PATTON REPORTS RELIEF WORK OF PAST 2 MONTHS

HAMILTON PATTON, director of county relief, today submitted the following report of his administration during January and February of this year: County Court, Jackson County, Medford, Oregon.

At this time I am presenting a report of the relief work done under your supervision through the months of January and February of this year. The records of the county clerk's office show that warrants were issued in a total amount of \$10,987.72 and unpaid vouchers on hand in amount of \$261.37, making a total amount of warrants issued or to be issued, of \$11,249.09. Of this amount, \$1,904.40 had been incurred by the previous administration, and supplies on hand which were turned over to the governor's relief committee, amount to \$1,501.55. As shown by the attached statement the net cost of the operation to Jackson county for the two months was \$7,722.14. Of this amount \$4,200.00 was impounded to apply on delinquent taxes.

An average of about 1600 families were cared for during the two months. These families showing an average number of 4.4 people. By adding the number of families into the amount of money spent, it is easy to see that the cost per month in taking care of the problem was \$2.41 a family. This frankly does not take into consideration depreciation on county equipment nor the regular cost of supervision that is paid through the provision of the county. However, this covered the cost of food, fuel, some shelter, and some clothing for approximately 8000 people.

I wish to advise that a check of the payroll today shows that the taxpayers of Jackson county and the city of Medford have received valuable labor on constructive projects in an amount of \$7,938.48. Some labor is still to be performed, for which the payroll has not yet been received, to apply on the cost of the relief work. As you know by agreement with the city of Medford, what ever labor has been advanced to the municipality is to be returned to the county at a future date.

In closing I would suggest that the county court write letters to the Old Field, the Rogue Valley Canning company, the firm of the city of Medford, to the ladies operating the welfare exchange, and to all other charitable institutions or individuals who have been of invaluable assistance in the helping to carry forward this work and who have been directly responsible for the fact that it has been accomplished without the cost being excessive.

Table with columns: Warrants issued, Vouchers to be paid, 1932 accounts, Charges to governor's relief committee, Total. Values: \$10,987.72, \$261.37, \$1,129.09, \$1,501.55, \$7,722.14.

LEGION MEN VISIT ASHLAND MEETING

Medford post of American Legion was well represented at last night's meeting of Ashland post held at Pioneer hall in the Lithia city. Plans for the big meeting on April 6 in honor of the state officers were discussed and talks were made by the local Legionnaires. Captain Overmeyer outlined the plans for a Legion service company to be formed here and it is expected that Ashland will follow Medford's example. An interesting program of local motion pictures was put on by H. L. Bromley, sales advertising manager during the entertainment program, after which refreshments were served by the Ashland veterans. Among the local Legionnaires present were Post Commander Lee Garlock, Post Commanders E. C. Ferguson and Horace Bromley, Capt. Overmeyer, Walter Abbey, Dr. C. E. Kuz, Bill Rosenbaum and "Shorty" Humphry.

SCHOOL ECONOMY HINTS ARE GIVEN BY SUPT. HOWARD

Emergency recommendations and suggestions for immediate consideration of school boards, school clerks and other school executives, sent out by C. A. Howard, superintendent of public instruction, were released today by C. R. Bowman, county school superintendent. They advise numerous economies and retrenchments of interest to all taxpayers.

Each school clerk is asked to carefully check the total of the district's outstanding indebtedness, both warrants and bonds, as well as the amount of delinquent taxes and cash on hand, and inform the board before contracts are signed for the coming term.

All citizens are asked by the school executive to urge the payment of taxes, in part, if not in full, that children may not be deprived of their educational rights.

Insurance of school warrants in small denominations, in order that they may be readily marketable and so they may be conveniently used for the payment of school district taxes in accordance with the provisions of the new law, is asked in the state superintendent's plea for adjustment of school needs.

Rural schools, where the number of pupils in attendance is small, are asked to join together temporarily as an emergency measure, where transportation and tuition can be provided. Town schools, to aid this same situation, are advised to invite in the pupils from small districts at reasonably low tuition charge. This plan has been successfully demonstrated in Crook, Klamath and Lincoln counties, the report shows.

An increase in the ratio of pupils per teacher is urged in town and city schools where practicable and the elimination of small elective classes is advised.

The recommendations for economy go so far as to advise operation of schools on a half-day basis, to keep in the educational machine in operation in Oregon.

Two joint employments of teachers by rural schools is also suggested, with definite assignments to be made for home work during the intervening weeks.

CAKES IN CONTEST ON SALE TUESDAY AT M. F. & H. STORE

The Medford Furniture and Hardware company's big store at Bartlett and Sixth streets has been selected as the location of the American Legion Auxiliary's cake sale which will be held next Tuesday afternoon. Cakes which are submitted in the contest featured by the merchants of this city and the Mail Tribune, in cooperation with the General Foods corporation and Swift & Company. Details of the sale will be supervised by Mrs. K. D. Ross of the auxiliary organization, and proceeds will go to the welfare fund of that body.

Cakes entered in the contest will be received from 8 a. m. till 12 o'clock on Tuesday, April 4, and the cakes, after being judged, will be placed on sale the afternoon of that day by the ladies of the auxiliary. Entry blanks will appear from time to time in this paper and any housewife may enter one or more cakes and compete for valuable prizes. These prizes are being assembled for display in the window of the Mail Tribune, and on the day of the sale will be shown with little cakes in the windows of the Medford Furniture and Hardware company. Judges are now being selected and will be announced in the near future.

The ten prize groups, offering real incentive for cake bakers to enter this contest, are as follows: First Prize. A beautiful Hotpoint Electric Percolator. Courtesy of the California Oregon Power company.
