Communications

They Share Guilt To the Editor: Last Sunday at the armory more than 3000 grief stricken people gathered...

George Prescott's steady tread and sunny smile are with us no more. Everyone knows in whose hands was the weapon that brought about this tragic ending.

We wonder if those who have fed upon and allowed to seep into their systems for the last three years the vicious, slanderous lies and seditious propaganda put out by a self-seeking politician...

Also are not those who gathered at a recent outdoor meeting of the so-called Good Government Congress at the court house...

Len! there something that can be done in this political case? Or does Uncle Sam have to go on paying a salary to one who uproariously applauds inflammatory speeches...

Again we wonder just what position these school directors who turned school buildings over for these seditious meetings after having taken an oath to support the constitution of the U. S. will be in when the deputy attorney general begins to investigate.

PANNING PRIZES ARE ON DISPLAY IN G-C WINDOW

Prizes donated by the Merchants of Medford to be given to the contestants of the panning contest sponsored by the Southern Oregon Mining association are on exhibition in the window of the chamber of commerce...

Entries for the contest are coming in fast and the secretary of the association at the chamber of commerce, advises all contestants, both men and women, to register their names with him as soon as possible...

The contest is open to all comers. Panners who feel that they are really fast are invited to enter, but they had better take the precaution to save at least three-fifths of their gold if they wish to qualify...

The committee in charge hopes to have a man whose cognomen is "Missouri George," and who it is claimed is the champion panner of the world here to enter the contest.

The reputation of "Missouri George" was being given to John B. Griffin of Medford, and one of the old timers of the Rogue River valley. Mr. Griffin listened closely until the adjectives were exhausted, then said quietly, "Yes, I know Missouri George. I'm not afraid to pan against him. Missouri George is a good break maker."

The school designed to teach the student the use of the pan and the rocker, that is being arranged for by the state, the county and the co-operation of the Mining association, will probably open the first classes on Monday following these contests.

DONATIONS CONTINUE FOR JUDGE SPARROW MEMORIAL CLINIC

Jackson county people do not soon forget the services of men. Is the announcement of the Jackson County Memorial clinic established to honor County Judge Alex Sparrow, who died in the service of the county, are still coming in, it was reported at yesterday's meeting of the association.

The latest contribution comes from the Jacksonville Grange. Mrs. Lewis Ulrich, secretary of the association, has received the contribution, and yesterday stressed the fineness of sending contributions to worthy causes in preference of flowers.

Many persons who wish to extend sympathy, she stated, instead of sending flowers for a funeral, send cards saying that they are giving money instead to the memorial in the interest of child health.

The project on which the health association is working at present is the establishing of a second dental clinic a week for children. Mrs. Ulrich announced yesterday that very small money gifts to complete the financing of the project will be greatly appreciated.

BRITISH TRAITOR RECITES STRANGE BETRAYAL STORY

LONDON, March 23.—(AP)—Lieutenant Norman Baillie-Stewart of the Seaforth Highlanders, accused of selling out his country for 50 pounds, testified in his own defense this afternoon at a court-martial trying him for betrayal of military secrets to a foreign power.

Norman Parkes, his attorney, led him through the strange story about a girl named Marie Louise, who, he says, sent him money in the mail after he had spent a night with her while he was on furlough in Berlin.

The prosecution, which rested this morning, presented several letters from the girl. It was contended that "Marie Louise" was an alias disguising the identity of a foreign agent. The money contained in at least two of the letters, said the prosecution, was Baillie-Stewart's payment for the betrayal of military information.

Marie Louise had told the prisoner that if he wished to correspond with her it must be through Otto Waldemar Obet, of Berlin—the man who had brought them together—Parkes contended.

(The name of Otto Waldemar Obet has been mentioned in the court-martial as the man reputed to be the betrayer of military information.)

The prosecution has indicated its belief that Marie Louise was a mythical person invented by the prisoner to cover his alleged betrayal of army information.

Applicants for county relief in the Phoenix district are requested to call upon Bert Stancill, George Rowne or Thomas V. Williams, Phoenix sub-committee.

Applicants for a funeral, send cards saying that they are giving money instead to the memorial in the interest of child health.
