

# NOTED SPEAKER HERE SUNDAY IN BATTLE ON RUM

Harold Singer, noted speaker of the Allied Forces and director of the national organization of Allied Youth, will visit Medford Sunday, March 19, making three appearances under the auspices of the Allied Forces, Jerry Latham, vice-president of Crater Lake Christian Endeavor union, is in charge of local arrangements.

The meetings are part of the continuing program of the Allied Forces for furthering the fight against the liquor traffic through temperance education. Mr. Singer will make his first appearance before the Everyman's Bible class, Sunday at 9:45 a. m. in the courthouse auditorium. His topic will be "Alcohol and Our Generation." All men, young or old, are urged to be present. Sunday afternoon he will talk on alcohol education at a great mass meeting for everyone, to be held at 3 o'clock in the Presbyterian church. In the evening a conference will be held at 6:30 at the Presbyterian church, and the local representative is inviting those who are interested to attend. At this meeting arrangements will be made for extending local activity through Allied Citizens.

Mr. Singer has long been known as a leader of youth and is an outstanding advocate of temperance and prohibition. He recently completed a speaking tour of 40 cities, as one of the speakers during a gigantic, nation-wide campaign conducted by the Allied Forces, under the leadership of Dr. Daniel A. Poling, president of the International Endeavor union and internationally known as a dry leader. Mr. Singer's association with Dr. Poling is one of long standing, and during the recent campaign he frequently traveled with him, speaking in many cities on the same platform. Mr. Singer has addressed groups of young people and adults in every state in the union, everywhere emphasizing the need for education as the way to temperance, especially among the young people.

"This question is becoming more and more a problem for youth," says Mr. Singer. "It is our responsibility to provide them with ammunition to carry on the fight. The strongest and surest equipment we can give them is knowledge, based upon our experience and observation of conditions back in the old saloon days, as compared with conditions today."

# LIONS WILL DINE AT SOUP KITCHEN

A novel plan for reimbursing the Lions' community kitchen fund was announced today by the Lady Lions, who will serve luncheon at the kitchen next Tuesday noon, regular meeting for the Lions club. Members of the club will dine there and pay the regular price for luncheon. The amount realized will be turned over to the kitchen fund. Each Lady Lion has been asked to bring a covered dish for the occasion and a very tasty meal is promised. Luncheon will be served at 12:10 o'clock and the committee making arrangements for the affair is composed of Mrs. H. W. Hubbard, Mrs. Al Littell, Mrs. W. A. Holloway, Mrs. Goodwin Humphrey and Mrs. Lawrence Pennington.

**Inauguration Dance  
E. Point Saturday**  
An inauguration dance has been planned by the Eagle Point baseball club, to be given on Saturday evening at the Kincaid hall. It was announced today. The club plans to put an independent team in the field this season, and it is hoped that a large group attends the dance.

We wish to express our sincere thanks to our many friends for their sympathy and kindness during our recent bereavement; also for the beautiful flowers.

F. H. Geffert,  
Hildegard Spitzer.

## INDUSTRIAL CENSUS QUESTIONNAIRES TO SUPPLY C-C DATA

The Chamber of Commerce is taking an industrial census of local manufacturing plants and questionnaires are being mailed today to industrial concerns in the city, it was reported from chamber headquarters this morning.

The purpose of the census is to supply the Chamber of Commerce industrial department with authoritative information relative to the industrial plants located here. Manufacturers are assured that the data will be held strictly confidential, and are expected to co-operate to the fullest extent in order that the chamber files shall be complete and up to date.

Any manufacturer of any product whatsoever who does not receive a questionnaire is asked to communicate with the Chamber of Commerce. The attention of the local manufacturers also called to the fact that the front window at the Chamber of Commerce is available at no cost for exhibits, and anyone wishing to make a display is urged to make application immediately with the Chamber of Commerce.

# HEAVY BANKING BUSINESS NOTED ON OPENING DAY

SALVEM, March 16.—(AP)—A heavy volume of deposits and a great increase over withdrawals were noted by all state banks which opened on the 100 per cent basis. A. A. Schramm, state banking superintendent, said today, Schramm said it would be impossible today to determine the extent of deposits in these 60 banks on the opening day yesterday.

"In every instance all these banks reported greater deposits than withdrawals," Schramm said. Many of them reported unusually heavy deposits, one bank reporting \$30,000 deposits with only \$12,000 checks against it and another a clear increase of better than \$21,000. Mr. Schramm said. And both these banks were small, he added.

The banking department will be busy for some time on the examination of the 20 banks which were opened yesterday upon a restricted basis only. These will all be examined and effort be made to bring them up to qualifications, should they lack sufficient reserve, in order that they might also open on a 100 per cent basis very soon, Schramm announced.

# NEW PEACE PLAN ALLOWS GERMANY TO DOUBLE ARMS

(Continued from Page One)

her naval power would be fixed at the present level until 1935.

This proposed treaty would remain in force for five years. During that period special international commissions would be created to attempt conciliation and settlement of vexing political problems now disturbing Europe. A second general arms conference would be held just before the expiration of the five-year period.

Aircraft Hard Point.  
MacDonald admitted that this far he had been unable to figure out a way to guarantee that civil aircraft will not be converted to war purposes. Such a guarantee is essential to the abolition of military aircraft. Therefore he proposed limitation by quantity and suggested these specific figures:

For the United States, 500 airplanes; Great Britain, 500; France, 500; Japan, 500; Italy, 500, and smaller figures for other countries. He did not suggest a maximum for Germany.

"These figures are not like the laws of the Medes and the Persians," he said. "They can be altered."

Calling Germany by name, the British premier declared that "recent events and speeches" have not helped those seeking to establish peace and justice in the world.

Germany Quoted.  
He quoted with approval the German assertion that "either Germany must be given justice and peace, or the world is going to destruction."

There must be contributions from France and other armed powers, he told the conference, and also from Germany and her defeated world allies if the efforts to attain disarmament and tranquility are to succeed.

The problem of disarmament is largely psychological, he declared.
