

# Sport, Entertainment Offered Participants in Today's Golf Tourney

## GREAT GALAXY OF DIVOT DIGGERS TO VIE FOR REWARDS

### Many From Out-of-Town Expect to Participate in Blind Bogey Play—Loud Speaker to Add To Fun.

Final arrangements were made late Saturday night for the "moratorium" tournament today at the Rogue Valley golf links with a large number of prizes added to the list already announced by Chairman A. P. Johnson. The tourney, which will be conducted on a blind-bogey basis, will provide substantial rewards for many participants as well as the sport and entertainment features.

One of the entertainment features announced at the last minute by Chairman Johnson was the quartet of former army buddies which will regale players with harmony over the public address system installed by the Peoples Electric. Members of the quartet are Al Thorne, Roseburg; John McClintock, Standard Oil manager; Roseburg; Andy McGee, Standard Oil manager, Yreka, Cal.; and Sam Coull, Standard Oil manager, Klamath Falls.

Among donors listed for the tourney are the Rogue Valley Cheese products Co., Central Point; Bagley Canning Co., Ashland; Pinnacle Packing Co., Whitelaw; Dairy, General Petroleum, Texas Co., Shell Oil Co., Standard Oil, and Fischer's Gold Medal Noodles.

A great galaxy of local and out-of-town mashie wielders will take part in the tourney today, according to Jack Huston, club pro, who has made arrangements to start the first round off at 9 a. m. Prizes will be awarded, probably at lunch, and entertainment will be continued throughout the day. A nominal entry fee has been set for those participating, which will take care of both green fees and luncheon.

With any sort of break in weather the Rogue Valley course is slated for the greatest gathering of golfers in its history, according to the committee in charge of the tourney, who laid special stress on the desirability of local players turning out in an effort to keep the balance between visitors and Medford addicts.

## SLAUGHTER HOUSERS WIN HECTIC CONTEST IN SCHOOL TOURNEY

With both teams playing as though their lives depended upon the outcome of the game the Slaughter House Five, by a last minute burst of speed, drove the Red Rats into second place Friday night by a score of 19 to 17, in the intramural basketball tourney at Medford high school.

The first half of the game was like the old race of the tortoise and the hare with the Red Rats forging into the lead by almost 10 points. But with the persistence of the tortoise the Slaughter House Five kept diligently at the task of putting the ball thru the net.

As the last quarter came around, it was still anybody's game. However, with a clever shot by Blondie Lewis the Slaughterhouses drew up to within one point of the Red Rats. Then Lewis stepped to the foul line, having been fouled by Joe Pierce, and tied the score. When there remained one minute to play George Andrews dribbled down the floor, pivoted and with an overhead throw slipped the ball thru the basket for the winning score.

Slaughter House, 19 Red Rats, 17  
V. Reich, 8 F. Pierce, 4  
A. Holzgang, 5 J. Cowden, 8  
G. Andrews, 4 C. S. Kroochel, 4  
B. Lewis, 5 G. B. Mathews  
H. Williams, 2 G. W. Howard, 1  
Spruks, 0 M. Walters, 2

## RIFLE EXPERTS IN SPRING PRACTICE

Signs of spring are stimulating interest in the outdoor .30 calibre shooting held every spring and summer at the government range east of Medford, used jointly by the National Guard and the Medford Rifle club. Although the ammunition allotment from the war department for 1933 has not yet been received, there is enough .30-40 calibre on hand from last year to permit several weeks firing.

The following scores were turned in last Wednesday evening by the 22 calibre experts.

C. H. Pomeroy	369
C. R. Richmond	359
S. J. Bristol	357
Ivan Waddell	354
E. H. Pomeroy	352
C. A. Sander	350
H. E. Hinabarger	332
F. C. Daley	331
Allan Perry	331
Fred Sander	323
L. Norman	320
Ed Lull	318
R. L. Edwards	312
S. G. Nye	287
Lee Conger	273
E. Olson	247

## BOY SCOUTS TRY HAND AT COOKING

Twenty-two members of troop 8, of the Washington school accompanied by their Scoutmaster, J. Heyland, spent Saturday in the hills above Jacksonville. A number of cooking tests were passed during the day. Troop committeemen L. D. Jones and W. Kasee with Executive O. E. Hoover drove out during the noon hour. The scouts had prepared a very fine dinner which was served to the visitors. After the meal Mr. Hoover demonstrated some short cuts in camp cookery, explaining how to cook a complete meal without utensils.

