PREJUDICE PLEAS BY TWO MORE

Comment on the Day's News

By FRANK JENKINS
S UPPOSE you are a wheat farmer and that five years ago you borrowed a thousand dollars.

THESE simple illustrations will give you an idea of one of the big problems of readjustment during hard times.

IN THE last hundred years or so, we have made many advances in the way of use of money and credits.

HERE is a little story illustrating what happens in good times, and illustrating also why the cost of government grows.

A forest ranger having to have a clerk in order to get out his reports in other words, to take care of the red tape required by government regulations!

THIS writer, who likes to imagine that he is a rather busy person, used to punch a button for a stenographer when there was correspondence to be answered.

Business men make these readjustments for themselves. Government makes them only when it is FORCED to do so by pressure of public opinion.

HERE is an interesting bit of philosophy offered by Mr. Thompson:

RED TAPE, both in private business and in government, you see, is one of the things that people acquire in good times.

When things were running smoothly, men who are running their own business, and who have to find the money with which to pay their bills, sluff off the red tape just as naturally and easily as really red blooded city men sluff off city ways when they get out into the woods--and after they get used to the new

MRS. MARTIN AND FATHER DECLARE DUNCAN IS BIASED

Catspaw of Banks in Good Government Congress Organization Charged With Riot and Syndicalism

James D. Gaddy and Earl Bryant, both of Jacksonville, who entered pleas of guilty Saturday to charges of burglary not in a dwelling in connection with ballot theft, were released from the county jail this afternoon.

Henrietta B. Martin, president of the so-called "Good Government Congress" and her father, C. H. Brown, secretary of the organization, freed last Saturday on bonds after a two weeks' stay in the county jail on indictments, this morning filed a motion for a change of judges, and affidavits of prejudice against Circuit Judge W. M. Duncan.

Mrs. Martin stands indicted on two counts, riotous and disorderly conduct in connection with her attempted "buggy whippings" of Leonard Hall, editor of the Jacksonville Miner, and criminal syndicalism. Her father is indicted on a riotous conduct, and slandering a bank charge, both being indictable misdemeanors under Oregon law.

Judge Duncan is expected to return here the end of the week to hear and receive new motions in the ballot robbery cases. It is reported that more pleas of guilty are scheduled. Eight men indicted in the ballot robbery have to date entered guilty pleas, and made statements concerning their roles in the brazen and bunglesome crime.

RUMOR SPREADING TO BE UNPOPULAR IN THIS VICINITY

L. M. Sweet of Beagle, called before the county court last week, denied the presence of the county court, and C. T. Haines, in charge of the audit of the county books, that he had made the statement at a public meeting recently that the "audit was nothing but a whitewash." It was reported to the county court by a number of people that the statement had been made.

Sweet, active in rural political affairs, and defeated at the spring primary for county commissioner, was in front of the court house, when asked to appear before the county court. He then registered an emphatic denial.
