesday, March 1.

The Timber Products company has expressed the belief that local industry and the support of the same is absolutely vital to the success of this community and was originally inspired to enter the retail field because of the fact that in the past considerable lumber and other commodities that could have been purchased from local manufacturers, have been shipped in from outside points, it is claimed.

100 Per Cent So. Ore. Industry. A true local industry, utilizing exclusively southern Oregon timber, the new yard should do much to replace upstate lumber products with Jackson county's own supply. The success of this new venture will mean that employees now idle a portion of the time will be given an opportunity for more continuous work the year round; machinery will be kept busy sawing and manufacturing lumber that has been cut from Jackson county's own vast supply and loggers and truck men will have been given additional employment in bringing the logs to the mill.

One of the most important features of the new yard, a fact which is vital to everyone, is that logging, transportation, mill work, re-manufacturing and retail activities will be financed by local capital. Unlike many large operations, which have depended upon outside backing, the Timber Products organization is a strictly local development, and sends no profits outside its immediate trade territory, a genuine Jackson county industry, which will add to and not detract from, business stability and performance for this community.

Valuable Payroll. Already employing several hundred persons the year round, it is expected that launching of the retail lumber and building materials yard will augment this force, adding welcome salaries and wages to other families right here at home, rather than in some upstate lumbering community. The Timber Products company owns some timber an abays the balance of its requirements from private owners of this district. Most of these logs have been purchased in the past from the Jacksonville, Rogue River and Talent districts and the retail yard will directly benefit these districts, as well as the various truckmen employed in moving the logs to the mill.

In addition to a very complete assortment of pine, fir and cedar lumber this company has a large assortment of standard, quality building materials, including lath, plaster, cement, lime, roofing metal lath, brick, oak flooring, doors, windows, sash, plasterboard, insulating materials, plywood, mouldings, etc. One special feature will be the exclusive sale of the famous Depoe Bay Super-Perfect cedar shingles, available at no other place in southern Oregon.

Giant Powder Depot. Of particular interest to the mining industry, is the appointment of the Timber Products company as distributors of the products of the Giant Powder Co. A large modern powder magazine has been erected within a short distance of the mill and the largest stock of explosives in southern Oregon has been made available to the mining industry and others, who have use for dynamite and its accessories.

Officers of the Timber Products company are John R. Tomlin, president; Floyd Hart, vice-president; and general manager; C. H. Herman in charge of logging and mill operations; R. I. Flaherty in charge of box stock sales and shipping; W. A. Sinclair, factory superintendent; Bruce Baiter, manager of retail sales, and O. M. Anderson, office manager.

The management has issued an invitation to the public to visit this new department, as well as the various other activities of the company. Many will be surprised to learn the scope and importance of this 100 per cent Medford and Jackson county industry.

## OLD BASEBALLERS GRACE PAYROLL OF HOLLYWOOD CLUB

### Pennant Chase Will Be Conducted This Year by Experienced Hands—Manager Vitt Holds High Hope

By RUSSELL NEWLAND (Associated Press Sports Writer). SAN FRANCISCO, Feb. 28. — (AP) — While other clubs turn to youngsters this season, Hollywood will chase the Pacific Coast league pennant with a crew composed mainly of old, experienced hands.

"Hardpan" Bill Lane, rough and ready owner of the Stars, has filled the available jobs on his team with campaigners whose names are well known to baseball. There is a sprinkling of youngsters who have seen enough class AA ball to stand the strain of an opening day crowd.

Sees Hollywood Year. Beaten by a whizzer the last two seasons, after plotting his teams to pennants in 1929 and 1930, Manager Oscar Vitt believes this to be a Hollywood year again. On his record Vitt ranks as "top man" in the Coast league managerial field. He hustled his 1932 club into second place with much less in the way of material than that of the flag-winning Portland team.

Seasoned performers make up the pitching staff. Frank Shellenback has been a standout for years. His spitball and winning nature make him a good bet for upwards of 20 wins a season.