This trip counted as the fourteen mile hike requirement for many of the scouts. The hikers started out two at a time, some starting as early as 6:30. The scouts are expected to write a complete account of the trip.

## LOCAL YOUTHS EAGER FOR FLYING COURSE SAYS BOEING AGENT

In Medford to contact those interested in the Boeing school, J. O. Becker of Oakland Friday conferred with the senior high school with students in the vocational department, interested in flying.

Mr. Becker said several students expressed interest in entering the school, where there are 85 enrolled at present. The school is qualified for instruction by the directors of vocational education in both Oregon and Washington.

"A high school education is necessary for any person to enter the Boeing school," Mr. Becker said, and he had advised the Medford boys to take complete courses in mathematics, sciences and English in order to be better qualified for entrance.

Seth Bullis of Medford is now a student at the school located at the Oakland airport, and Wayne May, also of this city, plans to enter in October.

Seventy percent of the graduates of the Boeing school are employed in the United Aircraft organization.

Mr. Becker pointed out, and stated that in the 700 hours average of flying during a month, on such a schedule carried out for the past four years, there had been no fatalities.

Nearly 7,000,000,000 postage stamps were sold by the British postoffice during 1932.

Four hundred Fort Myers, Fla. school children will receive dental treatment through a cooperative clinic formed by local dentists.

## Negro Sprinter Cracks Record

SOUTH BEND, Ind., March 11.—(AP)—Ralph Metcalfe, Marquette University's sensational negro sprinter, eclipsed the world's record for the 60 yard dash in the central intercollegiate conference indoor track and field championship at Notre Dame today. He won the event in .08.1, one tenth of a second better than the record set by Loren Murchison in 1923.

## Presenting the Chevrolet "Standard" Six!

Today Chevrolet presents the "Standard" Six, companion car and priced considerably below the present range of the "Master" Six. The new car has aer-stream styling, No-Draft ventilation, octane selector, silent second, a wheelbase of 107 inches, 60 horsepower motor. Tests prove it very smooth, economical of operation. Upper left, sport coupe; upper right, coupe; and the coach.

Chevrolet's new entry in the automobile market—"The Standard" Six—goes on public display tomorrow at dealer showrooms the country over.

Although certain models are priced very much below the present series, now known as the Master Six to distinguish it from the Standard, the new car has a wheel-base of 107 inches.

Featuring air-stream styling, the new car resembles in external appearance its companion series. Three body types are offered—coach, coupe and coupe with rumble seat, all with Bodies by Fisher and all featuring the new Fisher no-draft ventilation system.

Powered by a valve-in-head six cylinder engine, the new motor develops sixty horse power at 3,000 R. P. M. and is said to have a top speed of 65 to 70 miles per hour. It is of the same basic design as the six first introduced by Chevrolet in 1928 and now used in the Master series.

While certain features are identical with the Master series, a company statement emphasizes that the new Standard Chevrolet is an entirely new car, and not a smaller version of the Master nor a resurrection of an older model. It is the result of two years of development work, the company states and is a companion car to the Master series designed primarily to consolidate Chevrolet in its position of leadership in the industry, which it has held four years out of the past six, by opening up to it that market represented by people who want lowest first cost and operating costs. The new Standard six, the company claims, will deliver more miles per gallon of gasoline than any other full size car now on the market, and is ideally adapted to the needs of the fleet user and to the commercial trade.

## SHEAF OF BILLS EYED BY COMMISSIONERS BEFORE FINAL ORDERS

The county court, Commissioners Billings and Nelson present, County Judge Fehl absent, Saturday afternoon approved a number of bills, which have been accumulating for several weeks. A number were disapproved, and others set aside for investigation.

Assignments of money for county work to apply on house rents, and then to be applied to delinquent taxes on the rented property were also awaiting approval of the county court.

