MEDFORD BANKS OBSERVE HOLIDAY; REOPEN MONDAY

(Continued from Page One)

Meier was met generally throughout Oregon with the decision of banks to remain open for the transaction of what was described as "necessary business."

Only in few cities of the state did the banks remain closed. The First National bank of La Grande which had been closed for more than four months, reopened this morning and its officers said the bank would not observe the holiday.

Governor Meier issued the order designating today, tomorrow and Saturday as legal holidays "to permit the enactment of necessary regulatory and stabilizing legislation in line with federal enactments and legislation enacted by other states."

It was essential for the protection of all depositors, he said, that bank withdrawals be suspended for a "brief period."

The larger banks in Portland posted signs announcing the holiday but soon after the regular opening hour the signs were taken up and business transacted, but withdrawals of only comparatively small amounts were permitted. The bank of which Governor Meier is chairman was among those remaining open.

PHOENIX, Ariz., March 2.—(AP)—Governor B. B. Meier, in a proclamation today declared a three-day banking holiday in Arizona.

CARSON CITY, Nev., March 2.—(AP)—A four day legal holiday was proclaimed today by Governor Fred B. Balzar to give Nevada banks a "breathing spell."

SAN FRANCISCO, March 2.—(AP)—Deposits of nearly \$3,000,000 were tied up in the state and national banks of California today by Governor James Rolph, Jr.'s holiday closing proclamation designed to forestall further "unnecessary withdrawals."

The San Francisco and Los Angeles stock and curb exchanges did not open and officials said they probably would remain closed during the holiday.

VANCOUVER, Wash., March 2.—(AP)—The three national banks in Vancouver today posted signs on their doors today that they would remain closed until Monday, March 6 under the terms of a three-day bank holiday which the notices said had been ordered by Governor Martin.

Advices from Olympia said, however, that no such holiday order had been issued by the Washington governor.

Toggery Observing 30th Birthday

With a splendid record of service to southern Oregon people, the Toggery is observing its 30th birthday this month with special anniversary values in men's and young men's apparel and furnishings as well as showings of smart and distinctive spring styles. For three decades, this old, established Medford concern has been a part of the business life of this city and, during this time, has made its name synonymous with integrity, quality and personal friendly service.

William F. Isaacs, known far and wide as "Toggery Bill" established his first store in a small location near his present establishment. With only 600 square feet of floor space, Mr. Isaacs built a business which now holds an enviable place in business institutions in this section of Oregon. Charles Palm and J. E. Bodge assisted "Toggery Bill" in his initial venture and Percy DeGroot, now a San Mateo, California newspaper man, was the only employee, working after school and Saturdays.

The present Toggery is a fine, modern establishment with comprehensive displays of clothing, furnishings and apparel. Arthur Hess, who has been associated with Mr. Isaacs for the past 18 years, is in charge of the furnishings and merchandise displays. Mr. Hess has had extensive training in window trimming and his displays are always outstanding. Harold Larsen, who has been identified with the Toggery for several years, is head of the hat, clothing and working men's section while Dick Isaacs presides over the office. Birdie Coggins is in charge of the alteration department, maintained for the special service along this line offered to Toggery patrons.

Known even more as a sportsman and fisherman than for his outstanding success as a merchant, "Toggery Bill" Isaacs has a personal acquaintance with most of the famous Rogue river steelhead. At his beautiful, rustic Big Rock lodge Mr. Isaacs has played the host to scores of famous personages including President Herbert Hoover. For the past two years he has served as president of the Southern Oregon Civic Music association and is, himself, a singer of ability. Mr. Isaacs' name has long been identified with civic and business activities in this city and he has been prominent in fraternal organizations in this city for many years.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. The bile breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take liver pills. Ask for Carter's Little Liver Pills. Look for the same Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.