Yds Signed Again. Vance Page, with two years experience, will be dependable. He may make the big league grade after this season. Emil Yde, lefthander who once drew major league pay, still has a good curve ball. Newcomers include Archie Campbell and Pete Donahue, veteran righthanders, both former big leaguers. Campbell came from the American association in a trade for Jim Turner. Donahue, a wanderer for the last two seasons, was rated the best in the National league five years ago, while with Cincinnati. The youngster of the pitching staff is "Lefty" Perry, brought in from the Piedmont league towards the end of last season. He pitched one game against Oakland and allowed one hit.

Has Best Receiver. Manager Vitt says he has the best catcher in the league. Other managers probably will agree. He is Johnny Bassler, old and reliable. Jim Patterson, obtained from the Boston Red Sox, will help out behind the plate. He is young and promising.

Jack Sherlock, experienced and steady, will hold down first base again, unless Bobby Hipps, young lefthander who was with Tulsa of the Western league last year, is ready for faster company.

Second base duties will be cared for again by the popular Otis Brannan, with Allan Strang, young star graduate from the Piedmont circuit, at shortstop. Strang is a great prospect. Last season, his first on the coast, he amazed the fans with his fielding feats. Manager Vitt believes he will make the customers forget the near-perfect work of Dudley Lee, sold to Indianapolis of the American association. "Nobby" Nowell, another youngster from the Piedmont league, will be given a thorough trial at third, although there is some

## question as to whether he will fill the bill.

### Dependable Outfield.

The flycatchers include Doug Taitt in left field; Cleo Carlyle, center field, and Cedric Durst, right field. Taitt and Durst are originally from the coast, Durst being a star with Los Angeles years ago. He was purchased from St. Paul and Taitt comes from Indianapolis in a trade for Marty Callaghan. Each is a left-handed batter. Durst saw service with the Yankees and Red Sox. Louis Martin, from the Piedmont league, and Al Monnelly, big righthanded hitter who did fairly well last season, round out the outfielding department.

## GATES AUTO FIVE DEFEAT BOOTERY

Gates Auto bowlers took three straight from the Bootery boys in their City league match last night. Moore of the Auto outfit was high man of the evening with 545 and Strang of the Bootery was close behind with 510.

The Peerless meat market and Fuhrer's Bakery took tonight. Gates Auto, 900 152 420

## ANNUAL TOURNEY GETS ATTENTION OF BASKET FANS

The Oregon state basketball tournament which is to be held in the Willamette university gym, Salem, Oregon, will run through March 15, 16, 17 and 18 with 16 teams entered, one from each of the basketball districts in the state. Each team is allowed to bring 8 players and their expenses are paid to and from the tournament and while in Salem.

Medford is practically assured as being the team which will represent this district in the state basketball tournament. One more victory over Ashland, whom they defeated to the tune of 43 to 13 last Thursday gives Medford championship of this district.

## BUTTE FALLS, PHOENIX CLASH THURSDAY FOR SECONDARY HOOP TITLE

Butte Falls and Phoenix will play for the secondary school championship in the Junior high school gym at 8:00 p. m. Thursday evening. Both schools have a remarkable record for the season and a game which will be fought to the last minute is expected. On the face of statistics Phoenix holds the edge. In two encounters with Central Point Phoenix won both, while Butte Falls lost one and won one.

According to Principal E. A. Whitman and Coach O. T. Campbell the teams are in the pink of condition with no men on the sick list. The winner of the secondary championship will probably play Medford for the district championship.

## INDIAN GRAPPLER DEFEATS LOGGER

PORTLAND, Ore., Feb. 28. — (AP) — Taking two falls out of three, Yaqui Joe, 160, Sonora, Mexico, Indian, defeated Harold Heibert, 161, St. Helens, Ore., logger, in the main event of Promoter Herb Owen's wrestling card here last night.

The Indian won the first fall in 25 minutes with a flying leg scissor, but Heibert came back nine minutes later to even the count with an airplane spin. Joe won the final and deciding fall in 10 minutes with a body slam.

## SARAZEN UNOFFICIAL WORLD'S GOLF CHAMP

MIAMI, Fla., Feb. 28. — (AP) — Gene Sarazen, American and British open titleholder, has added the "unofficial world's golf championship" to his list of laurels by a decisive victory over Olin Dutra, metropolitan and P. G. A. champion.