The heaviest item of expense was shown in the bills for relief at the commissary, and indigent aid throughout the county. A number of country stores in the county presented bills for groceries to indigents. The itemized accounts showed purchases of pickles, honey, cookies, candy, and cream. They were set aside until it could be learned upon whose authority they were purchased.

A number of bills incurred without the full consent of the majority of the county court, were also tabled to await investigation.

The two commissioners spent all the afternoon going through the bills, some of which were for the month of January.

## FEDERAL BUSINESSMEN HEAR CAPT. HARVEY AT CONCLAVE HELD HERE

Captain Frederick Harvey Young, assistant co-ordinator of the Seventh area, United States coast guard, with headquarters in Seattle, was honor guest at the meeting Saturday noon at the Hotel Medford of the Federal Businessmen's association of southern Oregon.

Captain Young addressed the group, which included Superintendent Hayes of the reclamation service, Klamath Falls; C. A. Gazette, chief clerk of the Indian agency Klamath Falls; Postmaster C. W. Martin of Grants Pass; Postmaster Wagner of Ashland; Postmaster W. J. Warner of Medford; Hugt B. Rankin, supervisor of Rogue River national forest; Norman C. White and Karl L. Janouch, assistant supervisors of Rogue River forest; Superintendent E. C. Sollinsky and Assistant Superintendent D. S. Libbey of Crater national park; W. J. Hutchison, meteorologist at the Medford weather bureau; Lyle Wilcox of the county agent's office; I. E. Poy and B. G. Harding of the internal revenue department, and Glen Mitchell, supervisor of the Siskiyou national forest, with headquarters in Grants Pass.

## 20 BANKS FOLLOWERS REPORT EYES OPENED

O. H. Goss, secretary of the Unemployed Council, announced Saturday that he had received 20 requests thru the mail from members of the Good Government Congress for their names to be removed from the membership list of the congress.

Mr. Goss stated that the secretary of the congress would be asked to give back the cards of these members, and if such request is refused, the names of those asking for withdrawal, will be published.

## CIGARETTES AND SLOT MACHINE ARE STOLEN

Dell's Hamburger stand at 321 East Sixth street was robbed of cigarettes some time during Friday night, and Bob Wilson's store at 317 North Central street was entered, resulting in the theft of a slot machine.

According to the police entrance at Wilson's place was made through the back door, and the machine was carried to the service station next door, where it was broken open and the contents taken. The slot machine was found at the service station this morning.

## Garden Seeds

are now being sold by the grist mill on Jackson Street. Since this is the first year that we have handled seeds we do not have any carry-overs of old high priced seeds. And our new, fresh seeds will naturally show a much higher percentage of germination than any old seeds.

We have quite a complete assortment of both bulk and packaged seeds. Our seeds come principally from Portland Seed Co., and Ohas. H. Lilly Seed Co. Also have in stock all kinds of Seed Grains and Field Seeds. Our overhead is low, and we appreciate the need for low prices this spring, hence we assure you that you cannot find lower prices anywhere.

## GIANTS GET TO WORK AT SPRING PROVING GROUND

Here are some scenes from the New York Giants' Los Angeles training camp where the annual spring activities are running at top speed. Above Coach Tom Clarke is shown lecturing a class of rookies. The listeners are, left to right: John de Sapia, infielder; John Salveson, Reggie Mapp, Alfred Smith, all pitchers, and Harry Dowd, catcher. At left is Harold Schumacher getting some results from the old pitching arm, Carl Hul. (left), veteran pitcher, and his younger brother, Merritt, are shown below. Merritt is being coached by Carl for possible big league service. (Associated Press Photos)

## HOW THE BANK CONTRIBUTES TO COMMUNITY WELFARE

# Thrift's the Thing!

In periods of depression foundations are laid for future prosperity. In the affairs of individuals, families and business establishments, there is a getting down to "bras tacks" in which all wastes are eliminated and economic building is done on a more solid basis. So far as individual and family are concerned, we know of no better way to begin building for the future than by means of systematic saving in one of our interest paying savings accounts. Such a system pays most in the long run.
