The class enjoyed group singing greatly, and Mrs. Doran accompanied by Miss Doran gave some special music. The lesson covered the book of Leviticus and brought out the person and work of Jesus Christ as revealed in Leviticus. The following are two of the outlines used in developing the lesson.

The sacrificial work of Christ, as shown in the offerings: God, burnt offering; man's view, consecration; God's view, Christ offering Himself without spot to God.

God, meal offering; man's view, service; God's view, the man, Christ Jesus.

God, peace offering; man's view, fellowship; God's view, Christ enjoyed by the believer in communion with God.

God, sin offering; man's view, victory; God's view, the sin bearer.

God, trespass offering; man's view, salvation; God's view, the sin bearer.

Man
Man's view is up to God and so he must start with the trespass offering which gives salvation through the sin bearer, and ascend through each of the various offerings. God's view is down and he sees the work of Christ as covering the sins and trespasses of man and through Christ man is able to enter into fellowship and service and consecration to God.

Barre-Hill Sings Here on Monday

"One of the most important secrets in learning an opera role lies in mastering the art of forgetting," according to Barre-Hill, young Chicago Civic Opera baritone, who arrived here Thursday night to appear in concert Monday evening at 8:15 o'clock at the high school auditorium.

In an interview describing his meteoric rise to fame, the famous singer put much weight upon his ability to erase from his mind in a moment all thought of a performance once it is over.

The very second the final curtain falls, Barre-Hill immediately turns to thoughts of his next role. He will appear on the stage here at 8:15 o'clock Monday and all members of the music association are urged to be in their seats at that time as no one will be seated during a number.
