

FEHL CONTINUES EFFORTS ARREST CHIEF OF POLICE

Earl H. Fehl, as county judge, continued today his efforts to have a bench warrant, issued by him yesterday, served upon Chief of Police Clatus McCredie.

Sheriff Gordon L. Schermerhorn this afternoon told a group of friends in the court room that he had refused to serve the warrant. "I have the restraining order, and am not going to stick my head in a poke," the sheriff said.

A court house report said Fehl was planning to name a special deputy to serve the warrant upon Chief McCredie, who was at the city police station.

Coroner Frank Perl was also called upon by Fehl to serve the warrant. Coroner Perl also refused, the district attorney's office reported.

It was also reported that bench warrants were proposed for Captain Lee M. Down, head of the state police for the southern Oregon district, and District Attorney George A. Codding and his deputy.

Yesterday Circuit Judge W. M. Duncan issued a restraining order prohibiting Fehl from taking any further action in the ballot theft case, in which he is a co-defendant. This action followed the county judge's denial of an affidavit of prejudice and an appeal to the circuit court.

Chief of Police McCredie, on a writ of habeas corpus issued by the county judge, was directed to produce J. Croft, Virgil Eddington, T. L. Breechen and C. W. Davis, Breechen and Davis are in the Josephine county jail at Grants Pass, held by the state police. Eddington was released yesterday on bail. Croft, a recent arrival in this city, is still detained in the city jail. All were held on the ballot theft charge.

Sheriff Schermerhorn, the district attorney's office said, had instructed his deputies not to serve the warrant on the chief of police.

Fehl yesterday, when served with the restraining order, threw it on the floor and threatened Judge Duncan with arrest, and threatened action against the circuit judge.

HOLIDAY HALTS LEGAL BUSINESS

County officials this morning received definite word from Salem, that today and tomorrow were non-judicial days, owing to the three day bank moratorium declared in this state by Governor Meier.

The courthouse remained open, but only routine matters were transacted. Documents for filing were received in the clerk's office, but with the understanding that they would not be a matter of record until next Monday.

The circuit court also observed the non-judicial order. Judge Duncan continued the damage suit of Manilla Burdell against Lena Wilkinson. Final arguments were under way this morning. The case was under way when the bank proclamation was issued.

Judge Duncan however, will remain here until Saturday evening.

SEARCH FOR FREE POWER IS COSTLY

SALEM, March 3.—(AP)—Without debate, but with pointed remarks by one or two senators the senate today passed a bill introduced by a group of public ownership advocates providing for issuance of \$100,000 in general obligation bonds for engineering costs in connection with the state power program. The bill is referred to the people. The emergency clause is attached.

Senator Corbett asked Senator Burke if this was the first of a series of bills to obtain state owned power projects without cost to the taxpayers, and Burke said it was.

1535 MEET DEATH IN TEMBLOR AND FOLLOWING WAVE

TOKYO, March 3.—(AP)—More than 1500 persons are known to have been killed in the earthquake, tidal wave and fire which devastated a section of the northeastern seaboard of Honshu Island, largest of the Japanese archipelago early this morning.

The full extent of the casualties had not been determined at 11 o'clock tonight, but the governor of the province of Iwate, which suffered most heavily, reported that 1119 lives had been lost in Iwate alone, most north of Miyako, a seacoast town 300 miles northeast of Tokyo.

The total number of dead rose to 1535 with reports from the provinces of Miyagi, Aomori and Hokkaido. Miyagi is on the east coast south of Iwate province. Aomori is the province at the northern end of Honshu island. Hokkaido is a smaller island north of Honshu.

Reports from the provinces most seriously affected, said 7930 homes had been destroyed by the earthquake, tidal wave and fire. The tidal wave destroyed 1570 small boats.

As the night wore on and reports continued to arrive the number of injured rose to 3038 and the number of missing to 948.

REORGANIZATION BILL GOES TO PRESIDENT

WASHINGTON, March 3.—(AP)—After Senator Borah had denounced the executive branch of the government for opposing economies, the senate today adopted the conference report on the \$940,000,000 treasury-postoffice bill with its attendant broad powers to the incumbent president to reorganize the government. The bill now goes to President Hoover.

DOGS START SPRING DIGGING IN GARDENS MAYOR IS INFORMED

Fido is still at large. The official gardening season is still in the offing. But complaints of the doing of dogs are "here and now," according to Mayor E. M. Wilson. "They" are interfering with the shrubbery's growth "They" are stepping in newly planted lawns. "They" are digging up tulip beds and causing no end of trouble, and "they" happen to be "just dogs."

The majority of complaints brought before the city officials are from the vicinity of Eleventh street. Although plants and shrubs are now showing definite signs of spring the look-up season for dogs does not open until April 1. From then until the last of June, dogs must stay in their own back yards or travel on leash. The law makes no demands on them now, but some dogs, say officials, will stay out of the garden.

Bill No. 116, passed by both houses of the legislature, will enable the city to collect 80 per cent of the dog license fees coming from Medford this year. The county court, according to the law, is required to enter into an agreement with the city and the minimum license for dogs this year will be \$1.00 and \$1.50.
