JOBLESS RELIEF BY FOREST WORK PROMISED HERE

Definite indication that this community will receive some relief thru the Reforestation bill was reported today by E. C. Solinsky, superintendent of the Crater Lake Park service, at the noon luncheon of the Kiwanis club at the Hotel Medford.

Mr. Solinsky announced that he had received instructions from Washington, D. C., to list the number of unemployed in this community in view of work to be accomplished under the Reforestation bill. Construction and improvement of roads with the money to be obtained was advised by Mr. Solinsky in his talk to the club in preference to actual reforestation.

"Our hope is to get some road money for permanent improvements," Mr. Solinsky stated.

He joined Judge William Steel, guest at the luncheon, in forecasting an early opening of Crater Lake park this spring and stated that Judge Steel, known as father of Crater lake, will probably be riding in the very first car to cross the boundary. His enthusiasm to get back into his Crater Lake home, he stated, is increasing with each day of spring.

An interesting paper, recommending a 10 per cent dilution of gasoline with farm products as an aid to the agricultural interests of the nation, was read by CAPT Y. Tengwald and a short response was heard from Flavius West of the California Oregon Power company, predicting that such a plan would bring an important increase in the gasoline tax.

Frank Glover, insurance man out from Portland, was a guest at the luncheon and agreed with Tengwald that the farmer, the producer of raw wealth, is deserving of the first aid forthcoming.

C. S. Butterfield was called upon today to describe his recent trip to San Francisco with the W. M. Clemensons and gave a vivid review of his trip across the ferry. The story cost Mr. Clemenson a fine.

Coach Darwin K. Burgher also responded to the club's invitation to talk as did Olin Arnspiger and Dr. Dan E. Standard, the two latter advocating a joint meeting with Phoenix Grange and the Ashland Kiwanis club in the near future.

BANKS' BROTHER PLANS DEFENSE ON LOCAL VISIT

W. A. Banks of Tujunja, Cal., brother of Llewellyn A. Banks, who faces a first degree murder indictment for shooting Constable George J. Prescott, March 16, was a visitor at the Grants Pass and Medford jails Sunday, calling on his brother, and Mrs Banks, jointly indicted with her husband.

The Californian, accompanied by John A. H. Sturgeon of Monrovia, said he had no statement to make concerning the defense or counsel for L. A. Banks, and that they were here to find out the details of the case.

Mr. Banks said he found his brother in "high spirits" in the Josephine county jail, and said his only hope was that L. A. Banks would be able to hold up until after the trial. The two men stated they did not plan to remain here for any length of time, but would probably decide on the attorneys to represent Mr. and Mrs. Banks before leaving.

W. A. Banks last saw his brother two years ago, on a trip south he said Sunday, and his visit yesterday revealed that the local man's health did not seem as good, he stated. Mr. Sturgeon said that Banks had been receiving excellent care in the Grants Pass jail.

The Tujunja man received first reports of the murder the afternoon of March 16, over the radio. He said he and not had time to communicate with his brother, Clarence C., who resides in Wakeman Ohio. He also has a sister living in Cleveland.

FEHL IN DENIAL OF AUDIT TALK

Audit of the county boks, now underway, will not be completed before June 1, C. T. Haines, auditor-in-charge said this morning. Three accountants are engaged in going over the books.

Auditor Haines, called before the county court last Saturday morning, was asked in the presence of the three members:

"You signed a contract, agreeing not to release any information except to the three members of the court."

"Yes, and I have not done so," replied Haines.

"Then the statement made at two meetings of the "Good Government Congress" that a huge discrepancy has already been discovered is not true."

"It is not true," replied Haines.

Commissioner Nealon stated, that "Congressmen" told me that Judge Fehl had made the claim in speeches.

County Judge Fehl emphatically denied that he had made any such statements. The statement was credited to Fehl, at meetings held in Wimer and Talent, early this month.

TOLLEFSON LAST HOPE FOR LIBERTY TO TEST IN WEEK

Final action is scheduled this week in the case of Alvin Tollefson under two years and six months sentence in state prison, for a confessed bank robbery hoax, May 10 last. Tollefson, cashier of the now closed institution, admitted he reported a bank robbery, to cover his own defalcation. The following day he made a complete confession. All the money taken was returned.

Last Tuesday, the state supreme court denied the former University of Oregon student and tennis star, a re-hearing. The mandate from the high court is expected this week, when a committment to state prison will be issued in the circuit court.

Tollefson's last hope to escape prison walls rests with Gov. Meier granting executive clemency. Petitions asking for leniency have been filed with the state executive. They were signed by county and Central Point residents. There is scant chance that the chief executive will take any action. He has indicated that he is adverse to granting pardons, without the accused entering prison, and accept upon the recommendation of the state parole board.

The Tollefson case has been listed as "a miscarriage of justice," and during the last campaign was a minor political issue. His father recently filed in bankruptcy.

Tollefson entered a plea of guilty before Circuit Judge H. D. Norton, and was sentenced to two years and six months, a severe sentence under the Oregon law covering his crime.

Robert Glenn, who in September, 1931, attempted to hold up the bank with a gun, and at whom Tollefson fired shots, to halt his flight in a rented auto, was found guilty by a jury, and sentenced to serve 15 years in state prison.

Craterian Crowds Enjoy Cantor Hit

Eddie Cantor, in "The Kid from Spain," began its engagement at the Craterian theatre yesterday. It is Samuel Goldwyn's annual presentation of Cantor song-and-dance, following last year's "Palmy Days" and "Whoopee" the year before.

In "The Kid from Spain," Eddie marches out, neither bravely nor willingly, to show his skill and grace as a matador. Escape from the police who are pursuing him, protection from the Mexican thugs about to put him on the spot, the adoring eyes of the elongated blonde sex menace, and solving his roommate's difficult love affairs are all among the reasons that bolt Eddie into the arena in the thrilling, colorful climax to the story. It is a role in which the weak-kneed, docile, helpless, beady-eyed Eddie is funny in a Chaplinesque magnificence.

Roxy Offering Unusual Picture

Mr. and Mrs. Gene Childers owners of the Roxy theater, said today that the motion picture, "Sins of Love," which opened this afternoon, is creating more comment than any film they have ever shown. They were busy all day answering phone calls from Medford people who plan to attend sometime during the three day showing.

This show comes to Medford exactly as presented to capacity crowds in America's largest cities. This afternoon, besides the picture, Mrs. Jardine McCree, noted authority on sex, spoke to the women and tonight Professor Howard Goldin will offer his lecture on many startling sex discoveries to the men. There will also be matinees for women only tomorrow and Wednesday and a special business women's show Wednesday night from 6:30 to 8:30 p. m. There will be shows for men only tonight, tomorrow night and Wednesday night.
